## Vision

We are leaders in learning, inspiring success for all students by reaching minds and touching hearts.

## Values

- ▮ Honesty
- ▮ Respect
- ▮ Empathy
- ▮ Responsibility
- ▮ Integrity
- ▮ Courtesy
- ▮ Resilience
- ▮ Acceptance
- ▮ Courage
- ▮ Co-operation

## Mission

We bring learning to life, enabling students to fulfill their aspirations.

## Priorities

- ▮ Ensure success for all
- ▮ Ensure efficient resource management
- ▮ Promote succession planning

Strategic Directions and the multi-year plan are available on the Board's website:  
[www.rainbowschools.ca/about/StrategicDirections.php](http://www.rainbowschools.ca/about/StrategicDirections.php)

School boards in Ontario are required to produce an Annual Report in accordance with The Education Act. This Annual Report provides highlights of Rainbow District School Board's key activities during the 2012-2013 school year. It also offers an overview of the current Board budget.

# We are leaders in learning.

On behalf of the Board of Trustees, I am pleased to present the 2012-2013 Annual Report for Rainbow District School Board to the Premier of Ontario, the Minister of Education and our many partners in Sudbury, Espanola, Manitoulin Island and Shining Tree.

This publication provides a snapshot of the key activities that occurred throughout the 2012-2013 school year.

More importantly, it is a celebration of student success as we continue to provide programs and services to support learners. It is also a tribute to the dedication of our staff members who foster excellence in our elementary and secondary schools.

Once again, the Board reaffirmed its commitment to all learners in all areas – early learning, special education, First Nation, Métis and Inuit Education, French as a Second Language, character development, equity and inclusive education, and adult education. The Board also continued to nurture parental involvement, promote community use of schools and invest in quality facilities.

In closing, I would like to congratulate students on their achievements and thank parents/guardians and community partners for their support. Every year, we are reminded that it takes a village to raise a child. When we work together, our schools flourish and our students thrive.

We are leaders in learning,  
inspiring success for all students by  
reaching minds and touching hearts.

*Doreen Dewar*

## Rainbow Schools Message from the Chair of the Board

**Doreen Dewar**

Chair

Rainbow District School Board

# We bring learning to life.

This Annual Report tells the story of a school year filled with pride and promise. As each month unfolded, we turned the page on a new and exciting chapter in student success, with the school, the home and the community providing a strong circle of support.

**Norm Blaseg**  
Director of Education  
Rainbow District School Board

Strategic Directions continued to guide our priorities - ensure success for all, ensure efficient resource management and promote succession planning.

The Board Improvement Plan, which is updated annually, provided system-wide strategies to achieve our priorities. School Improvement Plans ensured that measures were implemented to improve learning outcomes.

With the leadership of elected Trustees, Rainbow District School Board delivered excellence in education from the early years to secondary school graduation with positive results.

Students are becoming confident, well-rounded, critical thinkers who are being given every opportunity to fulfill their potential in arts, athletics and academics.

As always, we thank our partners in education for working with us. Students are learning essential skills in all pathways – independent living, work, apprenticeship, college and university. They are also gaining character traits that will enable them to become capable and contributing members of society.

We bring learning to life, enabling students to fulfill their aspirations.

- Trustee Doreen Dewar was acclaimed Chair of the Board in December 2012.
- Trustee Dena Morrison was acclaimed Vice-Chair of the Board in December 2012.

# Ensure success for all Reaching minds.

- ▶ Chris Barclay, a Grade 10 student at Lo-Ellen Park Secondary School, won a first place prize in the Braille Creative Writing Contest sponsored by the Canadian National Institute for the Blind in the Grade 7, 8, 9 Poem category.
- ▶ Grade 8 students from Algonquin Road Public School captured top honours in the group category at the Ontrak 2x4 Innovation Challenge, which tested creativity and woodworking skills.

- ▶ Lively District Secondary School student Alek Luopa and Vice-Principal David Wiwchar received Queen Elizabeth II Diamond Jubilee medals for their humanitarian contributions.

*“Many students from Rainbow Schools have experienced the rewards of humanitarian service by participating in the Light Up Costa Rica initiative which is now being expanded across Canada.”*

Doreen Dewar, Chair

- ▶ Students showcased their analytical and critical thinking skills at the 12th annual Mock Trial Competition where Confederation Secondary School captured the silver medal.

*“It is our hope that these students will be engaged citizens, whose experience of the court process will give them an understanding of important events in the life of the community.”*

Madame Justice Patricia C. Hennessy

- ▶ Jodie Brubacher, a Grade 6 student from Monetteville Public School, captured top honours in the Ontario Ministry of Natural Resources 10th Annual Kids' Fish Art Contest. Her artwork appeared on the 2013 Young Angler's Licence.
- ▶ Four students from Rainbow Schools participated in the Canada-Wide Science Fair in Lethbridge, Alberta - Helen Czapor, Grade 8, R.L. Beattie Public School; Connor Gran, Grade 10, Lo-Ellen Park Secondary School; John Laamanen, Grade 8, Algonquin Road Public School; and Connor MacLean, Grade 8, Algonquin Road Public School. Many honours were earned at the national level.

- ▶ Two Grade 12 students from Lasalle Secondary School were honoured for their writing skills. Laurel Ashick-Stinson won the Influential Women Aspiring Achiever Scholarship. Soheila Homayed won the silver medal in the Wordstock Sudbury Youth Literacy Contest.
- ▶ Darren Foy, a teacher from Algonquin Road Public School, received the Excellence in Teaching Award at the Elementary Level from the Ontario Council of Technological Education.

- ▶ Jessica Marshall, a Grade 8 student at Little Current Public School, was a runner up at the Ontario Royal Canadian Legion Public Speaking Contest.

- ▶ Charles C. McLean Public School teacher Heather Jefkins was named an Honourary UN Peacekeeper for making the Canadian Forces part of her classroom. She received the recognition for her professionalism, dedication and service to the United Nations Mission in South Sudan.

*“I believe that we create excellent citizens when we give them real life opportunities to see not only how our world in Canada works and how our political system gives us all a voice, but also how the rest of the world works and how Canadians make a difference on a global scale.”*

Heather Jefkins, Teacher

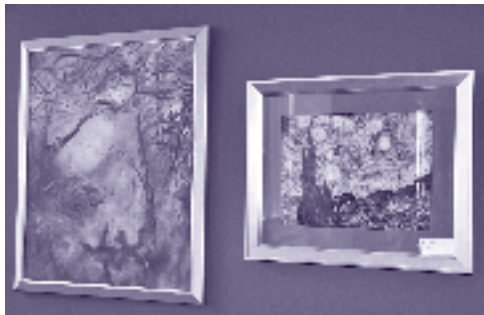

- ▶ Two athletes from Manitoulin Island competed in the Special Olympics World Winter Games in PyeongChang, South Korea from January 29, 2013 to February 5, 2013. Regan Millsap and Kelsey Mellan, who are members of the Manitoulin Special Olympics Snowshoeing Club, both had personal best times in all of their events.

