3. Westmount

Director Blaseg reminded trustees that Westmount PS will be surplus to Rainbow DSB as of September 2022 when the new French Immersion school on the Lasalle Secondary School site is complete and ready for students and staff. Director Blaseg spoke about the number of programs and services that Rainbow offers for which there is no school site. Director Blaseg also noted that there are many gaps in community supports for students and their families.

Superintendent Wachnuk provided additional information about the gaps in services, adding that some students have to travel to southern Ontario to get the

help they require, forcing students to leave their families, their homes and their communities. The vision is to consolidate current programs into one location. Community agencies would continue to support students at this one location.

Mary Jago (Mental Health Lead) spoke about the challenges of mental health. She stressed the importance of meeting the needs of our very complex students. She spoke about current service challenges, how these will be address and how new programs will work to fill the gaps.

Brien Managhan also provided trustees with background of the Northern Support Initiative (NSI) program and how Rainbow students benefit from this program.

Patrick Hopkin, Principal of Jean Hanson PS, spoke about the Alternative Intervention Program (ALTA), the type of students who benefit from this program, the focuses of the program and the staff attached to this program.

Patrick Hopkin also provided trustees with information about Jean Hanson PS's Intensive Support Program (ISP) and the supports available to students who are enrolled, with the end goal always being the student's return to the home school.

Dr. Patricia Ross, Chief Psychologist, provided information about what services the psychology team can offer to students as they transition in and out of the program, as well as support during their involvement in the program.

Patrick Hopkin spoke about the Functional Skills and Behavioural Support Program (FSBSP) available to students who meet specific criteria.
