LEADERS in learning

On behalf of Trustees, I would like to extend a warm welcome to all students and families as we reopen Rainbow Schools for the 2020-2021 school year.

Whether you are attending school in person or online, our educators and support staff look forward to reconnecting with you and embarking on your journey of learning together.

As always, the health and safety of students, staff, parents/guardians and the communities that we serve is the first and foremost priority.

We encourage you to read the Reopening Guide for Rainbow Schools to learn about the many protocols being implemented in response to COVID-19.

There will also be more support for mental health with a focus on developing resiliency skills, managing stress, and building positive relationships.

Providing a strong circle of care in this time of uncertainty is more important than ever. While we resume teaching and learning against the backdrop of a global pandemic, you can be assured that we remain focused on student well-being and achievement.

Rainbow Schools will maximize learning opportunities for students and help them achieve their full potential.

Stay safe.

BRINGING learning to life

As we launch a school year like no other, we all have a role to play in limiting the spread of COVID-19. This begins at home before leaving for school.

Parents/guardians are required to review the COVID-19 pre-screening questionnaire daily, assess how their children are feeling, and ensure they stay home if they are sick. Secondary students can self-screen and monitor for symptoms. The questionnaire is on the board website at the following link: https://www.rainbowschools.ca/parents/coronavirus/reopening/

With reasonable exceptions, all students in Rainbow Schools in Grades 1 to 12 are required to wear non-medical or cloth masks indoors in school, including in hallways and during classes. Kindergarten students are required to wear masks and/or face shields in indoor spaces. Staff, parents/guardians and visitors are also required to wear masks.

Protocols are outlined in the Reopening Guide for Rainbow Schools which is available on the board website and will be updated, as required.

Visit rainbowschools.ca for COVID-19 updates.

We ask that parents/guardians reinforce the protocols at home. Everyone will be expected to follow them at all times.

As we move forward, we will keep families informed through our website, Facebook page and school communication channels.

Getting students back into the structure of school is important for their overall development and mental health. We look forward to reopening schools, while also doing our part to limit the spread of COVID-19.

Thank you for working together to keep everyone safe.

All Day Every Day | English and French Immersion

Kindergarten in Rainbow Schools

Something exciting is happening for four and five-year-olds!

- Four and five-year-olds attend school all day, every day.
- Open-ended materials spark children’s natural curiosity.
- Classroom and outdoor learning environments are designed to maximize children’s learning through play and inquiry.
- During our two-year program, children become involved in exciting projects that interest and engage them.
- Before and after school programs complement daytime experiences.

Information Nights

For the English Program
Tuesday, January 12, 2021
5:30 pm to 6:30 pm

For French Immersion
Thursday, January 14, 2021
5:30 pm to 6:30 pm

Schools offering English and French Immersion will host one information night on January 14, 2021.

Register online for Kindergarten

Is your child starting school for the first time?
Log on to rainbowschools.ca to register today.
https://www.rainbowschools.ca/register-now/registration/

Completing the online registration form is the first step in registering your child for Kindergarten. Once you have completed the online form, please bring your child’s identification documents to the Kindergarten information night. Identification documents include birth certificate or birth registry/baptismal certificate, proof of residency, Ontario Health Card and an immunization record.

Enrolment

For enrolment in Kindergarten, your child must be four years of age by the end of the calendar year.

Parents/guardians can enroll their children in the English Program or the French Immersion Program.

The English Program is exclusively in English. Core French instruction is introduced in Grade 4. In the Core French Program, students learn basic French through songs, games, drama, and interactive activities for a specified period of time daily.

French Immersion immerses children in the French language, including cultural experiences, when they begin school. English language instruction is introduced in Grade 3 and gradually builds to an equal balance of French and English instruction by Grade 5. This ensures that students gain effective bilingual skills. This program is designed for parents/guardians to support their child to become fluent in both English and French.

Register early and reserve your child’s spot for Kindergarten orientation

All Rainbow Schools will offer an orientation for children who are starting Kindergarten in September 2021. At the orientation session, families will connect with Kindergarten teachers, early childhood educators, school personnel and staff from community agencies.

Reaching minds. Touching hearts.
Seamless entry:
From licensed child care into school
Enroll your child in before and after school programs and pre-school child care being offered at area Rainbow Schools. Please contact service providers directly to confirm availability. For a list of providers, click here: https://www.rainbowschools.ca/parents/child-care-and-earlyon-services/

Community Use

Our doors are open.
Rainbow District School Board welcomes community groups into its schools to provide programs, services and activities. As safe, caring, nurturing and familiar environments that are close and convenient, schools have wonderful facilities to offer their neighbours.

This includes gyms, libraries, auditoriums, lecture halls, cafeterias and classroom space. If your group is interested in offering activities during the evenings and on weekends, we want to hear from you.

For more information, visit communityuse.rainbowschools.ca or contact 705.674.3171, ext. 7259.

EarlyON Child and Family Centres located in schools offer children 0 to 6 years of age and their families a place to meet, to learn and to grow together.

There are several EarlyOn Centres, including the following in Rainbow Schools:

- Algonquin Road Public School (South End Centre)  
- Assignack Public School (Assignack Centre)  
- Carl A. Nesbitt Public School (Our Children, Our Future New Sudbury)  
- Central Manitoulin Public School (Manitoulin Centre)  
- Churchill Public School (New Sudbury Centre)  
- Copper Cliff Public School (Copper Cliff Centre)  
- Lansdowne Public School (Better Beginnings Donovan Centre)  
- Little Current Public School (Manitoulin Centre)  
- Lockerby Composite School (Our Children, Our Future South Central Centre)  
- Markstay Public School (Our Children, Our Future Sudbury East Centre)  
- Northeastern Elementary School (Garson Centre)  
- Redwood Acres Public School (Hammer Centre)  
- S. Geiger Public School (Our Children, Our Future LaCloche Centre)

EarlyON Child and Family Centre

Supporting home, child care and school
EarlyON Child and Family Centres located in schools offer children 0 to 6 years of age and their families a place to meet, to learn and to grow together.

DOME is ready for kickoff.
Enjoy soccer and more year-round in our multi-use sports facility, the first of its kind in Greater Sudbury. Located at Lasalle Secondary School, 1545 Kennedy Street in Sudbury, the DOME gives the community access to covered artificial turf in all seasons. The DOME can be booked for a variety of sports and sporting activities, from soccer to cricket, flag football, lacrosse, ultimate frisbee, slopitch and dryland training. Whether you’re an organization or a group of individuals, the DOME provides a great space to get active in rain, sunshine, snow or sleet.

To learn more, visit rainbowschools.ca, Parents section, Child Care and EarlyOn Services.

Reaching minds. Touching hearts.
Secondary Schools
Specialized Programs

Busing to Rainbow District School Board’s four specialized secondary school programs is offered to students within Greater Sudbury.

Arts Education Program

Sudbury Secondary School offers academic, athletic and superior arts education in a renovated facility. Arts Education includes comprehensive training in dance, theatre, instrumental music, vocal music, media studies and visual arts from educators who are specialists in their disciplines. The arts wing features the city’s best-equipped dance studio, drama studio/black box theatre, media lab with green screen, visual arts studios, Mac lab, photography classroom and darkroom, vocal and instrumental music rooms and practice rooms, and a spectacular 440-seat auditorium to showcase student talent. Classrooms and the gymnasium have also been updated. At Sudbury Secondary School, students earn an Arts Education Certificate in addition to their Ontario Secondary School Diploma. Students also have the option to graduate with a French Immersion certificate and provincially recognized Specialist High Skills Major in Arts and Culture.

The International Baccalaureate Program

The International Baccalaureate Organization offers an enriched and comprehensive curriculum that promotes active global citizenship. This internationally recognized program encourages critical thinking, research skills, inquiry and reflection. The IB curriculum, together with learning through creativity, activity and service, inspires both academic and personal growth. IB students will be engaged with in-depth subject knowledge that is recognized by post-secondary institutions around the world. Students graduating with an IB Diploma can earn up to three first-year university credits. The IB Program is available at Lo-Ellen Park Secondary School to all students who have the required interest and aptitude.

Innovative Integrated Technology Program

The Innovative Integrated Technology Program (InIT) at Lively District Secondary School combines a variety of core subjects with innovative technology classes. Lively District Secondary School works in partnership with businesses and industry to provide relevant and meaningful activities to students through job shadowing, field trips and industry recognized certifications that prepare them to become competitive in a global market. The InIT program encourages problem solving through the design process, integrating digital technology and industry standard software and hardware. Students also have an opportunity to incorporate involvement in one of four provincially recognized SHSM programs in the areas of Mining, Information and Communications Technology, Environmental Studies or Sports and Fitness. In order to meet the requirements for an InIT certificate, college bound students will be required to complete six technology courses and maintain a minimum 70 percent average. University bound students will be required to complete four technology courses and maintain a minimum 80 percent average.

Science Technology Education Program

The Science Technology Education Program (STEP) enjoys a rich tradition at Lockerby Composite School. STEP is recognized as one of the most innovative secondary school programs in Ontario. With a focus on math, science and technology, the program is for students contemplating a career in medicine, science, health care, business, computer science, design or engineering. STEP students are actively engaged in their learning by keeping pace with the latest trends in science and technology through involvement in initiatives such as anywhere, anytime laptop learning, the provincially recognized Specialist High Skills Major in mining and health and wellness, as well as courses in architecture, interior design, medical biology and medical technology.

N’Swakamok Native Alternative School

The N’Swakamok Native Alternative School is located at the N’Swakamok Native Friendship Centre. The Friendship Centre provides the facility and two staff members—a Co-ordinator and a Clerical Support Worker. Rainbow District School Board provides the teaching staff. To attend the school, First Nations, Métis and Inuit students must be a minimum of 18 years old. Students work at their own pace on lesson booklets, e-learning and hands-on courses that have been infused with Aboriginal content. Students receive one-on-one support from teachers, placement students and tutors. The N’Swakamok Native Friendship Centre provides a warm and friendly environment where students have access to programs and services. The school offers a holistic and culturally inclusive educational program to meet the needs of First Nations, Métis and Inuit students.