- ▶ Students, choirs and bands from Rainbow Schools were recognized at the Final Concert of the Kiwanis Music Festival. Ruthie Nkut of Lo-Ellen Park Secondary School, the Sudbury Secondary School Star Fire Repertoire Choir, the Lockerby Composite School Intermediate Concert Band, Jake Deeth of Sudbury Secondary School and Alana Sorgini of Lockerby Composite School were recommended to the Ontario Music Festival Association Provincial Finals.

- Lasalle Secondary School partnered with local five-year-old, Tayler Demontigny, for a Walk for Water to raise funds to dig a well in Africa.
- A.B. Ellis students and staff participated in the Terry Fox Run, raising more than \$250,000 in support of cancer research over the past 16 years.

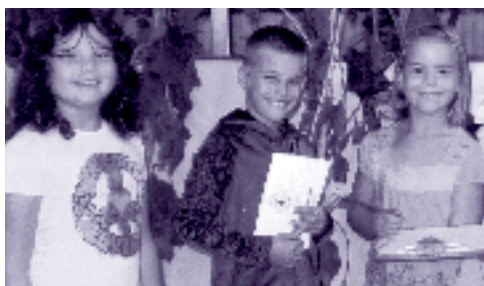

- Student artwork was hung at the Board Office, celebrating artistic talent in Rainbow Schools.
- Lockerby Composite School ranked number one in Canada for blood donations through the Canadian Blood Services' Young Blood for Life program.

*"We will continue to support blood donor clinics and lead by example for other schools in our community and across Canada."*

Heather Gaffney, Principal

- Churchill Public School participated in its fifth CIBC Run for the Cure for breast cancer research.

- Central Manitoulin Public School hosted its 100th Anniversary Fall Fair, with the community and school working together to celebrate the area's agricultural heritage from generation to generation.
- Carl A. Nesbitt Public School hosted a Water Walk to raise money for Pimbiniyet, Kenya, a Free the Children/Sudbury Minga for Maasai project.
- Lockerby Composite School continued a long-standing tradition with the Kids Caring for Kids Cancer Drive which has raised \$600,000 for the Northern Cancer Foundation in 17 years.

## Ensure success for all Touching hearts.

*"Music education encourages creative and critical thinking, and fosters an overall appreciation of the arts. Music also improves self-esteem and confidence, and promotes the development of teamwork."*

Norm Blaseg, Director of Education

- Princess Anne Public School celebrated Thanksgiving with a Fall Harvest Feast.
- C.R. Judd Public School collected non-perishable food items for the Capreol Bread and Roses Food Bank.

- Board Office employees donated \$1,880 to the Independent Living Resource Centre.
- Students at Carl A. Nesbitt Public School assembled shoeboxes with gifts for children from needy families.
- MacLeod Public School raised \$3,009 for the Elgin Street Mission thanks to generous donations to the Mitts for Mission campaign.
- Kindergarten students at Alexander Public School counted pennies for the Health Sciences North Pennies For Pediatrics campaign.

*"The Kindergarten students at Alexander enjoyed the opportunity to raise funds for other children while practicing their counting."*

Jacques Mantha, Principal

- Newcap Radio, owners of Rewind 103.9 FM and Hot 93.5, donated \$7,500 to the Joan Mantle Music Trust - their fourth donation as part of a multi-year commitment through their Canadian Content Development initiative.

*"We welcome this opportunity to help nurture our next generation of musicians and look forward to supporting the trust in the years ahead."*

Rick Tompkins

Director of Programming, Newcap Radio

## Ensure success for all Early Learning

- ▶ Rainbow District School Board introduced the Early Learning Program for four and five-year-olds at eight more schools in the fall of 2012 - Algonquin Road Public School, Charles C. McLean Public School, Cyril Varney Public School, Little Current Public School, Monetville Public School, Northeastern Elementary School, Redwood Acres Public School and R.L. Beattie Public School.
- ▶ To date, 1,199 children are enrolled in the Early Learning Program, which will be fully implemented in Rainbow Schools by September 2014. In the meantime, all families continue to have access to full-day Junior and Senior Kindergarten.

- ▶ Rainbow Schools hosted Kindergarten information sessions for children and parents in January 2013. Children visited classrooms and participated in fun activities.
- ▶ All Rainbow Schools offered a Welcome to Kindergarten (WTK) orientation session. Children and families connected with Kindergarten/Early Learning teachers, early childhood educators, school personnel and staff from community agencies.

# Self-regulation The cornerstone of early learning

**In early learning, children are provided with many opportunities to identify and solve problems within their own classrooms.**

Taking a huge ball of play dough, the teacher invited a child to join her. As the teacher created a figure, she began talking aloud about how much she loved working with the cinnamon scented dough.

The child she invited to play said he wanted to make a dinosaur. After a few minutes of the teacher working silently as the children

Darlene Villeneuve, an Early Learning-Kindergarten teacher at Redwood Acres Public School, describes how she and Early Childhood Educator, Brigitte Labrie, used an opportunity that presented itself in the classroom to work on self-regulation. Being able to control emotions, behaviour and attention in a group is a building block for success in learning and in life.

“During play, we noticed children saying: ‘That’s not fair!’ As adults, we could easily step in and tell children what to do in order to make a situation fair. But would that solve the problem? Would the children understand what fair means?” they asked.

Instead of stepping in, the educators presented the children with scenarios they encounter each day during play. They gave them an opportunity to talk as a group and create their own interpretation of what is fair.

observed, they exclaimed: “Hey! That’s not fair!”

The teacher asked how she could be fair, and the children responded that she needed to give the child some dough. The teacher gave the child a small piece and continued working. Once again the children protested. “That’s still not fair. He needs to have half.”

The children decided that fair means sharing, fair means listening to your friend and fair means giving the other person half of the dough.

“How often do we as adults want to step in to help children complete a task or solve a problem?” says Superintendent Sharon Speir. “Observe and listen. You will soon discover that young children not only want to solve problems on their own, they can solve problems on their own.”

# Challenge Meet celebrates differences

Every year, students with special needs gather at the Laurentian University Community Track to participate in races, high jump, long jump, softball throw, shot put, and other track and field events.

Adds Special Education Resource Teacher Coleen Eberlein: “At the meet, we had the chance to see Stella just being a kid - laughing, excited, confident and having fun with the other kids. For Stella, it gave her the opportunity to feel important and valued.”

Staff, parents and volunteers join with them to celebrate their victories.

“The pictures of Stella McGregor that were taken at the Challenge Meet during her race, capture her enthusiasm and her love for life,” says Special Education Resource Teacher Jennifer Harvey of Churchill Public School. “Stella is always a happy, cheerful, affectionate young girl. The Challenge Meet gave her a chance to shine, surrounded by people who love her.”

Members of the special education team at Churchill Public School, including parents, educational assistants, teachers and administrators, look forward to the Challenge Meet. “It really is one of the best days of the school year,” says Superintendent Sharon Speir.

“I would like to thank the many staff and community volunteers who came together to make this wonderful event possible,” she says. “I would also like to congratulate the many participants for their competitive spirit. It is always a pleasure to cheer them on.”

## Ensure success for all Special Education

- ▶ Staff received training to develop personalized Individual Education Plans (IEPs) with meaningful goals and effective strategies.
- ▶ Training on an assessment, monitoring and reporting tool was provided to support teachers in developing IEPs to assess achievement in alternative areas.
- ▶ Explicit programming was offered to support students who struggle with reading. Students at all elementary and secondary schools were given access to Lexia, a technology based reading program, for use at school and home.
- ▶ School teams met regularly to develop and implement transition plans for children entering school.
- ▶ Staff received professional learning on self-regulation in children, the effects of stress, and the impact on achievement.
- ▶ Agencies and Rainbow District School Board staff who provide speech and language services created an Integrated Speech Language Experience model piloted at one elementary school.
- ▶ Students with special needs had access to iPads for educational use.

## Ensure success for all First Nations, Métis and Inuit Education

- ▶ The First Nation Advisory Committee as well as youth leaders, families, communities and FNMI staff continued to be consulted in the development and delivery of programs and services for First Nation, Métis and Inuit students in Rainbow Schools.
- ▶ Cultural Standards were developed to support schools in ensuring that First Nation, Métis and Inuit students, families and communities have a positive and successful educational experience.

- ▶ Elder Stan Peltier visited many schools to deliver cultural workshops. His teachings help students, staff and the community better understand Aboriginal perspectives.
- ▶ Native Studies continued to be offered in most secondary schools.
- ▶ Ojibwe Language was offered in 13 elementary schools and seven secondary schools, including the N'Swakamok Native Alternative School.
- ▶ Ten students achieved their high school diploma through the N'Swakamok Native Alternative School. Many students received numerous awards for their accomplishments.
- ▶ Students from the Aboriginal Youth Leadership Group continued to meet to offer their ideas and perspectives on FNMI initiatives. They also took part in cultural learning opportunities to better understand the history of Aboriginal people as well as current events happening around the world as it relates to Indigenous people.

# FNMI perspectives infuse the curriculum

**In the Anishinaabe oral tradition, the child is the centre of the universe, supported by family, community and nation.**

This circle provides the framework for the Aboriginal Perspectives curriculum being implemented in Grades 1 to 8.

“Rainbow District School Board recognizes the importance of embedding First Nation, Métis and Inuit (FNMI) histories, beliefs, worldviews and languages into the curriculum for the benefit of all students,” says FNMI Principal Kathy Dokis. “When we include these components into our daily teaching practices, it creates mutual respect and builds understanding.”

She adds: “Students who are First Nation, Métis and Inuit see themselves represented in the curriculum. Their families feel more connected and valued in the education system.

This results in increased student confidence, engagement, attendance and overall success.”

What does this look like in the classroom? Elders share teachings; students build tipis, participate in powwows and drumming, create wampum commitment strings, and learn Ojibwe; books with Aboriginal content are part of read-alouds and shared reading; and students engage in conversations about people who are Aboriginal to build an understanding of their historical and current significance in Canada.

Whole class, small group and individual activities tap into all four aspects of the learner as reflected on the medicine wheel – emotional, mental, physical and spiritual.

## Ensure success for all Literacy and Numeracy

- ▶ During the 2012-2013 school year, significant gains in reading and writing were made at the Junior level, where the Board recorded its best results ever in Education Quality and Accountability Office testing (EQAO). Primary reading and writing remained relatively stable.
- ▶ A total of 71 per cent of Grade 6 students achieved at or above the provincial average in reading (up by three percentage points) and 68 per cent of students achieved at or above the provincial average in writing (up by four percentage points). Primary and Junior math results followed provincial trends, with fewer students ranking in levels 3 and 4.
- ▶ Interested Rainbow District School Board educators responsible for teaching elementary mathematics received funding to enroll in the Laurentian University on site Mathematics Part One Additional Qualification course.
- ▶ Elementary teachers engaged in Collaborative Inquiry to support math learning in their classroom.
- ▶ Principals engaged in discussion about specific instructional strategies.
- ▶ All Junior/Intermediate French Immersion teachers were involved in co-learning sessions and engaged in professional learning with a focus on authentic, spontaneous action oriented tasks.
- ▶ In identified schools, an Early Reading Intervention teacher worked with struggling Grade 1 students in the regular program to develop effective reading and writing strategies.
- ▶ Students in Grades 1 and 2 from a variety of schools participated in a literacy, numeracy or Aboriginal summer learning program. The program was supported by the Council of Ontario Directors of Education and was hosted in both Sudbury and on Manitoulin Island.

# Mental Math It all adds up

**Doubles, make ten, friendly numbers and partial products. These are some of the mental math strategies being used by students in Rainbow Schools.**

“Mental math is the math we are most likely to use in the real world whether we’re shopping, cooking or banking,” says Superintendent Lesleigh Dye. “Mental math helps students develop fact fluency.”

All teachers from Grade 1 to 8 engage students in mental math mini-lessons for 5 to 10 minutes on a daily basis. Students are encouraged to consider the numbers in order to select an appropriate and efficient strategy.

For Isabelle Mayer of Redwood Acres Public School, mental math means “figuring out numbers quickly.” Adds classmate Andrew Lanctot: “It’s figuring out addition and subtraction, multiplication and division. It is important because you will know all of them and you will have all of the answers.”

“With mental math, students are feeling more confident than ever,” says Consultant Sheridawn Maloney. “Mental math is ensuring all students develop strong number sense and the ability to work flexibly with numbers. These skills support them in problem solving.”

“I’m enjoying our daily mental math mini-lessons,” says Monique Trottier of Lansdowne Public School. “Mental math allows me to understand how my students think mathematically. I’m seeing growth with all of my students. That brings me much satisfaction as a math teacher.”

