April 28, 2015

**Important Message for Co-operative Education Employers:**

Secondary school teachers in Rainbow District School Board are currently on strike.

Teachers are not supervising students on placement.

As a result, all Co-operative Education placements for secondary school students in the Rainbow District School Board have been cancelled for the duration of the strike.

Should you choose to have students continue to work for you, please be advised that the school and the Board will not assume any responsibility or liability.

Employers who continue to have students work for them will assume all responsibility and liability, just as they would for any of their own employees.

We appreciate your support of our Co-operative Education program and will resume the supervision of students on placement with you once the strike is over.

Thank you for your patience.
