to life.*

The English Program

is exclusively in English and includes a Core French component, which begins in Grade 4. Students learn French through songs, games, drama and interactive activities for a specified period of time daily.

French Immersion

immerses children in the French language, including cultural experiences, when they begin school. English language instruction is introduced in Grade 3 and gradually builds to a balance of French and English instruction by Grade 5. This ensures that students gain effective bilingual skills. This program is designed for English speaking parents/guardians so they may support their children to become bilingual.