# Best ever results in applied math pathway

Rainbow students in applied mathematics exceeded provincial percentages in how they responded to two key questions on the EQAO survey: *I like mathematics. I am good at mathematics.*

And it showed. Rainbow District School Board recorded its best ever EQAO results in Grade 9 applied math during the 2012-2013 school year.

A total of 43 per cent of applied students achieved at or above the provincial standard (up by two percentage points). Gains were also made at the academic level with 75 per cent of students achieving at or above the provincial standard (up by two percentage points.)

“Rainbow schools have heightened their focus on mathematics teaching, leading and learning,” says Co-ordinator Cheryl Geoghegan. “Classrooms are rich with manipulative resources, engaging hands-on tools and technology. Teachers are using a striking picture, an intriguing video or a physical model to bring mathematics to life.”

“Students have gained a great deal of confidence and are better able to identify areas they struggle with because of the use of mini-assessments,” says Heather Boychuk, Program Leader of Mathematics at Lasalle Secondary

School. “By tracking progress, we are better able to meet the individual needs of students early in the learning process. Students get immediate feedback and, as a result, they perform better.”

Teachers continue to build responsive mathematics learning environments to support different learning styles. They examine assessment practices and help students set goals. They also share effective strategies using an inquiry-based approach in order to make mathematics meaningful and engaging.

“An increasing number of elementary schools are participating in Mathematics Learning Cycles that bring Grade 7 and 8 teachers together with secondary teachers in each family of schools,” says Student Success Leader Judy Noble. “The rich dialogue and collaboration within these team sessions is reflected in the positive results.”

## Ensure success for all Literacy and Numeracy

- ▶ Rainbow District School Board had its highest participation rate in the last five administrations of the Ontario Secondary School Literacy Test (OSSLT) in 2012-2013. Seventy-four percent of students were successful.
- ▶ Job embedded professional learning for teachers focused on the sharing of best practices in differentiated instruction and assessment. The Adolescent Literacy Guide was a focus of teacher professional learning in each of the intermediate learning cycles. The guide shows teachers how to infuse literacy into all subject areas.
- ▶ Learning Cycles, Co-teaching and Framework Schools are three of a number of strategies that continue to have a positive impact on student success.
- ▶ In Learning Cycles, teachers work in teams to focus on the needs of their students. Special attention is placed on assessment for learning and differentiated instruction strategies. Teachers monitor student learning over time and adjust strategies to support growth.
- ▶ Co-teaching is a professional learning strategy that involves a group of teachers working together to plan a lesson based on curriculum expectations and student needs, co-teaching the lesson and co-reflecting on the lesson and planning the next instructional steps.
- ▶ Framework Schools receive additional support for professional learning in the area of literacy and numeracy. Teachers at seven elementary schools and three secondary schools received release time to work with a consultant or co-ordinator. A team of principals, superintendents and federation representatives visited these schools in the fall and spring to provide ongoing feedback and support.

## Ensure success for all Supporting Student Wellness

- ▶ The SPARK fitness initiative was expanded to five schools in 2012-2013 – A.B. Ellis Public School, Queen Elizabeth Public School, Lansdowne Public School, Northeastern Elementary School and Princess Anne Public School. Students received 45 minutes of physical fitness three times a week for six weeks. The fitness activity preceded a literacy or numeracy block. The program resulted in increased levels of fitness, healthier students with a better self-image, improved academic results, increased staff/parent/community engagement, healthier lifestyle choices, and a reduction in office referrals and absences.
- ▶ A school based mental health project continued in three secondary schools in partnership with the Child and Family Centre. Mental health counsellors worked with students to address moderate to low-risk mental health concerns.
- ▶ In 2012-2013, Rainbow District School Board received funding for a dedicated full-time mental health leader. Dr. Amber Perry was selected to oversee and develop the Board's mental health strategy.
- ▶ Two mental health nurses were provided by Community Care Access Centre to assist with the identification and early intervention of mental health needs and close service gaps for vulnerable children and youth. These nurses, while open to receiving referrals from all schools, worked regularly out of 10 prioritized schools.

*“This integrated approach, with the health care and education sectors working together, will be an important step in addressing the needs of students. With support, students will be better prepared to succeed in school.”*

**Norm Blaseg, Director of Education**

# Play puts mental health in the spotlight

**When *Black Dog: 4 Against the World* hit the stage at the Sudbury Theatre Centre, it brought a sensitive subject into the spotlight – teen and pre-teen mental health.**

Matthew Heiti, a graduate of Sudbury Secondary School, wrote the play while former drama teacher Judi Straughan directed the play. As the audience watched events unfold live on stage, there were film sequences in the background produced by filmmaker Greg Tremblay, another Sudbury Secondary School graduate.

“This provocative play delved into the world of mental illness experienced by so many young people,” says Director of Education Norm Blaseg.

“Statistics show that one in five Ontarians are affected by mental health problems. It is certainly a topic that we need to bring out into the open,” he adds. “Awareness is the first step towards building understanding and a strong network of support.”

The entire cast for the play was made up of Sudbury Secondary School students who were selected through an open casting call - Morgan St. Onge, April Perrin, Jake Deeth, Michael Boyce and Christian Williams, who composed the central piece of music for the play.

Grade 12 visual art students created drawings inspired by the sketches of one of the characters. They were asked to visually interpret the various meanings of the black dog in the production and were challenged to work large and expressively, using high contrast and a strong point of emphasis so that the results would be both aesthetically appealing and dramatic.

*Black Dog: 4 Against the World* will be staged again in 2013-2014, bringing its powerful message to a broader audience.

# Welcome back to Barrydowne College

Since opening in September 2011, approximately 600 students have returned to Barrydowne College to complete their diploma. More than 100 students have graduated.

Located at Cambrian College, this school within a college gives students an opportunity to earn credits at their own pace under the guidance of teachers.

“We honour every student’s learning style, needs and pathway by offering a specialized setting to re-engage students, enhance their high school experience,

and support all learners in achieving their educational goals,” says Principal Maureen McNamara. “We believe that all students are capable of achieving their Ontario Secondary School Diploma (OSSD).”

“You have ownership over how you progress,” adds student Charity Langemann. Barrydowne College has encouraged her to “be more responsible and be independent.” What advice would she give other 18 to 20-year-olds looking to earn high school credits? “Do not procrastinate. Come back to school and complete your OSSD while you can.”

## Lights. Camera. Action. Focus on SHSMs

Students in Confederation Secondary School’s new Specialist High Skills Major (SHSM) in Information and Communications Technology are gaining knowledge and skills in the film industry.

They are also benefiting from hands-on learning experience through Co-operative Education placements and outreach

activities, while meeting the requirements of the Ontario Secondary School Diploma (OSSD).