Barrydowne College

Re-engagement secondary school
For students who want to return to secondary school to achieve an Ontario Secondary School Diploma
1400 Barrydowne Road, Main Office, Room 1455
Sudbury, Ontario P3A 3V8 | Tel: 705.566.2302

Ages 18 to 21 Years
Barrydowne College is a re-engagement school in partnership with Cambrian College. This secondary school within a college supports students ages 18 to 21 who would benefit from a small class learning environment and who have not been successful in a regular secondary school. The setting, with small class sizes and personalized curriculum, allows for a focus on programming designed to meet student needs. Students earn credits, build soft skills, and develop links to community college programs including Dual Credits. Students also have access to employment services, giving them an opportunity to explore pathways to work, apprenticeship, college and university. The program supports students to stay in school and/or find viable employment for co-operative education credits. Students in Rainbow District School Board can obtain more information about this program by calling Principal Susan Kett at 705.566.2302.

Adult Day School

The Adult Day School, located at Sudbury Secondary School, offers a variety of free high school credit courses for adult learners who want to complete their Ontario Secondary School Diploma (OSSD), including e-learning and self-study with teacher support. If you are a mature student who is 21 years of age or older, we can open doors to your future by preparing you for apprenticeship, college, university or the workplace.

We offer several programs to help you achieve your OSSD, such as:

- Credit courses blending individualized, teacher-led and e-learning formats of instruction
- Prior Learning Assessment and Recognition (PLAR) and Mature Student Evaluation (MSE), formal evaluation and credit-granting processes for mature students
- Adult Co-operative Education program that grants credits in conjunction with on-the-job work experience

These learning opportunities are offered on a continuous in-take basis from September to June. Students can design their own flexible timetable and can attend classroom or co-operative education during a variety of times throughout the day. To register, visit Sudbury Secondary School – Adult Day School Office at the Davidson Street entrance or call 705.675.5481.

Adult English Language Learning
Non-Credit Course

Are you a newcomer looking to improve English language skills to enter post-secondary studies or the workplace? If you are over 18 years of age and not enrolled in a publicly funded school, you may qualify for a non-credit English language learning course. Content will focus on reading, writing, listening and speaking, from beginner to advanced. Pending enrolment, learning will take place at a central location either during the school day or in the evenings. This course is for parents/guardians of students in Rainbow Schools. Please contact your child’s principal to express interest.
Anytime, Anywhere Access

G Suite for Education is provided to students with access to grade appropriate apps. With anytime, anywhere access to applications and documents, G Suite offers exceptional learning opportunities to students, including real-time collaboration and feedback in document creation and editing, unlimited document storage space, an enhanced tool set for forms and surveys, hangouts for video-conferencing, Google Classroom, and an ability to create hand-out and hand-in folders for each class.

Gmail
All student email is within the Rainbow Schools (RS) Google gmail domain – username@rscloud.ca. This email account is for communication between teachers and students and between students. The gmail account has unlimited storage space in the cloud.

Google Drive
Students on rscloud.ca have unlimited storage capacity for documents, classroom assignments, photos, music, even movies. Google Drive works on Macs, PCs, Chromebooks, Android phones and tablets, iPads and iPhones. All student work can be accessed from any computing platform and any location with Internet access. Collaboration is a major strength of the Google Drive platform. Students control their own documents, and decide what they share and with whom. A teacher can share a single assignment with a group of students for simultaneous class editing, or give each student a copy of the same assignment for individual work.

Google Meet
The video conferencing feature connects people online. It allows for the delivery of live synchronous learning and asynchronous learning.

Calendar
The online calendar can be used to help students track homework, etc.

Docs
The online word processor program allows real-time multi-user collaboration on documents.

Sheets
The online spreadsheet program allows real-time multi-user collaboration on spreadsheets.

Slides
The online presentation program allows real-time multi-user collaboration on presentations.

Sites
G Suite has a tool for creating websites.

Forms and surveys
The online form/survey tool can be used for a variety of tasks, including quizzes and assessments.

Classroom
Teachers have access to a classroom management tool.

Getting started
G Suite is best accessed through the Google Chrome browser (rather than Safari, Firefox or Internet Explorer). Signing in to Chrome provides access to the Read&Write extension which has been licensed for all Grade 3 to 12 students.

To learn more, talk to your child’s teacher.

Digital Monitoring Tips for Parents/Guardians:
1. Keep all devices in common family areas.
2. Continue to monitor student work in all environments, including G Suite.
3. Ask students to share their G Suite password so you can help them with student work.
5. Consider removing access to technological devices if students are not forthcoming in sharing passwords and online activity.

Log on to rainbowschools.ca
Rainbow District School Board’s website gives students, parents/guardians, staff and the public access to information about Rainbow Schools from any location, at any time. The website has been designed for ease of reading and navigation across a wide range of devices, from computer displays to tablets to mobile phones, on a variety of platforms. The website also features a search engine and menu that will make it easier to find what you are looking for. There is a link to the Board’s Facebook page from the website.
Rainbow Schools are inspiring the next generation of engineers and designers.

Students are learning to code, producing video games, programming robots, and building objects with 3D printers and state-of-the-art software in innovative maker spaces and high-tech labs. By developing a series of sequenced steps or algorithms to accomplish a task, students engage in computational thinking, creating rather than consuming technology.

In the process, students acquire essential skills and global competencies - critical thinking and problem solving; innovation, creativity and entrepreneurship; self-directed learning; collaboration; communication and citizenship. Rainbow Schools are proud to offer incubators for ideas in modern learning environments that immerse students in the world of technology to imagine and create.

Coding is now embedded in the elementary math curriculum. Coding encourages students to get involved in the STEAM sector - Science, Technology, Engineering, Arts and Mathematics – and prepares them for the workforce of tomorrow.

Good Digital Citizens

Students in Rainbow Schools are being encouraged to be good digital citizens, with a focus on four areas – critical thinking and information literacy, creation and credit, health and protection, and presence and communication.

Posters were developed to promote digital citizenship in elementary and secondary classrooms. Rainbow District School Board acknowledges the Ontario Software Acquisition Program Advisory Committee (OSAPAC) for its work in this area. To learn more, visit osapac.ca.

Rainbow District School Board has a Digital Citizenship administrative procedure, as well as an Acceptable Use of Information and Communications Technologies administrative procedure for students, staff, parents/guardians, trustees and the community. These administrative procedures have been developed to support the responsible, professional and appropriate use of information and communication technologies as it pertains to meeting the vision, mission, values and goals of Rainbow District School Board in the delivery of curriculum in a safe and caring online environment. To learn more, visit rainbowschools.ca.
Maintaining safe schools

In our ongoing efforts to maintain a safe learning environment for our students, all schools now have controlled access.

Please press the buzzer on the main door and school staff will be pleased to assist you.

Video surveillance

Rainbow District School Board uses video security surveillance in its facilities to:
• enhance the safety of students, staff and community members,
• protect Board and school property against theft and vandalism, and
• aid in the identification of intruders and of persons breaking the law.

Video security surveillance equipment is used in secondary schools and some elementary schools and may be used on school buses.

Personal information is being collected under the authority of the Education Act and used in accordance with the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA).
For more information, please contact the Principal.

Important message about the use of the Internet and electronic devices

The Internet and electronic devices have changed our world, offering unparalleled resources and associated challenges. As the technology has expanded, so have the implications related to the safety and privacy of students and staff.

Rainbow Schools remind students and parents/guardians that cell phones, digital cameras, personal digital and other electronic devices can be disruptive and must not be activated in class or during examinations and/or assessments without the permission of school staff.

Electronic devices must not be used in a manner that violates the privacy or dignity of others.

This includes the use of cell phones with cameras (and similar devices) in washrooms, change rooms and any other areas where privacy prevails; taking photographs of a person or persons on school property and/or at school events without the permission of the person or persons being photographed; and posting photographs on the Internet and/or electronically transmitting photographs of a person or persons taken on school property and/or at school events without the permission of the person or persons in the photograph.

Using the Internet and electronic devices with care will ensure that the safety and privacy of students and staff remain first and foremost.

Safety first and foremost

Lockdown: In order to ensure the ongoing safety and security of students and staff, Rainbow Schools practise lockdown procedures much like fire drills.

Lockdown is the term used when there is a major incident or threat of school violence within the school, or in relation to the school. Doors are locked, blinds are closed, and lights are turned off. Everyone moves to the location in the room where it is most difficult to be seen from the classroom door window. Students outside of the building at the time of the lockdown are escorted to a predetermined gathering point at the school.

Hold and secure: Hold and secure is the term used when it is desirable to secure the school due to an ongoing situation outside and not related to the school. In this situation, the school continues to function normally, with the exterior doors being locked until such time as the situation near the school is resolved.

Shelter in place: Shelter in place is the term used for an environmental or weather related situation where it is necessary to keep all occupants within the school to protect them from an external situation.

Examples may include chemical spills, blackouts, explosions, or extreme weather conditions.

The above terms are consistent for schools across Ontario.

Support during critical incidents

When there is a critical incident affecting a school, such as the death of a student, a team may go to the school to provide support. The team is made up of Rainbow District School Board’s Social Workers under the guidance of the Mental Health Lead. Additional resources may be called in, as required. Information may also be provided to parents/guardians on how to help their children after a crisis.

Fair Notice to Students and Parents

Community Threat Assessment Protocol

• Rainbow District School Board is committed to providing safe learning environments for all students, staff, school visitors and community members.

• When a student’s behaviour poses a serious threat to his or her safety or the safety of others, a Community Threat Assessment Protocol may be activated.

• The protocol will guide school personnel to respond quickly to the threatening behaviour and put measures in place to protect students and staff.

• When a Community Threat Assessment Protocol is activated, parents/guardians will be notified.

• School boards, police and community partners will work together to assess the threat and implement interventions.

• The partners will share information, advice and support, and plans will be developed to minimize the risk.

• The parents of the student who made the threat have an important role to play in the process of gathering information and establishing a plan for the student, which will enable the team to evaluate and minimize the risk.

• If a concern for safety still exists, and parents/guardians cannot be reached, or if they choose not to provide consent to share information, the threat assessment process will proceed.

• In sharing personal information, each individual’s right to privacy will be balanced with the need to ensure the safety of all. Student safety is our first priority.

