

Request to present at the up and coming public meeting.

I would like to speak about a possible solution to the proposed closure of Wanup public school.

Increase the catchment area for the school.

Implement a before and after school program so that we can enrol the students that have been lost due to the lack of programming.

I understand that some schools as an alternative for Wanup have little green space for the children to play, and that some students are not afforded the outdoor time they need and deserve because of lack of space and overcrowding.

Closing a school that has ample space does not make sense to me.

Value to the student can be realised with the excellent education and right to fresh air and exercise that Wanup can offer.

With regards to surplus space. Wanup public offers a beautiful school that is wheel chair accessible, large classroom space. Beautiful green space.

Thank you for your time.

Shelly Hagglund
