To whom it may concern..

As one of the leaders in the arts here in Sudbury, I feel the need to request reconsideration when it comes to removing the French Immersion program from Sudbury Secondary School.

Theatre Cambrian has recently introduced a Francophone component to our season as we see the Francophone community in Greater Sudbury as a vital part of the culture mosaic of our great City. We rely on our educators to help make the francophone culture in our youth stay strong. With removing the French immersion program from Sudbury Secondary School, I fear that we are doing more damage than good.

Let's keep francophone arts and culture strong in Greater Sudbury.

Yours truly..

Mark Mannisto, Executive Director  
Theatre Cambrian
