ENGLISH PROGRAM

The English Program includes a Core French component beginning in Grade 4. Students are introduced to the French language through songs, games, drama and interactive activities for a specified period of time daily.

FRENCH IMMERSION

French Immersion immerses children in the French language, including cultural experiences, when they start school.

English language instruction is introduced in Grade 3 and gradually builds to a balance of French and English instruction by Grade 5. This ensures that students gain effective bilingual skills.

This program is designed for English speaking parents/guardians so they may support their children to become bilingual.