• If you have any questions regarding the Community Threat Assessment Protocol, please contact the Principal of your child’s school.

SAFE SCHOOLS

Stand Up Against Bullying

Kids Help Line: 1.800.668.6868

Reaching minds. Touching hearts.
Every year, Rainbow District School Board hosts a conference to create and enhance school-based supports for students who are lesbian, gay, bisexual, transgender, questioning and two-spirited. Conference workshops address the themes of the Rainbow District School Board “Embrace Diversity” poster series: disabilities, faith, First Nation, Métis and Inuit, gender identity, poverty, race and culture. Guests are chosen based on student feedback.

Students come together to address issues and brainstorm solutions to increase a sense of safety and belonging in their school communities. Students choose workshops that are relevant and meet their needs. The goal of the conference is to give students tools they can bring back to their schools to support their communities.

Embrace Diversity Free to Be Me Conference

Thursday, March 25, 2021
for students in Grades 7 and 8

Tuesday, April 13, 2021
for students in Grades 9 to 12

EVENTS ARE SUBJECT TO CHANGE DUE TO COVID-19.

Equity and Inclusive Education

Rainbow District School Board is committed to ensuring that all students and staff work in learning environments that are safe, welcoming and inclusive, environments that provide the building blocks for student achievement and well-being.

Last year, staff explored the impact of poverty on learning and shared strategies to meet the needs of all students regardless of socio-economic status. Each month, an Unlearn poster was shared with staff and students that addressed a literacy focus and was meant to deepen dialogue and provoke thought. The themes of the posters varied and a new literacy strategy was implemented in staff meetings and was then shared with students in the classroom.

This year, the focus will be on addressing racism and discrimination in our communities. Staff will participate in allyship training, which is anti-oppressive training designed to build valuable skills on how to be an ally and increase awareness.

The training began in June 2020 and will remain a priority for the 2020-2021 school year. Participants will gain knowledge and sensitivity about the experiences of marginalized groups. Staff will gain tools required in order to understand how to be an ally and support students in our schools.

Students will embark on youth engagement sessions that will empower young people to develop their leadership skills and capacity to engage in this work. The sessions raise awareness about racism and anti-racism, human rights and allyship.
Character Traits in Rainbow Schools

These 10 character traits (in English, French and Ojibwe) will be modeled, taught and expected in Rainbow Schools and will provide the foundation for ongoing character development. The traits were approved following a series of school and community consultations.

- **Honesty** | **L’honnêteté** | **Gwekwaadziwin**
- **Respect** | **Le respect** | **Mnaadendiwin**
- **Empathy** | **L’empathie** | **Nanaagdowendiwin**

Rainbow District School Board
Code of Conduct

Students need a safe and positive learning and teaching environment to succeed at school.

The Safe and Accepting Schools Act, 2012 (Bill 13) came into effect on September 1, 2012. This legislation strengthens equity and inclusive education principles and bullying prevention and intervention strategies.

Related Policy
Board Policy No. Gov - 12
Learning and Working Environment: Safe Schools

Policies are available at rainbowschools.ca

With these policies and procedures, school staff will continue to work respectfully and collaboratively with students and parents/guardians, using a progressive approach to discipline with school safety first and foremost.

Positive Attitudes
Rainbow District School Board strives to create positive attitudes towards punctuality, regular attendance, completion of classroom assignments, and interest in learning through classroom participation.

Parental Support
Parents/guardians support Rainbow District School Board staff by encouraging students to fulfill their responsibilities towards their school, other students, and themselves. The Board recognizes that an important factor in success at school is the regular completion of homework and regular attendance which requires the co-operation of the home.

Guiding Principles
Rainbow District School Board’s Code of Conduct is shaped by the Provincial Code of Conduct.

All participants in the publicly funded school system - students, parents/guardians, volunteers, teachers and other staff members - are included in this Code of Conduct, whether they are on school property, on school buses or at school-authorized events or activities.

All members of the school community must be treated with respect and dignity, especially persons in positions of authority.

Roles and Responsibilities of the School Community
School members include principals, teachers, staff, students, parents and/or guardians, school councils, trustees, volunteers and visitors.

Principals take a leadership role in the daily operation of schools. They provide this leadership by:

- demonstrating care and commitment to academic excellence and safe teaching and learning environments;
- holding everyone under their authority accountable for their behaviour and actions;

Members of the school community are expected to use non-violent means to resolve conflict. Physically aggressive behaviour is not a responsible means for interacting with others.

The possession, use or threatened use of any object to injure another person endangers the safety of oneself and others. Alcohol and illegal drugs are addictive and present a health hazard. Schools will work co-operatively with police as well as drug and alcohol agencies to promote prevention strategies and, when necessary, respond to school members who are in possession of, or under the influence of, alcohol or illegal drugs.

Insults, disrespect, and other hurtful acts disrupt the teaching, learning and business in a school community. Members of the school community have a responsibility to maintain an environment where conflict and differences can be addressed in a manner characterized by respect and civility.

A school community promotes responsibility, respect, civility and academic excellence in a safe learning and teaching environment. A school community includes school board trustees and school board personnel.

All students, parents/guardians and staff have the right to be safe and feel safe in their school community. With this right comes the responsibility to be law-abiding citizens and to be accountable for actions that put the safety of others or oneself at risk.

Rainbow District School Board believes that every student has the right to an education without disruption, along with the equally important responsibility not to deny this right to any other student.

HONESTY

ACCEPTANCE
EMPATHY

- empowering students to be positive leaders in their school and community;
- communicating regularly and meaningfully with all members of their school community.

Teachers and school staff, under the leadership of their principals, maintain order in the school and are expected to hold everyone to the highest standard of respectful and responsible behaviour. As role models, teachers and school staff uphold these high standards when they:
- help students work to their full potential and develop their sense of self-worth;
- empower students to be positive leaders in their classroom, school and community;
- communicate regularly and meaningfully with parents/guardians;
- maintain consistent standards of behaviour for all students;
- demonstrate respect for themselves, for others, and for positions of authority;
- refrains from bringing anything to school that may compromise the safety of others;
- follows the established rules and takes responsibility for his or her own actions;
- dresses in accordance with the school dress code.

Parents/guardians play an important role in the education of their children, and have a responsibility to support the efforts of school staff in maintaining a safe and respectful learning environment for all students. Parents/guardians fulfill their responsibility when they:
- show an active interest in their child’s homework, school work and progress;
- communicate regularly with the school;
- help their child be prepared for school;
- ensure that their child attends school regularly and on time;
- promptly report to the school their child’s absence or late arrival;
- become familiar with the Provincial Code of Conduct, the Board’s Code of Conduct and school rules;
- encourage and assist their child in following the rules of behaviour;
- assist school staff in dealing with disciplinary issues involving their child.

School council members act as a valuable support mechanism to their local schools when they:
- act as a liaison group on school-related issues;
- act in an advisory capacity to principals on specified school policies.

Police and community members are essential partners in making our schools and communities safe. Community members need to support and respect the rules of their local schools.

Community agencies deliver prevention or intervention programs that may be used by the school community. Protocols are effective ways of establishing linkages between boards and community agencies and of formalizing the relationship between them.

The police play an essential role in making our schools and communities safer. The police investigate incidents in accordance with the protocol developed with the local school board. These protocols are based on a provincial model that was developed by the Ministry of the Solicitor General and the Ministry of Education.

Respect, Civility and Responsible Citizenship

All members of the school community must:
- respect and comply with all applicable federal, provincial and municipal laws;
- demonstrate honesty and integrity in achieving academic excellence and in the appropriate use of technology;
- respect differences in people, their ideas and their opinions;
- treat one another with dignity and respect at all times, and especially when there is disagreement;
- respect and treat others fairly, regardless of, for example, race, ancestry, place of origin, colour, ethnic origin, socio-economic status, citizenship, religion, gender, sexual orientation, age or disability;
- respect the rights of others;
- show proper care and regard for school property and the property of others;
- take appropriate measures to help those in need;
- seek assistance from a member of the school staff, if necessary, to resolve conflict peacefully;
- respect all members of the school community, especially persons in positions of authority;
- respect the need of others to work in an environment that is conducive to learning and teaching;
- not swear at a teacher or at another person in a position of authority.

Safety

All members of the school community must:

Weapons
- not be in possession of any weapon, including but not limited to firearms;
- not use any object to threaten or intimidate another person;
- not use any object to cause personal injury.

Alcohol and Drugs
- not be in possession of, or be under the influence of, or provide others with alcohol or illegal drugs;
- not traffic in weapons or illegal drugs;
- not give alcohol to a minor.

Standards of Behaviour

The standards of behaviour apply to students, staff, parents/guardians, volunteers, school council members, trustees and visitors engaged in any school activity. In addition, principals will, in conjunction with members of the school council, develop a school Code of Conduct clarifying acceptable and non-acceptable behaviour for all members of their school community. These school Codes of Conduct are subject to review on a regular basis.
Rainbow District School Board

Code of Conduct

Physical Aggression
- not inflict or encourage others to inflict bodily harm on another person;
- seek staff assistance, if necessary, to resolve conflict peacefully.

Other
- not engage in bullying behaviours;
- not commit sexual assault;
- not commit robbery;
- not engage in hate propaganda and other forms of behaviour motivated by hate or bias;
- not commit an act of vandalism that causes extensive damage to school property or to property located on the premises of the school;
- not use the Internet and electronic devices in a manner that violates the privacy or dignity of others.

Bullying is defined as aggressive and typically repeated behaviour by a pupil where,

a) the behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of
   (i) causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual’s reputation or harm to the individual’s property, or
   (ii) creating a negative environment at a school for another individual, and
   (iii) the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education.

Bullying includes the use of any physical, verbal, electronic, written or other means.

Cyber-bullying is defined as bullying by electronic means including:

a) creating a web page or blog in which the creator assumes the identity of another person;
   b) impersonating another person as the author of content or messages posted on the Internet; and
   c) communicating material electronically to more than one individual or posting material on a website that may be accessed by one or more individuals.