As part of the SHSM, Confederation Secondary School received a \$67,000 grant from the State Farm Youth Advisory Board to introduce a *Students in Media* project.

The funds were used to purchase video equipment to create a functional Internet based television station and to establish a state-of-the-art recording space.

## Ensure success for all Literacy and Numeracy

- ▶ The Co-operative Education program continued to grow, with 875 participants during the 2012-2013 school year.
- ▶ Summer Co-op students earned 224 credits. Many of these students were completing the Co-op component for their SHSM.
- ▶ The Ontario Youth Apprenticeship Program (OYAP) was the focus of an awareness campaign to promote the skilled trades.
- ▶ A total of 1,109 elementary and secondary students took part in 30 presentations delivered by Skills Canada - Ontario. Students also attended the Skills Work for Women Networking Luncheon, the Skills Canada Young Women’s Conference and the Skills Canada Summer Camp.
- ▶ Co-operative Education students in skilled trades placements earned Co-op credits, learned trade related skills and logged hours in a skilled trade. Many registered as apprentices while working towards the completion of an OSSD.
- ▶ In 2012-2013, Rainbow District School Board offered SHSM programs in nine sectors – Arts and Culture, Business, Construction, Energy, Environment, Health and Wellness, Information and Communications Technology, Manufacturing, and Mining. Each SHSM is a bundle of 8 to 10 courses in the selected field. Students learn on the job and can earn valuable industry certifications.

“When students make the connection between the classroom and the world of work, learning becomes relevant. Students can see themselves in these careers. This inspires them and opens doors for their future.”

Pablo Gil-Alfau, Principal  
Confederation Secondary School

## Ensure success for all Arts and Athletics

Assinack Public School launched an instrumental music program for Grade 7 and 8 students.

Rainbow District School Board's secondary schools continued to benefit from the Joan Mantle Music Trust. All secondary schools have been allocated funds from the Trust since its inception in 2008.

Elementary educators participated in dance workshops.

Students showcased their artistic talents in a professional venue in Emergence, an art show for secondary schools hosted by the Art Gallery of Sudbury.

### OFSAA Honour Roll

#### GOLD

**Spencer Allen** - Lasalle Secondary School  
Swimming - Midget boys 50m and 100m freestyle

**Victoria Day** - Lockerby Composite School  
Wrestling - 51 kg weight class

**Ward Kyle** - Lockerby Composite School  
Alpine ski - Level 1 boys giant slalom

#### SILVER

**Tanner Horgan** - Lockerby Composite School  
Track and field - Midget boys shot put

#### BRONZE

**Montana McCulloch, Logan Wilkinson, Lexi Ransom, Caitlyn Kusnierczyk, Cailey Moxam** - Lockerby Composite School  
Alpine Ski Team - Girls Level II giant slalom

# Franco-Rainbow C'est l'fun !

Close to 400 French Immersion and Core French students took centre stage in the newly renovated Sheridan Auditorium at Sudbury Secondary School to participate in Franco-Rainbow.

Franco-Rainbow is one of many authentic experiences that serve to promote the French culture among Core French and French Immersion students.

"Students not only explore French music, they also learn French songs and hone their listening skills," says Director of

Education Norm Blaseg. "In addition, they work in groups, which emphasizes oral communication and team building skills. And they get to practice their French by participating in an activity that is fast-paced and fun that they have chosen."

## Thousands of students enjoy school sports

What do Spencer Allen, Victoria Day and Ward Kyle have in common?

These student athletes from Rainbow Schools competed at the provincial level and brought home gold, earning pride and praise for their school and their sport.

Many more athletic achievements were celebrated in 2012-2013 as thousands of students from Rainbow Schools participated in individual and team sports in the elementary and secondary panels, locally, regionally and provincially.

Involvement in athletics enhances a student's overall education. "School sports teach life lessons and values such as citizenship, sportspersonship, teamwork and work ethic," says Superintendent Bruce Bourget.

"It also encourages students to be physically active, which promotes a sense of well-being."

He adds: "Student athletes in Rainbow Schools enjoyed a very successful year in athletics thanks to the commitment of dedicated administrators, program leaders, teachers and community volunteers."

# A balanced budget

Rainbow District School Board approved a balanced budget of \$172 million for the 2013-2014 school year at the Board meeting on July 2, 2013.

The Board significantly reduced its ongoing expenditures in recent years. These savings, coupled with the declining enrolment grant, enabled the Board to align expenditures to meet revenue.

A balanced budget was achieved while continuing to invest in programs for students, such as full day, every day Junior Kindergarten. The Board also remained committed to the revitalization of Rainbow Schools, including the construction of the new MacLeod Public School.

Ongoing declining enrolment has resulted in less revenue for programs and services. While the Board received \$1.6 million to mitigate the loss, total provincial grants decreased by \$3.6 million or two per cent overall.

Seventy-six per cent of the budget or \$130 million has been allocated to salaries and benefits.

The total staffing complement for 2013-2014 represents a full-time equivalent of 1,528 employees, a net reduction of 38.75.

“On behalf of the Board, I would like to thank everyone who provided input in the 2013-2014 budget – not only on possible program and service enhancements, but also on ways and means of achieving ongoing savings as we continue to experience the impact of declining enrolment,” says Superintendent of Business, Diane Cayen-Arnold.

“As we look ahead, it will remain important that we continue to welcome as many students as possible into Rainbow Schools,” she says. “As always, we thank our staff, parents and partners for working together to ensure that Rainbow Schools remain vibrant for years to come.”

Ensure efficient  
resource management  
Budget 2013-2014

## Enrolment At a Glance

- ▶ Rainbow District School Board had 13,762 students on October 31, 2013.
- ▶ In the elementary panel, enrolment totalled 8,571 students including 6,099 in the English Program and 2,472 in the French Immersion Program.
- ▶ In the secondary panel, enrolment reached 5,191 students, including 4,576 in the English Program and 615 in the French Immersion Program.
- ▶ A total of 812 children entered Junior Kindergarten in Rainbow Schools.
- ▶ A total of 867 children enrolled in Senior Kindergarten.
- ▶ A total of 1,062 students registered for Grade 9.
- ▶ Enrolment is calculated as full-time equivalents.

# 2013-2014 Budget Process

Inclusive. Comprehensive. Focused on accountability.

## Public Input

Long before budget discussions begin, the Board invites the community to provide input.

School Councils, principals, teachers, unions and the public at large are given an opportunity to share their ideas in keeping with Board priorities, not only on possible program and service enhancements, but also on ways and means of achieving ongoing savings as the Board continues to experience the impact of declining enrolment.

