

Rainbow Schools

# A Guide for Students and Parents/Guardians

2024-2025

**Aanii • Hello • Bonjour**

Sudbury • Espanola • Manitoulin

*Reaching minds. Touching hearts.*

# Leaders in learning

## Welcome to the 2024-2025 school year!

In Rainbow Schools, we instill in students the skills they need to lead independent and productive lives. We also build responsible and respectful citizens who care about each other and the world in which they live.

Parents/guardians are encouraged to take an active interest in their child's education. Ensuring your child attends school regularly is a good place to start. When parents/guardians value education, students value education. There is a strong correlation between attendance and achievement.

We also invite community partners to help us mentor and nurture their future workforce.

When the home, the school and the community work together, we maximize learning opportunities for students and help them achieve their full potential.

We are leaders in learning, inspiring success for all students by reaching minds and touching hearts.

**David Farrow**

*Chair, Rainbow District School Board*

# Preparing lifelong learners

## There's excitement in the air as the new school year begins.

Our first priority will be to create warm and welcoming environments where all students feel a sense of belonging at school and a connection to their school community.

We invite parents/guardians to be part of the learning journey by getting involved in their child's education. Regular attendance at school and daily practice at home will go a long way in supporting student success.

Just like there are opportunities for students to participate in sports and clubs, there are many opportunities for parents/guardians to engage in school life, including membership on School Councils.

Please take a moment to review the Guide for Students and Parents/Guardians. It contains important information about services, programs, policies and procedures.

Together, we prepare students to become lifelong learners, achieving their full potential as confident, caring members of society.

Thank you for joining with our amazing administrators, and dedicated and talented teachers and support staff to make 2024-2025 the best school year ever.

**Bruce Bourget**

*Director of Education, Rainbow District School Board*

## Executive Council

**Bruce Bourget**  
Director of Education

**Lesley Fisher**  
Superintendent of Schools

## MISSION

Together, we prepare students  
to become lifelong learners,  
achieving their full potential  
as confident, caring  
members of society.

# Kindergarten in Rainbow Schools

## Something exciting is happening for four and five-year-olds!

- ◆ Four and five-year-olds attend school all day, every day.
- ◆ Open-ended materials spark children's natural curiosity.
- ◆ Classroom and outdoor learning environments are designed to maximize children's learning through play and inquiry.
- ◆ During our two-year program, children become involved in exciting projects that interest and engage them.
- ◆ Before and after school programs complement daytime experiences.

## Information Nights

### For the English Program

Wednesday, January 15, 2025  
5:30 pm to 6:30 pm

### For French Immersion

Thursday, January 16, 2025  
5:30 pm to 6:30 pm

*Schools offering English and French Immersion will host one Information Night on January 16, 2025.*

## Register for Kindergarten

Please bring your child's identification documents to the Kindergarten Information Night. Identification documents include:

- **Proof of address** (Utility/tax bill, residential purchase/lease agreement, residential phone/Internet bill)
- **Proof of birth** (Birth Certificate, Canadian Passport, birth registration, or citizenship card)
- **Proof of custody where applicable** (Custody orders, court-ordered Guardianship)
- **Immunization records**

To register in advance, please complete the Elementary Registration Form at <https://www.rainbowschools.ca/register-now/registration/>. Completed forms can be emailed directly to schools or sent to [info@rainbowschools.ca](mailto:info@rainbowschools.ca).

**Note: The registration process is not complete until school staff have reviewed the required identification documents.**

## Enrolment

For enrolment in Kindergarten, your child must be four years of age by the end of the calendar year. Parents/guardians can enroll their children in the English Program or the French Immersion Program.

The English Program includes a Core French component beginning in Grade 4. Students are introduced to the French language through songs, games, drama and interactive activities for a specified period of time daily.

French Immersion immerses children in the French language, including cultural experiences, when they start school.

English language instruction is introduced in Grade 3 and gradually builds to a balance of French and English instruction by Grade 5. This ensures that students gain effective bilingual skills. This program is designed for English speaking parents/guardians so they may support their children to become bilingual.

## Register early and reserve your child's spot for Kindergarten orientation

All Rainbow Schools will offer an orientation for children who are starting Kindergarten in September 2025. At the orientation session, families will connect with Kindergarten teachers, early childhood educators, school personnel and staff from community agencies.

# Seamless entry

## From licensed child care into school

Enroll your child in before and after school programs and pre-school child care being offered at area Rainbow Schools. **Please contact service providers directly to confirm availability.** Access a list of providers at:  
<https://www.rainbowschools.ca/parents/child-care-and-earlyon-services/>

Families wishing to access child care in the City of Greater Sudbury must apply to the Child Care Registry first if their child is not of school age.