**Education Act, Subsection 1(1)**

Suspension

The purpose of a suspension is to caution students and deter them from continuing with or repeating unacceptable behaviours; prevent other students from being exposed to or involved in dangerous and damaging activities; discipline students who have transgressed the rules of the school; and to warn parents or guardians of serious discipline problems with their children. The primary purpose underlying the implementation of a suspension is to result in a change in behaviour for the student.

Activities Leading to Possible Suspension

A student may be suspended for a minimum of one (1) school day and a maximum of twenty (20) school days.

Suspension shall be considered when a principal’s investigation of an incident, which should include consultation with the pupil’s parent/guardian and pupil or the adult pupil, determines that the pupil has engaged in any of the following activities while at school, at a school-related activity or in other circumstances where engaging in the activity will have an impact on the school climate:

a) uttering a threat to inflict serious bodily harm on another person;
   b) possessing alcohol, cannabis, illegal drugs and/or restricted drugs;
   c) consumption of cannabis on school property;
   d) being under the influence of alcohol, drugs, and/or cannabis;
   e) sharing cannabis on school property;
   f) swearing at a teacher or at another person in a position of authority;
   g) committing an act of vandalism that causes extensive damage to school property;
   h) bullying;
   i) use of profane or improper language;
   j) smoking/vaping on school property;
   k) academic dishonesty;
   l) inappropriate use of technology;
   m) any act considered by the principal to be injurious to the physical or mental well-being of any member of the school community; and
   n) any act considered by the principal to be contrary to the Board or school Code of Conduct.

Suspension Reviews

The parent/guardian or the adult pupil may request a review of a decision to suspend where a suspension has been issued.

A written request setting out the reasons for a review must be made within three (3) days of receipt of notice of the suspension. The time for requesting the review may be extended at the discretion of the Superintendent of the school where circumstances precluded a request within the requisite time frame.

The review shall take place upon receipt by the Superintendent of the school of a request for a review.

Suspension Appeals

Where a suspension review has occurred, the pupil’s parent/guardian or the adult pupil may appeal the suspension imposed by the principal. In accordance with the Board’s administrative procedures, the appeal must be made in writing and delivered to the Director of Education within ten (10) days of the commencement of the suspension.
Expulsion

Expulsion shall be considered when a principal’s investigation of an incident, which should include consultation with the pupil’s parent/guardian and pupil or the adult pupil, determines that the pupil has committed one or more of the infractions outlined below on school property, and/or during a school-related activity or event, and/or in circumstances where the infraction has an impact on the school climate.

The infractions for which a principal shall suspend a pupil and may consider recommending to the Board that a pupil be expelled from the pupil’s school or from all schools of the Board include:

a) possessing a weapon, including possessing a firearm;
b) using a weapon to cause or to threaten bodily harm to another person;
c) committing physical assault on another person that causes bodily harm requiring treatment by a medical practitioner;
d) committing sexual assault;
e) trafficking in weapons, cannabis, and/or illegal drugs, and/or possessing weapons, cannabis and/or illegal drugs for the purpose of trafficking;
f) committing robbery;
g) giving alcohol and/or cannabis to a minor;
h) bullying, if:
   • the student has previously been suspended for engaging in bullying, and
   • the student’s continuing presence in the school creates an unacceptable risk to the safety of another person;
i) any activity that is a suspension infraction under subsection 306 (1) of the Education Act that is motivated by bias, prejudice or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, gender identity, gender expression, or any other similar factor;
j) an act, including opposition to authority, considered by the principal to be significantly injurious to the school climate and/or to the physical or mental well-being of others;
k) a pattern of behaviour that is so inappropriate that the student’s continued presence is injurious to the effective learning and/or working environment of others;
l) activities engaged in by the student on or off school property that have caused extensive damage to the property of the Board or to goods that are or were on Board property;
m) a pattern of behaviour that demonstrates that the student has not prospered by the instruction available to him or her and that the student is persistently resistant to making changes in behaviour which would enable him or her to succeed; or
n) any act considered by the principal to be a serious violation of the Board or school Code of Conduct.

Expulsion Appeals

A pupil’s parent/guardian or adult pupil may appeal a Board’s decision to expel a pupil to the Child & Family Services Review Board in accordance with the procedures set out by the Ministry of Education.

Rainbow District School Board is committed to the promotion of respect, responsibility and civility in its elementary and secondary schools.

MITIGATING AND OTHER FACTORS

In considering whether to suspend a student for engaging in an activity described above, the principal will take into account mitigating and other factors.

Prior to suspending a student, the following mitigating factors shall be taken into account:

1. The pupil does not have the ability to control his or her behaviour.
2. The pupil does not have the ability to understand the foreseeable consequences of his or her behaviour.
3. The pupil’s continuing presence in the school does not create an unacceptable risk to the safety of any person.

OTHER FACTORS:

The following other factors shall be taken into account if they would mitigate the seriousness of the activity for which the pupil may be or is being suspended or expelled:

1. The pupil’s history.
2. Whether a progressive discipline approach has been used with the pupil.
3. Whether the activity for which the pupil may be or is being suspended or expelled was related to any harassment of the pupil because of his or her race, ethnic origin, religion, disability, gender or sexual orientation or to any other harassment.
4. How the suspension or expulsion would affect the pupil’s ongoing education.
5. The age of the pupil.
6. In the case of a pupil for whom an individual education plan has been developed,
   • whether the behaviour was a manifestation of a disability identified in the pupil’s individual education plan,
   • whether the appropriate individualized accommodation has been provided, and
   • whether the suspension or expulsion is likely to result in an aggravation or worsening of the pupil’s behaviour or conduct.

In circumstances where one or more of the factors above mitigate the decision to apply a suspension as a form of discipline for the pupil, the principal may consider whether alternative discipline and/or other intervention is appropriate in the circumstances.

For more information, talk to your school principal.

Restart: Sudbury, Restart: Espanola, and Restart: Manitoulin are programs for students who have been suspended or expelled. Students are supported in both academic and non-academic areas.

rainbowschools.ca
Indigenous Education

Aboriginal Support Workers
- Promote a welcoming environment for students and their families
- Support student transitions
- Work collaboratively with students, families and school to support well-being and academic success

First Nations, Métis and Inuit Studies
- Expressions of First Nations, Métis and Inuit Cultures, Grade 9 (Art Focus)
- First Nations, Métis and Inuit in Canada, Grade 10 (History and Contemporary Issues)
- English: Understanding Contemporary First Nations, Métis and Inuit Voices, Grade 11
- Did you know that the Grade 9 First Nations, Métis and Inuit Studies course is considered an art credit and can fulfill this requirement in Grade 9?
  Ask the school guidance staff when these courses are offered.

Native Language (Ojibwe) Courses
- Available in a growing number of elementary schools
- Visit rainbowschools.ca for a current list of elementary schools offering Ojibwe
- Available at the introductory (Grade 9), intermediate (Grade 10) and senior (Grade 11) levels
- For anyone interested in learning Ojibwe
- Did you know that a Grade 9 Native Language course fulfills the requirements of the compulsory second language credit in Grade 9?
  If you are interested in a Native Language class, talk to the guidance staff.

Indigenous Centres
- Designed for Indigenous students and their families
- Students can connect with students from similar backgrounds and students from different backgrounds
- Meet with an Aboriginal Support Worker, hold meetings or possibly have a quiet place to work
- Each school has its own set of protocols for its centre.

Truth and Reconciliation
In April 2017, Rainbow District School Board passed a motion acknowledging the work of the Truth and Reconciliation Commission and committing to key recommendations as they relate to education. Under the guidance of the First Nations Advisory Committee and through broad community consultations led by Nibising Consulting, the Truth and Reconciliation: Commitment to Action plan was developed. The plan, which was adopted by the Board on July 3, 2018, will guide our work in Indigenous Education over the next five years.

Treaty Recognition Week
Ontario passed new legislation in 2016 to recognize the importance of treaties and bring awareness to treaty relationships between Indigenous and non-Indigenous people. Rainbow District School Board is committed to educating staff and students about treaties in order to build understanding that “we are all treaty people”.

Rainbow District School Board has developed a website for families who have children studying Anishinaabewin and would like to support their language learning at home.

This site includes vocabulary audio files in Ojibwe and English.

Visit rainbowschools.ca.

First Nations Advisory Committee
FNAC includes representatives from the following:
- Atikameksheng Anishnawbek
- Aundeck Omni Kaining First Nation
- Dokis First Nation
- Kenjgewin Teg Educational Institute

Aboriginal Secondary School Awards Banquet
Hosted by the United Way and N’Swakamok Native Friendship Centre over the past 16 years, the Aboriginal Secondary School Awards Banquet has grown in support and participation. It fosters encouragement, acknowledgement, dignity, integrity and pride in our youth. A number of individuals brought to life the vision of celebrating achievements of the Aboriginal youth. The vision was to co-ordinate an awards ceremony to highlight and celebrate the youth’s advancements in the secondary education system. This celebration is founded on principles of partnership with the Aboriginal community, teachers, guidance counsellors, principals, parents/guardians and the youth.

Anishinaabewin Toolkit
Rainbow District School Board has developed a website for families who have children studying Anishinaabewin and would like to support their language learning at home.

French Immersion and Core French

Parents can enroll their children in the English Program or the French Immersion Program. The English Program includes a Core French component. French Immersion provides a balance of English and French instruction.

Core French
In Rainbow Schools, Core French is offered daily beginning in Grade 4. Through the study of French, students will communicate and interact purposefully and with confidence while developing the necessary skills to be intercultural citizens of Canada and the world. The Core French program emphasizes the development of oral proficiency while focusing on authentic learning related to real-life experiences and interests. The value of learning French, one of Canada’s two official languages, is reinforced through cultural experiences. The Core French program offers students the opportunity to develop a functional use of the French language that can be expanded through further study at the secondary school level.

French Immersion
In French Immersion, students learn to communicate and interact effectively in an inclusive classroom environment and through the study and integration of other subjects. This enriches their vocabulary, develops their problem solving skills, and increases their opportunities to speak French in meaningful contexts. French Immersion provides students with an understanding of intercultural awareness by exploring diverse cultures and develops skills in accessing and understanding information about various French speaking communities. Students also develop strong fundamental skills in listening, speaking, reading and writing. French Immersion is designed for English-speaking parents/guardians in such a way that they can support their children.

Elementary Schools

- In Kindergarten, the teachers speak French all of the time. Students are immersed in a supportive French milieu and are encouraged to respond in French as much as possible with the goal of 100 per cent of the time.
- In Grades 1 and 2, 100 per cent of the classroom instruction is in French.
- In Grades 3 and 4, French language arts, mathematics, social studies, health and physical education, art (visual art, drama, music), science and technology are taught in French and English.
- In Grades 5 to 8, French language arts, social studies (history, geography), art (visual art, drama, music) and health and physical education are taught in French while English language arts, science (except Grade 5 and 6 which are in French) and mathematics are taught in English.
- Upon graduation from Grade 8, students receive an Elementary French Immersion Certificate. French Immersion students are encouraged to continue to study in the French Immersion Program at the secondary school level in order to graduate with bilingual qualifications.

Secondary Schools
The French Immersion Program at the secondary school level provides students with the skills they need to communicate in a second language and thereby enhance their ability to perform effectively and meet with success in a rapidly changing global economy.

Learning a second language enhances career choices, develops thinking and communication skills, and provides a greater appreciation of diversity.

Students in Rainbow Schools may obtain a French Immersion Certificate upon graduation by completing a minimum of ten courses taught in French. These include four Immersion French courses, plus six other courses from a wide variety of choices – health and physical education, Canadian geography, Canadian history, civics, career studies, dramatic arts, business studies, social sciences and the humanities, Canadian and world studies, music, visual arts, science, technological education and co-operative education.

French Immersion is offered at the following Rainbow Secondary Schools:
- Confederation Secondary School
- Lasalle Secondary School
- Lockerby Composite School
- Lo-Ellen Park Secondary School
- Sudbury Secondary School

Helpful tips include:
A total of 33 videos, including 14 math videos covering concepts predominantly from the junior/intermediate level and 19 literacy videos focusing on the secondary level.

More than 1,900 audio clips to hear French vocabulary and pronunciation.

This website, produced by Rainbow District School Board, was based on the 2010 needs assessment conducted by Canadian Parents for French and was made possible through the financial support of the Ontario Ministry of Education and the Government of Canada through the Department of Canadian Heritage.

Visit www.FSLHomeworkToolbox.ca
This site supports parents who have children in a French Immersion program and provides assistance to French Immersion students who require an accessible user-friendly reference tool to help with homework.

Reaching minds. Touching hearts.
Special Education Programs and Services

Rainbow District School Board is committed to ensuring that every student with an exceptionality is provided with the most inclusive environment, enabling the student to fulfill his/her potential.

The Board provides special education programs and services based on the following philosophy:

- All students with an exceptionality have a right to quality education.
- The education of children with exceptionalities is a responsibility shared by the school, the student, parents/guardians and Rainbow District School Board.
- All students with an exceptionality are an integral part of society, entitled to respect and dignity.
- All students with an exceptionality should have quality educational opportunities regardless of class, economic status, gender, ethnic origin or religion.
- The majority of students with an exceptionality can best be served within an inclusive education program.
- The array of needs of students with an exceptionality can best be served by a continuum of support.
- Programming is of utmost importance in any assessment or diagnostic procedure undertaken on behalf of students with an exceptionality.
- Communication and interaction amongst special education and regular education personnel must be ongoing and goal directed in support of students with an exceptionality.
- All students with an exceptionality share in the responsibility for learning and in the planning of their program, based upon maturity and capability.

Overview of Programming
Rainbow District School Board believes that integration should be the norm wherever possible. For some students, an alternative setting may be necessary when their needs cannot be served in an integrated setting.

Special Education Services

In accordance with the Education Act, special education services means facilities and resources, including support personnel and equipment necessary for developing and implementing a special education program.

Rainbow District School Board provides a range of specialized services to support teachers, parents/guardians and students with an exceptionality through consultations, system screening activities, assessments and direct instructional support.

Rainbow District School Board provides individual psychoeducational assessments and educational programming through Individual Education Plans (IEPs) and special education placements through Admission, Review and Demission Committees (ARDs). The Board also provides leadership in system-wide assessment and consultation activities at the Kindergarten, Grade 4 and Grade 7 levels, as well as transition planning at the time of school entry and leaving.

The Principal of Special Education Programs and Services, Consultants/Co-ordinators, Psychological Services staff, Speech and Language Services staff and Applied Behaviour Analysis Services staff act as a resource to parents/guardians, teachers, principals, and superintendents in designated schools/areas in matters pertaining to the learning and behavioural needs of students and in the design and implementation of programs and services for students with exceptional needs.

The Speech and Language Pathologists provide individual assessments for students with complex language needs. They also offer consultative support to Centre for Education staff, special education resource teachers, classroom teachers and local area teams. They provide leadership in system-wide endeavours.

Educational Assistant support in regular classes or intensive support programs may be provided in relation to developmental, corrective or care needs.

The work of the Educational Assistant is planned and directed by a certified Special Education Resource Teacher.

Special Education Resource Teachers facilitate the identification of and programming for students with an exceptionality. They provide instruction to students with an exceptionality and consult with classroom teachers, central special education staff, parents/guardians and community agencies to plan and implement special education programs and services. Special Education Resource Teachers work hand-in-hand with the classroom teacher to support the learning of students with an exceptionality within the regular classroom environment.

Rainbow District School Board’s Special Education Plan complies with the Canadian Charter of Rights and Freedoms, the Ontario Human Rights Code, the Education Act and regulations made under the Act.

Assistive Technology

Read&Write for Google Chrome was purchased for all students from Grade 3 to Grade 12. All students can benefit from assistive technology to help support their reading and writing. Read&Write is an easy-to-use browser extension for Google Chrome and is directly compatible with Google Docs, Google Slides and Web pages as well as PDF and ePub files stored in Google Drive. Read&Write for iPad is also available.

For more information, contact your school.
Special Education

Frequently Asked Questions

For Parents/Guardians of Students with Exceptionalities

What is an Individual Education Plan?

An Individual Education Plan (IEP) is developed for each student who has been identified as exceptional by an Identification, Placement and Review Committee (IPRC) within 30 school days of the student’s placement. The IEP is reviewed and updated bi-annually at the beginning of each term/semester.

An IEP is a written plan. It is a working document that describes the strengths, needs and the specific educational expectations of a student with special education needs. It outlines the special education program and services required to meet that student’s needs, and how the program and services will be delivered. It also indicates how a student’s progress will be monitored.

When is the IEP developed?

The IEP is developed within 30 school days. It is updated in September/October of each school year and reviewed in each subsequent term/semester.

Should parents/guardians provide input for the IEP?

The input of parents/guardians is required in order to develop the best IEP possible. Please contact your school to participate in your child’s IEP. For information about the IEP, please see the Ministry of Education document The Individual Education Plan (IEP) – A Resource Guide available online at http://www.edu.gov.on.ca/eng/general/elemsec/speced/guide/resource/index.html. You can also access information about Special Education on the Board’s website at rainbowschools.ca or by contacting the Centre for Education.

What is SEAC?

The Special Education Advisory Committee (SEAC) advises Rainbow District School Board on matters related to special education. The majority of SEAC members are volunteer representatives from parent and community associations. Two Board trustees also sit on the committee. Members of the public are welcome to attend SEAC meetings usually held on the first Wednesday of the month throughout the school year.

I think my child has a special need or learning disability that the school hasn’t identified. What should I do?

First, you should meet with your child’s classroom teacher or the school principal. Every school also has a special education consultant/co-ordinator. In addition, school officials can provide you with the names of parent support groups such as the Learning Disabilities Association of Ontario.

What is an IPRC?

The Identification, Placement and Review Committee (IPRC) meets and decides if a student should be identified as an exceptional pupil, and, if so, the placement that will best meet the student’s needs. Once identified as an exceptional pupil, an IPRC review meeting takes place annually. Additional IPRCs can be scheduled upon the request of the school or the parent/guardian after the placement has been in effect for a period of three months.

When do annual IPRC review meetings take place?

Invitations to annual IPRC meetings are usually extended in early fall or spring.

What is the Transitioned Aged Youth Protocol?

The Transitioned Aged Youth Protocol (TAY) has been developed to ensure an integrated, consistent and transparent plan is in place for each student with a developmental disability. Beginning at age 14, community agencies connected with these students will be invited to participate in the IPRC process to develop a co-ordinated transition plan, supporting students as they transition from services in the child sector to the adult sector.

Where can I find out more about special education or my child’s exceptionality?

Your school can provide you with the Guide to Special Education for Parents/Guardians, a booklet produced by Rainbow District School Board.

The following websites will also be of interest:
- www.rainbowschools.ca
- www.edu.gov.on.ca

Special Education Advisory Committee

SEAC includes representatives from the following:
- Autism Society of Ontario
- Canadian Hearing Society
- Down Syndrome Association of Sudbury
- Learning Disabilities Association of Ontario – Sudbury Chapter

SEAC also includes First Nations members, trustees and members at large in Sudbury, Espanola and Manitoulin.

Schedule of SEAC Meetings

Meetings of the Special Education Advisory Committee (SEAC) are open to the public. SEAC meetings are usually held the first Wednesday of the month during the school year.

Engaging students in new and innovative ways

Student Success Teams
Each secondary school has a dedicated team that provides extra attention and support to students when needed. The Student Success Team works with school staff, students, parents/guardians and the community to ensure more students in Rainbow Schools earn the credits they need to graduate.

Co-operative Education
All students benefit from co-operative education. Through co-operative education, students develop a reflective habit of mind to derive meaning from their experiences, the ability to apply their learning to influence decisions and actions in various aspects of their lives, and the skills, knowledge and habits of mind required to become competent and confident education and career/life planners. To learn more, contact the guidance office or Co-operative Education teacher at your school.

Ontario Youth Apprenticeship Program (OYAP)
This Co-operative Education Program gives senior students an opportunity to begin a career in a skilled trade while attending high school. The program is designed to introduce students to a career path that will lead to skilled trades, provide students with the opportunity to develop trade related competencies and accumulate hours toward a skilled trade as a registered or non-registered apprentice and encourage an early start toward a well paid and satisfying career.

