

Our doors are open. Come in. We're expecting you.

Are you a not-for-profit group interested in hosting an activity at A.B. Ellis Public School?

Rainbow District School Board has received Priority Schools Funding this year to invite not-for-profit groups to use this school facility at no charge.

The funding will pay the costs incurred for keeping the school open after hours and on weekends, seven days a week, all year long.

This is good news for you and, more importantly, for the children and adults of our community who may benefit from the services that you provide.

Having free access to the school after hours will enable your not-for-profit group to offer programs at no cost or at a reduced rate.