Ideas are reviewed and, as appropriate, forwarded to the Board for consideration as part of the budget process.

Rainbow District School Board thanks all those who provided valuable input.

## Starting Point

The 2012-2013 expenditure budget was used as the base for the 2013-2014 budget, adjusted:

- ▶ to exclude one-time budget allocations
- ▶ to include inflationary pressures such as increased utility costs
- ▶ to include contractual/statutory increases due to collective agreements
- ▶ to reflect the impact of enrolment projections on staffing
- ▶ to allow for the implementation of the 2013-2014 Special Education Plan

The 2012-2013 revenue budget was used as the base for the 2013-2014 budget, adjusted:

- ▶ to reflect 2013-2014 funding from the Province based on projected enrolment

## Did you know?

The Province of Ontario determines funding allocations for school boards.

Funding is provided by the Ministry of Education through a series of grants.

When approving its budget, Rainbow District School Board must work within the funding limitations established by the Province.

School boards must balance their budgets on an annual basis.

School boards are mandated to deliver curriculum/programs to students within the funding provided by the Province.

For more information about the 2013-2014 budget, please contact Rainbow District School Board,  
69 Young Street, Sudbury, Ontario P3E 3G5 | Tel: 705.674.3171 | Toll Free: 1.888.421.2661 | Fax: 705.674.9112

## Rainbow Schools

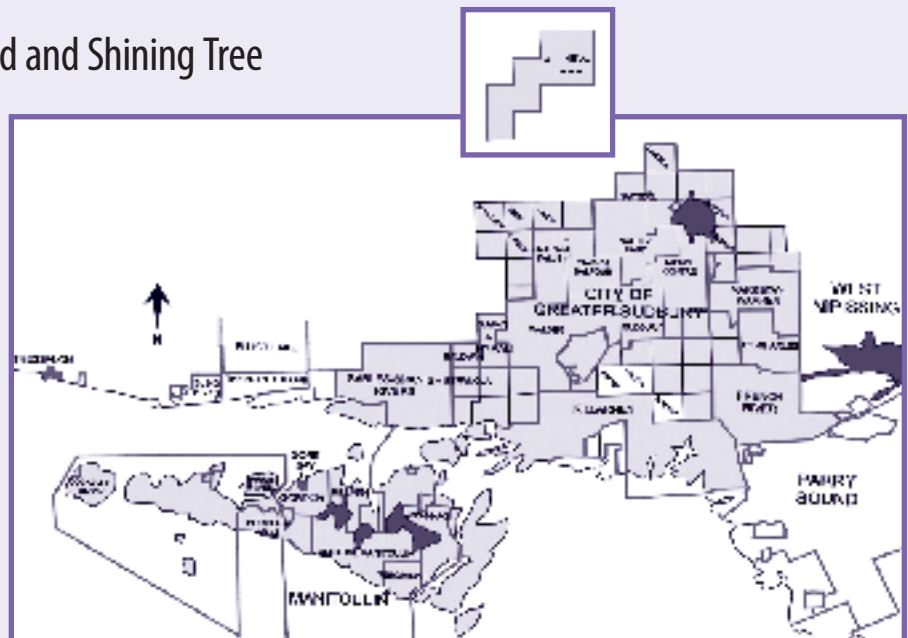

### Sudbury, Espanola, Manitoulin Island and Shining Tree

Rainbow District School Board provides quality education to students in Sudbury, Espanola, Manitoulin Island and Shining Tree in 35 elementary schools and 9 secondary schools.

The Board also operates other educational programs – Barrydowne College, Cecil Facer Secondary School, Frank Flowers School, N'Swakamok Native Alternative School and the Ruth MacMillan Centre.

In Rainbow Schools, programs focus on student success from Junior Kindergarten to Grade 12 in English and French Immersion.

Quality programs, caring teachers and a nurturing environment with a focus on character development make Rainbow Schools great places to learn.

Rainbow District School Board covers a geographic area of more than 14,757 square kilometres in Sudbury, Espanola, Manitoulin Island and Shining Tree.

# Overview

- ▶ The 2013-2014 budget reflects a decrease of 12 elementary teachers, 20 secondary teachers, two school administrators, 9.5 Educational Assistants and two other positions due to attrition.
- ▶ The budget reflects an increase of six Designated Early Childhood Educators for the ongoing implementation of the Early Learning Kindergarten Program and one leader in mental health.
- ▶ In 2013-2014, the Province allocated an additional \$5.6 million for Phase 4 of the Early Learning Program. The Province has also provided \$163,000 in capital funding for equipment and minor renovations to support Early Learning.
- ▶ The Early Learning Program was introduced at four more schools in the fall of 2013 - Alexander Public School, Copper Cliff Public School, MacLeod Public School and Valley View Public School.
- ▶ Full day, every day Junior Kindergarten will continue to be offered until Early Learning is implemented in all schools in 2014-2015.
- ▶ The Board remains committed to the revitalization of Rainbow Schools, providing the best programs possible in quality school facilities. This includes the construction of the new MacLeod Public School, the Board's third green school, which will open for full occupancy in the fall of 2014. Churchill Public School will be expanded to include a new 5,000 square foot gymnasium. The old gymnasium will be converted into two Early Learning Kindergarten classrooms.
- ▶ The budget reflects significant savings in the cost of utilities. Capital projects (including energy retrofits, the renewal of schools, the construction of two new green schools, and the revitalization of Sudbury Secondary School) coupled with declining enrolment have resulted in a decrease in electricity, gas and water consumption.
- ▶ The portion of a student's enrolment over the 34-credit threshold will be included in a new high-credit day-school enrolment category, funded at the Continuing Education rate.
- ▶ The Ministry of Education intends to consult with school boards on ways to improve accountability for the use of grants, in particular special purpose funding targeted to advance student achievement.
- ▶ The budget includes a one-time investment to expand the SPARK fitness initiative to five schools and allocate a .25 Vice-Principal to MacLeod Public School during the construction of the new school. Dollars were also allocated to support governance.
- ▶ The budget reflects a decrease in health and safety equipment and training. More staff members were certified in the 2012-2013 school year. Key projects were also completed.

## Personnel Complement

Our human resources are our greatest asset.

