**RE: FOURTH CONFIRMED CASE OF COVID-19 AT ADAMSDALE PUBLIC SCHOOL**

Dear Parents/Guardians:

Public Health Sudbury & Districts has advised Rainbow District School Board that a second confirmed case of COVID-19 has been reported in the Grade 5/6 class in Room 5 at Adamsdale Public School that was dismissed on Friday, September 24, 2021. There are currently four confirmed cases of COVID-19 at Adamsdale Public School.

The individual is currently self-isolating and being monitored by Public Health Sudbury & Districts. The school has been cleaned and disinfected.

As a result of this second confirmed case, Public Health Sudbury & Districts has declared a COVID-19 outbreak at Adamsdale Public School. **Adamsdale Public School remains open for in-person learning. The outbreak is contained to the Grade 5/6 class in Room 5 that is currently self-isolating.**

An outbreak in a school is defined as **two** or more lab-confirmed COVID-19 cases in students or staff (or other visitors) in a school where at least one case could have reasonably acquired their infection in the school.

There is no change in the Public Health guidance as a result of this second confirmed case. **Students in the Grade 5/6 class in Room 5 continue to self-isolate to and including September 27, 2021.** The affected students, their parents/guardians and relevant staff have already been notified and received a letter from Public Health with specific guidance. Direction for staff is based on immunization status.

**There is no impact on childcare and before and after school programs.**

**For students and staff who have not been asked to self-isolate as part of this confirmed case, the following applies:**

- Simply passing by an infected person in the hallway is not considered close contact, and the risk of spreading the virus this way is extremely low.
- Remember to screen for COVID-19 daily. Continue to use the **COVID-19 Screening Tool for Children in School and Child Care** <https://covid-19.ontario.ca/school-screening/> to monitor for symptoms and follow the direction provided. **Anyone who is sick must stay home.**

Remember to follow the critical ongoing COVID-19 prevention measures:

- Wash your hands often with soap and water or alcohol-based hand sanitizer.
- Sneeze and cough into your sleeve.
- Avoid touching your eyes, nose, or mouth.
- Stay home and [isolate](#) if symptoms appear.
- Practise two-metre physical distancing.
- **Wear a mask** at all times in indoor public spaces.

When outdoors, students are encouraged to maintain physical distancing.

We continue to work closely with Public Health as we implement ongoing health and safety protocols to limit the spread of COVID-19.

We will monitor our school population closely for any signs of COVID-19 and follow the guidance from Public Health.

Public Health continues to investigate the situation and if any risks to the school community are identified, they may direct additional measures.

Updated information will be posted on the Board's COVID-19 Advisory Section at the following link:
