

September 2016

We realize nights are busy with family events. Please aim to work with your child 4 times a week. These homework activities can be adjusted to fit your schedule and can be completed on nights that work best for your family. You can challenge or support your child by adjusting the tasks as needed.

Homework - 30 minutes a night

Don't forget to read too!

Monday	Tuesday	Wednesday	Thursday
5	6	7	8
Labour Day			
12	13	14	15
19	20	21	22
<p>Read: Read one news article online or in print and discuss the topic with an adult.</p> <p>Writing: Write 3 questions you thought of while or after reading the article. Remember to introduce your topic, add details about the topic, and include a concluding sentence. Don't forget periods and capitals.</p> <p>Math: Multiplication facts: review 4's to 8's. Think about 4 examples of where you would see 100,000 items in real life e.g. people in a football stadium. Try other numbers.</p>	<p>Read: Read for 30 minutes.</p> <p>Writing: Explain how you figured out the order of the numbers below.</p> <p>Math: Put the following numbers in order from smallest to largest: 76 821, 28 100, 76 900, 100,000. Have an adult give you 4 more numbers up to 100,000.</p>	<p>Read: Read for 30 minutes.</p> <p>Writing: What is your favourite season? Why? Remember to introduce your topic, add details about the topic, and include a concluding sentence. Don't forget periods and capitals. Make sure all of your words are spelled correctly.</p> <p>Math: Multiplication: review 9's Addition and Subtraction: a) $3,499 + 5,001 =$ b) $8,923 - 5,402 =$ Have an adult give you 3 more questions.</p>	<p>Read: Read something different. Try a recipe in print or online.</p> <p>Writing: Write about your plans for the weekend. Remember to introduce your topic, add details about the topic, and include a concluding sentence.