*Teaching and non-teaching staff bring their individual and collective experience to the Board, making Rainbow Schools great places to learn.*

Rainbow Schools - Personnel	Actual 2012-2013	Budget 2013-2014
<b>Teaching</b>		
Elementary Schools	568	555
Secondary Schools	381	361
<b>Non-teaching</b>

<b>Subtotal Provincial Funding</b>	<b>160,549,000</b>
i. Education Programs / Other	6,858,000
<b>Total Provincial Funding</b>	<b>167,407,000</b>
j. First Nations Tuition Fees	4,052,000
k. Reserve Funds	350,000
l. Miscellaneous	304,000
<b>Total revenue</b>	<b>\$172,113,000</b>

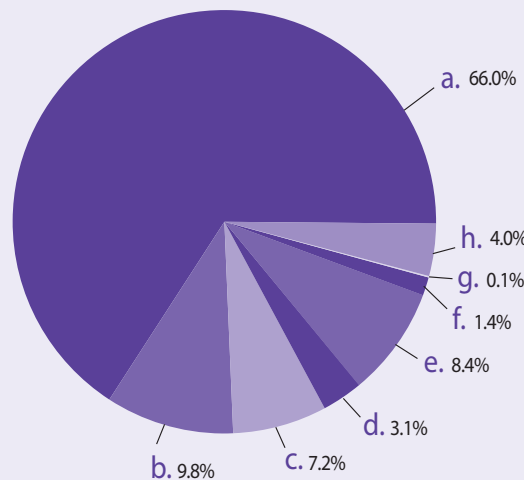

# Expenditures: What Goes Where

How the Board allocates its budget to have the greatest impact on the classroom.

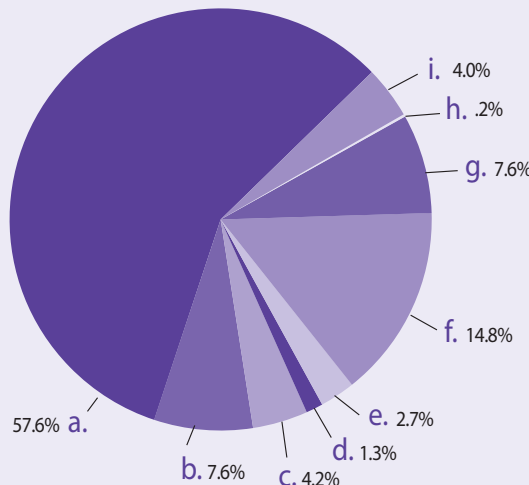

## Expenditures by Object:

a. Salaries	\$113,518,000
b. Employee Benefits	16,906,000
c. Supplies and Services (including professional learning)	12,439,000
d. Capital and Replacements	5,326,000
e. Fees and Contracts	14,496,000
f. Debt Charges	2,432,000
g. Other	138,000
h. Education Programs / Other	6,858,000
<b>Total expenditures</b>	<b>\$172,113,000</b>

## Expenditures by Function:

a. Instruction	\$99,061,000
b. School Management	13,116,000
c. Student Support Services	7,276,000
d. Teacher Support Services	2,291,000
e. Administration and Governance	4,696,000
f. Pupil Accommodation	25,481,000
g. Transportation	13,056,000
h. Other	278,000
i. Education Programs / Other	6,858,000
<b>Total expenditures</b>	<b>\$172,113,000</b>

## Expenditures by Function

- a. Instruction:**  
Money spent directly in the classroom, on teachers and textbooks.
- b. School Management:**  
Principals, Vice-Principals, School Secretaries and office supplies.
- c. Student Support Services:**  
Computer Technicians, Library Technicians, Library teachers and Guidance teachers.
- d. Teacher Support Services:**  
Co-ordinators and Consultants who provide program support to teachers in schools, benefiting all students.
- e. Administration and Governance:**  
Board Office staff as well as trustees.
- f. Pupil Accommodation:**  
The cost to operate, maintain and renovate Board buildings, primarily schools.
- g. Transportation:**  
Student busing to and from school.

# Construction progresses on the new MacLeod Public School

For Grade 4 student Angel Roy, the new MacLeod Public School represents “a fresh start in a new building.” “We are helping the environment too,” says Thomas Breathat, Grade 3.

Architectural rendering by  
JL Richards and Associates Ltd.

It will feature a daycare for preschoolers as well as a Best Start Hub. The play area for children will be expanded to approximately 174,000 square feet.

“I am glad we are moving into a new school because all of the classes and grades will be together in one building. It will be fun to see all of the younger kids again,” adds Jazmyn Johns, Grade 3.

Construction of a new green school on the MacLeod Public School site began in the spring of 2012. The school will have a displacement ventilation and heat recovery system, radiant floor heating, high insulation values in windows, walls and floors, and energy efficient plumbing and lighting fixtures. The roof will allow for the installation of solar panels at a later date.

The new MacLeod Public School will accommodate approximately 600 students from JK to Grade 8 in approximately 60,000 square feet.

“We are eagerly anticipating the opening of our new school which will provide exceptional learning facilities for children and families in the south end of Sudbury,” says Principal Michelle Walton. “Our new green school will be ready for full occupancy in September 2014.”

“I am looking forward to having fully functional water fountains and even a handy dandy water bottle filler,” says Dylann Mazzuchin, Grade 6. “I think it will be cool to have other schools come for competitions in our new, clean, green gym,” adds Maeve Caddel, Grade 4. “It is so exciting!” enthuses Kameryn Van Wallegham, Grade 3.

## Ensure efficient resource management Revitalization of Rainbow Schools

- ▶ The curtains at Sudbury Secondary School’s newly renovated Sheridan Auditorium opened for the first time with the presentation of *Dear Edwina* in December 2012. Those who attended the play experienced the new seats, new stage and new lighting while enjoying a top-notch performance.
- ▶ Algonquin Road Public School welcomed students from Long Lake Public School and Wanup Public School. An addition of approximately 9,000 square feet accommodates six classrooms, new washrooms, a new gymnasium, a library and a music room. The existing building was retrofitted and the playground area was reconfigured.
- ▶ A 4,000 square foot addition was completed at R.L. Beattie Public School with three classrooms, an elevator, new second floor washrooms and a new gymnasium. The existing building was retrofitted, including the installation of ramps to enhance accessibility. Administrative offices were relocated near the entrance of the school.
- ▶ Alexander Public School was renovated to accommodate three new Early Learning Kindergarten classrooms on the ground floor and new washrooms.
- ▶ The Ministry of Education encouraged Espanola area school boards to work together to address student accommodation needs. A recommendation was approved that A.B. Ellis Public School be relocated at Espanola High School, providing the Board receives capital funding from the Ministry of Education to renew the secondary school site to accommodate two schools – JK to Grade 8 and Grade 9 to 12.
- ▶ Water refilling stations were installed in four elementary schools and all secondary schools. The stations will be phased into all elementary schools by 2016.
- ▶ The Green Energy Act Report on Energy Consumption showed that significant savings have been achieved through retrofits and the construction of green schools.

## Ensure success for all Engaging Parents and Student Voice

- ▶ Topics explored at Parent Involvement Committee (PIC) meetings included Transition to Secondary School and the Walking School Bus. Parents also enjoyed an event with guest speaker Allan Johnson. Jennifer Michaud of Walden Public School served as Chair of PIC in 2012-2013.
- ▶ Eleven schools shared in a total of \$10,530 in Parents Reaching Out grants during the 2012-2013 school year.
- ▶ A free Internet Safety Workshop for Parents was presented at Manitoulin Secondary School. A Parent's Handbook was distributed to all workshop participants.

“Our School Council identified Internet safety as a key concern. We are delighted that our School Council sponsored this essential workshop for parents with the support of a Parents Reaching Out grant from the Ministry of Education.”

Laurie Zahnow, Principal  
Manitoulin Secondary School

- ▶ Positive Parenting Program (Triple P) seminars were presented in partnership with local organizations that support children. The three-part series focused on the Power of Positive Parenting; Raising Confident, Competent Children; and Raising Resilient Children.
- ▶ Parents and students continued to have access to two online resources – homeworkhelp.ilc.org (Grades 7 to 10 Math) and FSLHomeworkToolbox.ca (French Immersion and Core French).
- ▶ The Rainbow District School Board's Student Trustee was appointed to the 2013 Minister's Student Advisory Council. Michael Niven of Manitoulin Secondary School, who chaired the Board's Student Senate in 2012-2013, was among the student voices from across Ontario invited to provide input to the Minister of Education.

## Parents support students from Grade 8 to Grade 9

The Rainbow District School Board's Parent Involvement Committee received a Parents Reaching Out Regional Grant from the Ministry of Education Parent Engagement Office.

Parents/guardians and students in Grades 7 and 8 were invited to an interactive information session designed to help students make key decisions in the transition from elementary school to secondary school.

## Stand Up! Speak Out!

The Students Leading Students Conference was presented by the Rainbow District School Board Student Senate.

Guest speakers included Andy Thibodeau on *Share Your Care* and Wes Williams on *Stick to Your Vision*. Both speakers talked about their experience with setting goals and striving to achieve them. The conference brought together approximately 90 students from Rainbow secondary schools.

“We invited students to the conference to help guide them on their way to having a successful career in leadership,” says Michael Niven, Student Trustee with

Funds were used to develop a guide called *Making the Transition: Finding Your Way from Grade 8 to 9* and a series of three video vignettes which were launched at the Transition Evening on November 20, 2012 at Cambrian College.

The information session focused on the changes, challenges and choices students face as they enter high school. A number of topics were explored, including how to read timetables, how to choose courses and programs, how to ease into a new school environment, what resources are available, skills students need to be successful and helpful tips.

Rainbow District School Board and Chair of the Student Senate in 2012-2013. “Our purpose was to give student leaders tools and experience to set them in motion towards achieving the goals and dreams they have for their schools and beyond.”

The Student Senate provides a regular forum for students to come together to network and share ideas.

# Rainbow Schools Dare to Stand Out

Rainbow District School Board hosted its fourth symposium aimed at creating and enhancing school-based supports for students who are gay, lesbian, bisexual, transgender and questioning as well as students with friends and family members in these communities.

The Dare to Stand Out Conference, presented in partnership with Jer's Vision, took place on November 16, 2012 at Lo-Ellen Park Secondary School. The day began with a keynote address and featured a variety of dynamic and engaging activities and workshops.

School leaders, Athletic Council members, School Councils, and Gay Straight Alliances from Rainbow secondary schools participated in the conference along with Grade 7 and 8 student representatives. Leading up to

the conference, Jeremy Dias visited a number of Rainbow Schools to continue the conversation on equity and inclusion.

“The purpose of the conference was to enable students to address issues surrounding homophobia and transphobia in their schools and communities and to brainstorm ways to create safer schools,” says Superintendent Lesleigh Dye. “Participants walked away with tools and resources they could use for the benefit of all students in their schools.”

Promote succession  
planning

## Equity and Inclusion Safe Schools

- ▶ The Equity and Inclusive Education Standing Committee met four times in 2012-2013. The Committee includes trustees, staff, federation and community representatives. Each school has an equity representative.
- ▶ The Committee reviewed results of an equity survey to determine what supports and initiatives could be implemented to ensure that each student and staff member feels safe and included. Work began on a series of equity posters.

- ▶ An information card on *Dealing Directly with Language* was distributed in all schools, classrooms and workplaces in the fall of 2012. Everyone is being encouraged to be a role model in building inclusive schools and workplaces by addressing disrespectful comments and reinforcing the use of appropriate language.
- ▶ Many elementary schools received funds to promote equity and inclusion. At Webbwood Public School, artist Michael Cywink worked with students to create a mural to commemorate National Aboriginal Day, entitled *Who We Are*, and artist Denis Bradette worked with students to create a mural to commemorate National Day of Pink, entitled *Everyone Belongs*.
- ▶ All of the Board's secondary schools have Gay-Straight Alliances.
- ▶ Staff and students in Rainbow Schools wore pink on Thursday, September 13, 2012, as Rainbow District School Board marked its fifth Stand Up Against Bullying Day.

## Board welcomes new employees

**Six Designated Early Childhood Educators joined the Board in September 2013 as Early Learning Kindergarten continued to be implemented in English and French Immersion schools.**

They included, from left, Amanda Deni of Cyril Varney Public School as well as Kim MacDonald and Joanne Gosselin of Valley View Public School.

“All new permanent employees hired throughout the school year participate in the orientation session,” says Director of Education Norm Blaseg. “By coming together, employees get to know each other as they get ready to begin or to continue their respective roles in Rainbow Schools. They also have an opportunity to meet staff who perform a variety of leadership roles in the Board, from the Superintendents to the Managers of the various business departments.”

Topics covered during the orientation session include organization roles and responsibilities, professional conduct, the child abuse reporting protocol,

equity and accessibility, safe schools, email and use of the Internet, workplace safety as well as respectful working and learning environments.

In the elementary panel, three permanent teachers and nine long-term occasional teachers participated in the New Teacher Induction Program in 2012-2013. In the secondary panel, there were three occasional teachers in the program.

Created to help new teachers make a successful transition into the profession, the program paired new teachers with experienced teachers as mentors throughout the year. In addition to mentoring, the New Teacher Induction Program included a series of workshops on topics such as effective planning, classroom management and organization.

Rainbow District School Board paid tribute to dedicated employees and community partners at the Board meeting on May 29, 2013, continuing a rich tradition of honouring excellence.

## Awards for Outstanding Contribution to the Co-curricular Program