OYAP supports Student Success, particularly through program pathways, the Specialist High Skills Majors and the School College Work Initiative. Students with special needs also have an opportunity to select OYAP as an option.

Registered Ontario Youth Apprenticeship Program (OYAP) apprentices may supplement their Co-op work experience placements with college delivered level one courses as part of their apprenticeship program. Students may have the opportunity to register in any of the 150+ skilled trades. Some of these trades include hairstylist, cook, welder, general carpenter, auto service technician, heavy duty equipment technician, parts technician and automotive glass technician.

Dual Credit Offerings
Students can earn credits that can be applied towards both their secondary school diploma and their post-secondary diploma, degree or apprenticeship certification. Rainbow District School Board is offering a number of Dual Credit Programs in partnership with Cambrian College.

FALL 2020
- College Prep
- Corrections
- Concurrent Disorders, Mental Health & Addictions
- Indigenous Arts and Film
- Personal Finance
- Digital Photography
- Health Promotion Theory
- Trades Practice Applications – Heavy Duty Focus
- Applied Technology 1
- Millwright – Tools, Materials and Fasteners

WINTER 2021
- Cross-Cultural Understanding
- Psychology of Evil
- Introduction to Business Concepts
- Videography
- Introduction to Health Sciences
- Dental Office Management
- Health Promotion Theory
- Trades Practice Applications – Automotive Focus
- Commercial Vehicle & Heavy Duty Equipment – Level 1 Apprenticeship
- General Carpenter – Level 1 Apprenticeship
- Metal Fabricator (Fitter) and Welder – Level 1 Apprenticeship
- Applied Technology (Kenjgewin Teg and Manitoulin Secondary School)
- College Prep (Espanola)

Program Pathways Information Evenings
Information evenings for parents/guardians and students will be scheduled in every high school to focus on senior program opportunities in Dual Credits, Specialist High Skills Major (SHSM) Programs and the Ontario Youth Apprenticeship Program (OYAP)/Co-operative Education. These evenings will highlight recent employment trends to help students set themselves up to be successful in their transition into any post-secondary pathway. Students and parents/guardians can contact their secondary school for the date of their Program Pathways Information Evening.

Experiential Learning
The experiential learning initiative provides meaningful experiential learning opportunities for all students. Schools receive support from the Experiential Learning Co-ordinator to promote student participation, encourage community partner involvement, and build teacher capacity that enables planning and implementation of community-connected experiential learning opportunities.

Volunteering: 40 Hours of Community Service
Every secondary school student in Ontario must complete a minimum of 40 hours of community service before graduation.

Grade 8 students are encouraged to earn a minimum of 10 hours of community service during the summer before entering Grade 9. Students can earn all 40 hours if they wish.

There are many fun and exciting ways to get involved. Visit rainbowschools.ca and click on Programs for information about community involvement, including the process, benefits and tips on getting started.

Before you begin to volunteer, you may wish to:
- Take the time to consider what you want to do and what you want to learn.
- Search for volunteer opportunities in your community.
- Visit your Guidance Office for more information and volunteer postings.
- Find eligible volunteer activities that match your personality, interests and skills.
- Make sure that your volunteer activities meet ministry and school guidelines.
- Send your cover letter, résumé and police background check (sometimes required) to prospective community sponsors/volunteer supervisors.
- Meet with your community sponsor/volunteer supervisor ahead of time to ask questions and tour the organization.
The Specialist High Skills Major (SHSM) is a specialized, Ministry of Education approved program that allows students to focus their learning on a specific economic sector while meeting the requirements of the Ontario Secondary School Diploma (OSSD). SHSMs assist students in their transition from secondary school to apprenticeship training, college, university or the workplace.

Rainbow District School Board offers Specialist High Skills Major (SHSM) programs in 12 sectors: Agriculture, Arts and Culture, Business, Construction, Energy, Environment, Forestry, Health and Wellness, Information and Communications Technology, Manufacturing, Mining and Sports. Each Specialist High Skills Major is a bundle of 8 to 10 courses in a selected field. Students learn on the job and can earn valuable industry certifications. These programs enable students to gain sector specific skills and knowledge in engaging, career-related learning environments, and prepare in a focused way for graduation and post-secondary education, training or employment.

SHSM.rainbowschools.ca

Seven Key Benefits for Students

Pursuing a SHSM enables students to:

1. Customize their secondary school education to suit their interests and talents.
2. Develop specialized knowledge and skills that are valued by the sector and post-secondary education institutions.
3. Earn credits that are recognized by the sector and post-secondary education institutions.
4. Gain sector-specific and career-relevant certification and training.
5. Explore workplace opportunities and build a professional network while engaging in real-world problem solving during a Sector-Partnered Contextualized Experience (SPCE).
6. Identify, explore and refine their career goals and make informed decisions about their post-secondary destination.
7. Remain flexible, with the option to shift between pathways should their goals and plans change.

Math is fun and interactive.

To support your child at home, it's important to understand why and how.

The Math at Home Tip Sheets and math games will show parents/guardians how to make math fun and engaging.

To access the tip sheets and the games, click on the Parents section at rainbowschools.ca.

Math at Home is a Rainbow District School Board Parent Involvement Committee project funded by the Ministry of Education Parent Engagement Office.

Help with math homework

Students in Grades 6 to 10 can take advantage of FREE online help with math.

TVO’s Mathify is the new revitalized Homework Help program.

This online platform continues to offer free online math tutoring from Ontario certified teachers.

Tutors are available Sunday to Thursday from 3:30 pm to 9:30 pm.

The website features a 24/7 interactive whiteboard, full two-way audio chat rooms, is accessible through a phone, tablet or computer, has image upload capabilities and much more.

Funded by the Ontario government and administered by TVO’s Independent Learning Centre, Mathify can be accessed at www.tvomathify.com.

Manitoulin Secondary School

Celebrating 50 years of excellence in education, Manitoulin Secondary School has been reimagined to showcase its geographic location, natural setting, distinct history and rich heritage. All students will see themselves reflected in their surroundings and have a strong sense of belonging at the newly renovated facility.

Renovations not only include upgrades to the building’s automation, water, mechanical and lighting systems, but an inspiring redesign of the entire learning and teaching environment. Throughout the building, architects incorporated natural elements like cedar and limestone, as well as traditional Indigenous culture, like the four elements, cardinal points, the circle of life, and the Seven Grandfather Teachings.

Heavy timber now frames the front doors, which open up to a bright and airy foyer, flooded with natural light. New wooden ceiling beams and a fireplace bring warmth and texture to the space.

The redesigned cafeteria has modern round tables, café-style seating, lounge areas for conversation and quiet. The gymnasium, where new bleachers were installed, has sparkling new floors with a striking decal of the school’s long-time mustang mascot.

The school also features a new library with new technology, updated science lab, an agricultural classroom and refreshed washrooms, including a universal washroom.

The centrepiece of the renovation is the multi-purpose cultural room in the heart of the building. A Three Fires Indigenous student space, it offers a central open area for ceremonies, smudging, drumming, storytelling, and teaching – all with a view through the main lobby to the main entrance and the central courtyard with benches, picnic tables, plants, trees and the sky above.

The revitalization of Rainbow Schools continues...
K to 12 School in Chelmsford

Chelmsford Valley District Composite School has been retrofitted to create a Kindergarten to Grade 12 school offering JK to 8 (English and French Immersion) and Grade 9 to 12 (English Program). The retrofit includes LED lighting with occupancy sensors, a building automation system and new energy efficient roof top units for heating and cooling.

Chelmsford Public School has been consolidated into the Chelmsford Valley District Composite School building as of September 1, 2020. The school is also welcoming Grade 7 and 8 students from Larchwood Public School, which is now a JK to Grade 6 school.

Grade 7 and 8 at Lasalle Secondary School

Lasalle Secondary School welcomes Grade 7 and 8 students from Adamsdale Public School, Carl A. Nesbitt Public School, Churchill Public School and Cyril Varney Public School on September 1, 2020.

A portion of Lasalle Secondary School has been renovated to accommodate the senior elementary students who will also have access to the new sports dome at the school. The renovations include energy efficient LED lighting.

The Grade 7 and 8 wing has 10 classrooms. Modern and bright, they are equipped with smart projectors, whiteboards and new furniture to inspire 21st century learning.

JK to 6 French Immersion School in New Sudbury

Construction is underway on a new French Immersion JK to Grade 6 school on the Lasalle Secondary School site. The new school, scheduled to open in September 2022, will accommodate students from Ernie Checkers Public School, Carl A. Nesbitt Public School and Westmount Avenue Public School.

The new build will incorporate a number of green features as Rainbow District School Board continues to make sustainability a priority, including R30 exterior walls, heat recovery system, toilets and urinals with sensor activated flush valves, a building automation system and LED lighting with occupancy sensors.

Lo-Ellen Park Secondary School

Interior and exterior work has been completed at Lo-Ellen Park Secondary School. The main entrance is now located at the ground level next to the newly renovated library. The long stairs leading up to the school have been removed and the foyer has been redesigned into a bright, modern cafeteria with a café style setting.

The former cafeteria has been repurposed into two classrooms. An additional classroom on the third floor is now a modern science lab. The project includes new heat recovery units, LED lighting and a building automation system.

A word about accessibility

To learn more about the accessibility of school facilities, click here: https://www.rainbowschools.ca/about-us/our-values/accessibility/

Please contact the main office if you require assistance.

Drinking Water Reports available online

The Government of Ontario has introduced more stringent requirements for flushing and testing of drinking water taps in schools to reduce children’s exposure to lead in drinking water.

New amendments to Ontario Regulation 243/07 that took effect July 1, 2017 now require lead testing for all fixtures used to provide drinking water and/or prepare food or drink for children under 18. To access the legislation, a fact sheet for parents/guardians, and drinking water reports for Rainbow Schools, visit https://www.rainbowschools.ca/parents/drinking-water-reports

Enough for all forever: Action on Climate Change

At its regular meeting on September 24, 2019, Trustees approved a motion that Rainbow District School Board declare a climate change emergency and create a climate change action plan including having 100% of Rainbow Schools certified as EcoSchools within three years, with each school committed to reducing its carbon footprint and increasing sustainable practices.

To date, 60 percent of Rainbow Schools have earned certifications.

