

Barrydownne College

*For students ages 18 to 20
who want to return to secondary school
and earn a high school diploma*

Rainbow Schools
Reaching minds. Touching hearts.

Barrydowne College offers a specialized setting to re-engage students, enhance their secondary school experience and support all learners in achieving their educational goals in a caring, safe, respectful and flexible learning environment.

Welcome back!

Let us help you achieve your high school diploma.

Barrydowne College is a re-engagement school.

Students who did not complete their Ontario Secondary School Diploma (OSSD) have the opportunity to return to Barrydowne College to fulfill diploma requirements at the workplace, college or university level.

In addition to the regular program of compulsory courses in English, Math, Science, Social Sciences and the Arts (Visual Arts and Music), Barrydowne College offers a successful Co-operative Education and Native Studies program.

Barrydowne College is a school within a college.

Dual Credits

Located on the campus of Cambrian College, students have access to many of the Dual Credits offered at the college. Students can engage in a college class, following a college timetable. When successful, they will receive credits towards their high school diploma and their college diploma.

Please refer to the Dual Credits section of the Barrydowne College website for a list of Dual Credits being offered. Visit barrydownecollege.rainbowschools.ca.

Co-operative Education

Co-operative Education allows students to earn secondary school credits while completing a work placement in the community.

As a re-engagement school, Barrydowne College understands that students may require a flexible study environment to earn elective credits. Co-operative Education is an excellent way to gain valuable learning experience outside the regular classroom. Many students have found a career path through placements in early childhood education, welding, carpentry and the automotive sector.
