

## **Student Resources for Self-Directed Study**

### **Name of School**

**For quick access, visit [rainbowschools.ca](http://rainbowschools.ca) and follow the links**

In the event of a labour disruption, it is important that students complete the work they have been assigned and prepare for their final evaluations. Students and parents/guardians should work on the assumption that school will resume and studies will continue.

Students are encouraged to continue their learning through self-directed study. Students are also encouraged to participate in community volunteer hours.

**Please note that self-directed study assignments completed will not be assessed or evaluated.**

### **eLearning Ontario**

Should a strike occur, eLearning courses will be open to **ALL** students for self-directed study. You can access the virtual learning environment at:  
<https://rdsb.elearningontario.ca>

Important: Use Firefox, Safari and Chrome (Do not use Internet Explorer)