The Ontario EcoSchools program provides students with proficiencies, perspectives and practices that help them become environmentally responsible citizens inside and outside of the classroom.

Certification recognizes achievement in six key areas:
1. ecological literacy,
2. energy conservation,
3. environmental stewardship,
4. school ground greening,
5. teamwork and leadership, and
6. waste minimization.
Parental Involvement

Improves Student Achievement

Students benefit. Schools flourish.

As a child’s first teacher, parents/guardians are important partners in the learning process. Your involvement in your child’s education gives you the opportunity to strengthen that partnership and to be part of a team dedicated to building collaborative learning environments for young people.

When strong links are developed between home and school, students benefit and schools flourish. By supporting classroom lessons and reinforcing good behaviour, you will be making significant contributions to your child’s success inside and outside of the classroom.

All of us in Rainbow Schools are committed to working in partnership with parents/guardians. We encourage you to take an active interest in your child’s education. The helpful hints and handy tips in this publication are designed to inform and inspire you to expand your roles as teachers, nurturers and mentors at home, at school and in the community.

Help your Child Succeed

Be generous with praise
Observe your child carefully and comment on the things that are done well. When you see an area that needs improvement, find a positive way to talk about it with your child.

Encourage personal best
Help your child by encouraging him or her to do the best in school and at home. Remember, personal best does not mean perfect, and learning is not the same as high grades. Children, like adults, need the freedom to make mistakes and to learn from them.

Make learning a priority
Your attitude toward school attendance, education and involvement in the school makes a strong and lasting impression on your child. Show your child, by example, that learning is a priority.

Show interest in school work
• Talk about school each day.
• Ask to see class work.
• Have your child read aloud to you.
• Show appreciation for good efforts.
• Read to and with your child from a variety of material.
• Encourage your child to discuss new ideas and opinions.

Make direct contact with the school
Try to make early and positive contact with your child’s teacher. Visit the school or phone your child’s teacher with any questions or concerns.

Volunteers Welcome

Volunteers are an essential part of Rainbow school communities. Across the Board, volunteers participate in a wide range of activities that support student success and enhance the quality of Rainbow Schools.

Good schools become that much better with the active participation of parents/guardians in special events, including school fairs, information nights and music, drama and sports activities.

Contact your child’s school for more information about how you can become a volunteer.

Board-wide events

- Take Our Kids to Work Day (Grade 9): November 4, 2020
- RDSB Science Fair: March 2, 2021
- Technological Skills Competition: March 3, 2021
- Sudbury Regional Science Fair: April 10 and 11, 2021
- Math, Science and Technology Olympics: April 15, 2021
- Joan Mantle Music Trust International Dinner: April 17, 2021
- Célébrons Franco-Rainbow Core French and French Immersion: April 21, 2021
- Earth Day: April 22, 2021
- Mock Trial Competition: May 2021
- Music Monday: May 3, 2021
- Education Week: May 3 to 7, 2021
- Sudbury Regional Heritage Fair: May 6 and 7, 2021
- Elementary Schools of Rock: June 2, 2021
- Elementary Entrepreneur Fair: June 3, 2021
- Sharing Dance Day: June 10, 2021

Triple P: Positive Parenting Program

Sudbury / Espanola / Manitoulin

Triple P aims to build strong, healthy relationships by supporting parents to:

• Teach children new skills
• Encourage good behaviour
• Set rules and instructions that your children will follow
• Use discipline strategies that work
• Take care of yourself as a parent

Positive Parenting Seminars

Free positive parenting seminars will be presented in partnership with local organizations that support children.

Triple P is a parenting program that will give you a toolbox of ideas. You choose the strategies you need. You choose the way you want to use them. Because all families are different, Triple P has a number of options. Choose from public seminars, group courses or you can even do Triple P Online, at home.

To register, visit www.triplepsudbury.ca

For more information, please call:
705.566.3416 (Sudbury / Espanola)
705.368.2002 (Manitoulin)
1.877.272.4336 Toll Free

EVENTS ARE SUBJECT TO CHANGE DUE TO COVID-19.
In Rainbow Schools, we believe that education is a shared responsibility between the home, the school and the community. Supportive parents, caring educators and active community members are partners in education working together for the benefit of children.

We welcome and encourage the participation of our partners in education in our schools and on our parent organizations, including School Councils and the Board-wide Parent Involvement Committee (PIC).

What are School Councils?
School Councils are an important part of Rainbow Schools. Elected annually, they provide a forum through which members can contribute to improving student achievement and school performance.

Working in an advisory capacity, School Councils provide input and make recommendations to the school Principal and the Board on a wide range of topics. Examples of areas that may require consultation with School Councils include school budgets, school renovation plans, provincial test results, student code of conduct and parental involvement.

If you are a parent/guardian interested in joining the School Council at your child’s school, please complete the Candidate Nomination Form. If you have any questions about homework, please contact the Principal of your child’s school.

What is the Parent Involvement Committee?
The Parent Involvement Committee (PIC) enhances the learning environment for students by engaging parents/guardians in Rainbow Schools.

The Parent Involvement Committee provides a forum for School Council members in Rainbow Schools to network, share ideas and provide input. Each School Council will appoint a parent member to attend a minimum of one Parent Involvement Committee meeting during the school year.

What role can you play?
Participating on School Council is a rewarding experience for those who value the opportunity to improve student success and enhance school communities. By becoming involved, you will...

- Be an important partner in education
- Be a good role model

The ABCs of parental partnerships
At home, at work or at school, there are many ways parents/guardians can contribute to their child’s education.

A - At Home
- Work in collaboration with the school
- Read to and with your child
- Tutor your child and/or other students
- Refer to A Guide for Students and Parents/Guardians and rainbowschools.ca throughout the school year
- Involve your child in daily activities such as banking and cooking

B - At Work
- Display your child’s work
- Support job shadowing
- Hire a summer student
- Offer Co-op or OYAP placement opportunities
- Organize workplace tours and visits

C - At School
- Volunteer to help out with school events
- Take part in fundraising activities
- Attend parent-teacher interviews
- Support the school’s special presentations and programs for parents/guardians
- Attend information nights, school fairs, school concerts and sports activities
- Showcase your trade or profession at career fairs
- Coach a sports team
- Join a School Council
- Attend a Parent Involvement Committee (PIC) meeting

Visit rainbowschools.ca and click on Parents for resources and helpful hints.

Parent Involvement Committee
The Parent Involvement Committee (PIC) provides a forum for School Council members in Rainbow Schools to network, share ideas and provide input. Each School Council will appoint a parent member to attend a minimum of one Parent Involvement Committee meeting during the school year.

2020-2021 Schedule of Meetings

- **Tuesday, October 20, 2020**
  - Annual General Meeting - 6 pm
  - Panel discussion - 7 pm
  - Topic: Education in an Era of COVID-19
  - Location: To be determined

- **Tuesday, December 1, 2020 at 7 pm**
  - Topic: Recovery and Resilience During a Pandemic

- **Tuesday, January 5, 2021 at 7 pm**
  - Topic: Financial Literacy

- **Tuesday, February 23, 2021 at 7 pm**
  - Topic: Specialist High Skills Major (Red Seal)

SPECIAL PRESENTATION

- **Wednesday, April 14, 2021**
  - 6 pm to 8 pm
  - Topic: Safe Schools and Violence Threat Risk Assessment with guest speaker Kevin J. Cameron
  - Location: Lockerby Composite School Auditorium

- **Tuesday, May 11, 2021 at 7 pm**
  - Topic: Brainstorming for 2021-2022 School Year

For more information about the Parent Involvement Committee, talk to your school Principal, visit rainbowschools.ca or phone 705.674.3171, ext. 7217.

If you have any questions about homework, please talk to your school’s Principal. To learn more, visit rainbowschools.ca.
Anaphylaxis Alert!

Communities Working Together To Protect Our Children

Many children have allergies. Some allergic reactions can be life threatening. This medical condition is called anaphylaxis. Some children, for example, are severely allergic to nut products, including peanut butter or other severe allergens that may also lead to anaphylaxis. Even a tiny bit can be fatal within minutes.

Rainbow District School Board promotes co-operation towards nut-controlled schools.

However, we cannot guarantee a nut-free environment.

We caution parents/guardians of an anaphylactic child that traces of nut products can be hidden. Students can fail to recognize they have nut products in their lunches, and/or students may not admit that they have nut products.

Please contact your school Principal as soon as possible.

If you are a parent/guardian of a child with a life-threatening allergy, we need your co-operation in providing the school with current medical information and in developing a plan with your child’s Principal to protect your child from danger.

Please also contact the Sudbury Student Services Consortium at 705.521.1234 and inform your child’s bus driver of your child’s condition.

Avoiding Peanuts in Schools

We encourage all parents/guardians to send foods to school without nuts or nut products.

- www.allergyasthma.on.ca
- www.foodallergy.org
- www.anaphylaxis.org

Parents may be asked to avoid packing lunches with other foods that could result in a severe allergic reaction for another student.

TIPS for Packing

Nut-controlled lunches and snacks

READ all ingredient lists very carefully. Although some food product labels note may contain traces of peanuts, this information is not consistently provided by all manufacturers.

RE-CHECK the list each time you buy a product to make sure that the ingredients have not changed. If you have questions about the product, contact the manufacturer directly. If you cannot contact the manufacturer, do not purchase the product.

AVOID any products that do not carry a complete list of ingredients (e.g. on-site bakery and bulk food products). As well, there is a much greater risk for cross-contamination with bulk food products. Safe foods become unsafe through contact with peanuts or peanut products. Keep this in mind when buying foods from bulk bins.

PREPARE FOOD SAFELY. Wash hands thoroughly and make sure that all cutting boards, food preparation utensils, counter tops and containers are clean and sanitized. Peanut residue can easily be passed on to other foods during preparation (e.g. don’t dip the knife used to spread peanut butter in the jelly jar).

TEACH children to wash their hands and faces well with soap and water before and after eating meals, both at home and at school. Remind them not to share their lunch and snack foods, utensils or food containers with classmates.

WORK with your school community to create a nut-controlled environment.

PLEASE DO NOT send peanut butter substitutes to school. It is difficult to tell the difference between a substitute and real peanut butter. We cannot rely on labelling. Let’s err on the side of safety.

