

Advanced Placement at Lasalle

What is Advanced Placement?

The College Board's Advanced Placement Program® (AP®) allows motivated students to pursue university courses while still in high school. It is an enrichment program that offers students an unparalleled challenge with sophisticated material that goes deeper than conventional courses. Students also have the opportunity to earn first year university credits by achieving high scores on standardized AP exams written in May of each year.

AP Courses Currently Offered at Lasalle

- English Literature and Composition
- Calculus AB
- Psychology (September 2019)

Why Choose Advanced Placement?

- Advanced Placement courses offer students the opportunity to experience university rigor, while still in high school. These courses provide a solid foundation for post-secondary studies.
- Advanced Placement courses improve students' writing, problem solving, and time management skills in addition to building confidence - all of which are essential for post-secondary studies and career success.
- Advanced Placement courses give students the opportunity to demonstrate their learning on a standardized exam in May. Students meeting certain score levels on the AP Exam may receive university credit.

More information can be found at the following websites:

Why take Advanced Placement®?

Build skills/confidence

Students build essential skills necessary for post-secondary success, including:

- writing
- time management
- problem-solving
- comprehension

Stand out!

Indicating AP on university applications is a unique qualification in which students will:

- write standardized exams in May
- be able to expand upon enrichment opportunities for competitive programs

Earn university credits

Many Ontario universities accept AP courses* as first-year compulsory or elective credits towards university programs. Lasalle currently offers:

- AP English Literature and Composition
- AP Calculus AB
- AP Psychology

Challenge yourself

AP courses allow for a deeper educational experience through:

- university rigour in content and pace
- intense exam preparation
- personal reflection on work and study habits

What is Advanced Placement®?

The College Board's Advanced Placement® Program (AP) allows motivated students to pursue university courses while still in secondary school.

An enrichment program, AP offers students an exceptional challenge with sophisticated material that goes deeper than conventional courses.