Asthma-Friendly Schools

Many children have asthma.

Some asthma attacks can be life threatening. Rainbow District School Board staff receive asthma education and training on recognizing triggers and symptoms.

Please contact your school Principal as soon as possible.

If you are a parent/guardian of a child with asthma, we need your co-operation in providing the school with current medical information and in developing a plan with your child’s Principal to protect your child.

Please also contact the Sudbury Student Services Consortium at 705.521.1234 and inform your child’s bus driver of your child’s condition.

Students under 16 years of age who have parental permission are permitted to carry their own asthma medication with them at school.

Students 16 years of age and older do not require parental permission.

Plan of Care

Students with anaphylaxis, asthma, diabetes and epilepsy will have a personalized Plan of Care. The school principal, parents/guardians, the student and relevant medical professionals will develop the Plan of Care collaboratively at the beginning of the school year. The Plan of Care will outline the student’s medical condition, provide a detailed plan of care, and list the appropriate personnel with whom the plan is to be shared.
Rainbow District School Board does not provide accident insurance coverage for student injuries that occur on school premises or during school activities.

Accidents can and do happen.

Some injuries result in medical, dental or other expenses that are not covered by provincial health care or employer group plans. As a parent or guardian, you become responsible for these expenses.

Rainbow District School Board has an Accident and Life Insurance Program available for students. Participation in this program is voluntary and the costs are to be paid by the parent or guardian.

For your convenience, Rainbow District School Board has arranged a Student Accident Insurance Policy exclusively through Old Republic Insurance Company of Canada (Old Republic Canada). This program offers a variety of plans and benefits at affordable prices. Benefits include dental expenses (resulting from an accident), total and permanent disability, paralysis/loss of use, special disability benefits and death benefits.

If your child participates in co-curricular activities or activities outside the school day, there is a plan tailored to your needs. All rates are one-time annual premiums.

The insurance agreement is between you and Old Republic Insurance Company of Canada (Old Republic Canada). If you wish to subscribe, apply directly online at www.insuremykids.com.

Any questions should be directed to:
Old Republic Insurance Company of Canada (Old Republic Canada)

Rainbow District School Board
brings learning to life in 31 elementary school buildings and 9 secondary school buildings.
Approximately 13,492 students are enrolled in Rainbow Schools.

Rainbow District School Board covers a geographic area of 14,757 square kilometres in Sudbury, Espanola and Manitoulin.

Rainbow District School Board’s approved budget for the 2020-2021 school year is $212 million.
myBlueprint provides students in Grades 7 to 12 with a simple step-by-step approach to career and life planning. Students can build customized high school course plans, identify post-secondary options and explore valuable information about apprenticeships, college programs, university programs and workplace opportunities across Canada. With direct access from home, parents/guardians can also get more involved in their child’s education.

**Getting Started Guide for Parents/Guardians**

- **EXISTING USER?**
  1. Visit [www.myBlueprint.ca/login](http://www.myBlueprint.ca/login)
  2. Enter your email address and myBlueprint password in the Existing User Box
  3. Click Log In
  
  **Forgot your password?** Click on “Forgot your password?”

- **CREATE YOUR PARENT ACCOUNT**
  1. Visit [www.myBlueprint.ca/rainbow](http://www.myBlueprint.ca/rainbow)
  2. Click the Sign Up tab in the top right corner
  3. Select your child’s (future) high school from the list and click Create Account
  4. Select your account type: Family
  5. Select Student’s grade range, then Continue
  6. Fill out the sign up pages then Continue
  7. You can add your child’s email address to link to their account
  8. Click Continue
  
  **Don’t know your child’s email address?**

  Follow the “Link with your Child” instructions below.

- **LINK WITH YOUR CHILD (Optional)**

  If you did not link to your child’s account at sign up, follow these steps:
  1. Log in to your account
  2. Click Add Student
  3. Enter their email address and click Add Student
  4. Once matches are found, it will send a request for approval.

---

**School Cash Online**

Parents/guardians can sign up for School Cash Online, an easy way to pay for school activities and events, including field trips, hot lunches, athletic fees, spirit wear and more.

School Cash Online is safe, simple, secure and saves time.

Students will no longer be required to bring money to school, parents/guardians will be able to pay for school items through a secure online system from anywhere at anytime, and school staff will no longer need to collect, count and deposit as much money as they have in the past.

If all parents/guardians sign up for School Cash Online, handling money will be eliminated altogether.

Parents can pay for school items through eCheque or credit card.

They can also deposit funds in a feature called “myWallet” and draw from these funds, as needed.

---

**Sign up today!**

An easy way for parents to pay:

School Cash Online

Through School Cash Online, parents/guardians will be able to easily track expenditures for each child. School staff will be able to easily track funds and generate summary reports.

Parents/guardians are invited to sign up at rainbowschools.schoolcashonline.com.

---

*Note: If you do not have access to a computer, please visit your child’s school. Staff will be pleased to help you sign up for School Cash Online.*
Rainbow District School Board is inviting students from around the world to live in Sudbury and learn in Rainbow Schools.

Students will enjoy the excitement of an urban environment with the comfort and safety of small-town living.

Students may apply to earn credits over the course of one or more semesters, or participate in a short-term culture and language immersion program.

International students, from Grades 7 to 12, will have a broad selection of courses to choose from, including the International Baccalaureate Program and Advanced Placement Program.

Support with learning English will enable students to build a foundation for success in their overall studies.

Learning alongside students from around the world enriches students in Rainbow Schools, as they develop global competencies and/or intercultural understanding.

Why study with Rainbow International?

- Rigorous academics with extensive university/college preparation
- Direct access to post-secondary university/college education
- Comprehensive industry and university/college Co-operative Education opportunities
- Supportive English Language Learning programs
- Low ratio of international students to Canadians
- Modern approach to 21st century education
- High quality educators
- Purposeful educational activities that tackle relevant global challenges
- Leadership challenges that promote volunteerism and diversity

Rainbow Schools are exciting places to be, where diversity is valued and celebrated, and learning is relevant and fun.

Canada Homestay Network

The Canada Homestay Network matches international students with families who are eager to provide a home away from home.

Staying with a Canadian family while studying at Rainbow International provides an authentic Canadian experience and improves English language learning.

Canada Homestay Network

If you would like to welcome an international student into your home, please email study@rainbowschools.ca or call 705.674.3171, ext. 7477.

To learn more, visit rainbowschools.ca.

Globalized Classrooms

Rainbow District School Board nurtures global citizens through a comprehensive 21st century education.

Welcoming students from around the globe into classrooms enriches Rainbow Schools as students learn through diversity in experience and perspective.

Rainbow District School Board’s commitment to international education directly aligns with the goal of developing in all students the global competencies of character, citizenship, communication, collaboration and creativity.
Attention Parents/Guardians

Important Dates

Please ensure your child is at school to write these important provincial assessments administered by the Education Quality and Accountability Office.

Assessments
Primary EQAO Assessment
Cancelled for the 2020-2021 school year
Junior EQAO Assessment
Cancelled for the 2020-2021 school year
(reading, writing and math)
Grade 9 math EQAO Assessment

Semester One
January 11 to 22, 2021
Semester Two
June 3 to 16, 2021

Literacy Test
Ontario Secondary School Literacy Test
Written on
April 8, 2021
Successful completion of the OSSLE is a graduation requirement in secondary schools. For more information, visit www.eqao.com.

Secondary School Information Nights
Information nights in Rainbow Secondary Schools will give students and their parents/guardians an opportunity to ask questions and explore options. All Grade 8 students and their parents/guardians are invited to participate in these evening sessions, regardless of which elementary school students currently attend.

Please contact schools for start times.

Inclement Weather
In the event of inclement weather, listen to the radio for cancellation of buses and classes, visit www.businfo.ca, or follow @bus_info1 on Twitter.

In the interest of the safety and well-being of staff and students, classes will be cancelled when weather conditions warrant such action.

To find out if schools are closed or buses are operating, please listen to the radio. Every attempt will be made to announce class cancellations on the various radio stations by 7 am.

When transportation is cancelled, Rainbow District School Board staff are expected to report to work when it is safe for them to do so.

For school bus cancellations and school closures, visit rainbowschools.ca and click on Transportation.

If you would like inclement weather notices emailed to you, please contact the Sudbury Student Services Consortium at trans@businfo.ca.

Parents/guardians of elementary students
Please notify your child’s school of all absences, including when your child will be absent because transportation has been cancelled. This is very important for our safe arrival program.

First Semester
Secondary School
September 8, 2020 to February 4, 2021

Second Semester
Secondary School
February 5, 2021 to June 29, 2021

Examination Days
Secondary School
January 29 to February 4, 2021
June 23 to 29, 2021

Please Note:
Parents are asked to note examination dates and avoid scheduling vacations during this period.

Professional Activity Days
Secondary School
September 1, 2020
September 2, 2020
September 3, 2020
October 2, 2020
February 5, 2021
April 19, 2021
June 11, 2021

Board Meetings
Board meetings are open to the public. Meetings are held at the Centre for Education, 408 Wembley Drive in Sudbury, on Tuesdays beginning at approximately 5 pm.

Regular Board meetings in the Ernie Checkers Boardroom are livestreamed and archived.

Please confirm location and start time by calling 705.674.3171, ext. 7216 or visit our website rainbowschools.ca.

Schedule of Meetings
September 1, 2020
September 2, 2020
September 3, 2020
October 2, 2020
November 17, 2020
December 8, 2020
December 23, 2020
January 26, 2021

Strategic Planning Committee meetings will be livestreamed. Visit rainbowschools.ca for a schedule of meetings.

Transportation
The Sudbury Student Services Consortium oversees the transportation of close to 21,000 students on 400 buses daily for the four area school boards in the Sudbury, Espanola, Massey and Manitoulin Districts.

For more information about transportation, including student eligibility and bus cancellation procedures, please call the Sudbury Student Services Consortium at 705.521.1234 or toll free at 1.877.225.1196 (from 7 am to 5 pm, Monday through Friday), email trans@businfo.ca or visit www.businfo.ca. Follow @bus_info1 on Twitter for inclement weather days.