Child and Family Centre

## Supporting home, child care and school

### EarlyON Child and Family Centres

located in schools offer children 0 to 6 years of age and their families a place to meet, to learn and to grow together.

There are several EarlyON Centres, including the following in Rainbow Schools:

- ◆ A.B. Ellis Public School (*Our Children, Our Future - Outreach*)
- ◆ Adamsdale Public School (*Our Children, Our Future - Outreach*)
- ◆ Algonquin Road Public School (*South End Centre*)
- ◆ C.R. Judd Public School (*Our Children, Our Future - Outreach*)
- ◆ Central Manitoulin Public School (*Manitoulin Centre - Outreach*)
- ◆ Charles C. McLean Public School (*Manitoulin Centre - Outreach*)
- ◆ Copper Cliff Public School (*Copper Cliff Centre*)
- ◆ Lansdowne Public School (*Better Beginnings Donovan Centre*)
- ◆ Lasalle Elementary School (*New Sudbury Centre*)
- ◆ Levack Public School (*Our Children, Our Future - Outreach*)
- ◆ Little Current Public School (*Manitoulin Centre*)
- ◆ Lockerby Composite School (*Our Children, Our Future South Central Centre*)
- ◆ Northeastern Elementary School (*Garson Centre*)
- ◆ S. Geiger Public School (*Our Children, Our Future LaCloche Centre*)

## At your local centre, you will be able to:

- ◆ give your child the chance to play and make friends
- ◆ meet other parents/caregivers
- ◆ learn more about your child's development
- ◆ help prepare your child for school
- ◆ enroll your child in a child care or pre-school learning program
- ◆ receive support and resources for your child
- ◆ have fun

To learn more, visit [rainbowschools.ca](https://www.rainbowschools.ca), Parents section, Child Care and EarlyON Services.

## Community Use

Rainbow District School Board welcomes community groups into its schools to provide programs, services and activities. As safe, caring, nurturing and familiar environments that are close and convenient, schools have wonderful facilities to offer their neighbours.

This includes gyms, libraries, auditoriums, lecture halls, cafeterias and classroom space. If your group is interested in offering activities during the evenings and on weekends, we want to hear from you.

For more information, visit [communityuse.rainbowschools.ca](https://www.rainbowschools.ca) or contact 705.674.3171, ext. 7259.

## Lancer Dome

Enjoy soccer and more year-round in our multi-use sports facility, the first of its kind in Greater Sudbury. Located at Lasalle Secondary School, 1545 Kennedy Street in Sudbury, the Lancer Dome gives the community access to covered artificial turf in all seasons.

The Dome can be booked for a variety of sports and sporting activities, from soccer to cricket, flag football, lacrosse, ultimate frisbee, slo-pitch and dryland training. Whether you're an organization or a group of individuals, the Dome provides a great space to get active in rain, sunshine, snow or sleet.

Learn more: <https://www.rainbowschools.ca/community/community-use-lancer-dome/>

# Secondary Schools Specialized Programs

Busing to Rainbow District School Board's four specialized secondary school programs is offered to students within Greater Sudbury.

## Arts Education Program

Sudbury Secondary School offers academic, athletic and superior arts education in a state-of-the-art facility. Arts Education includes comprehensive training in dance, theatre, instrumental music, vocal music, media studies and visual arts from educators who are specialists in their disciplines. The arts wing features the city's best-equipped dance studio, drama studio/black box theatre, media lab with green screen, visual arts studios, Mac lab, photography classroom and darkroom, vocal and instrumental music rooms and practice rooms, and a spectacular 450-seat auditorium to showcase student talent. At Sudbury Secondary School, students earn an Arts Education Certificate in addition to their Ontario Secondary School Diploma. Students also have the option to graduate with a French Immersion certificate and provincially recognized Specialist High Skills Major in Arts and Culture, Health and Wellness, or Custom Woodworking.

## The International Baccalaureate Program

The International Baccalaureate Organization offers an enriched and comprehensive curriculum that promotes active global citizenship. This internationally recognized program encourages critical thinking, research skills, inquiry and reflection. The IB curriculum, together with learning through creativity, activity and service, inspires both academic and personal growth. IB students will be engaged with in-depth subject knowledge that is recognized by post-secondary institutions around the world. Students graduating with an IB Diploma can earn up to three first-year university credits. The IB Program is available at Lo-Ellen Park Secondary School to all students who have the required interest and aptitude.

## Innovative Integrated Technology Program

The Innovative Integrated Technology Program (InIT) at Lively District Secondary School combines a variety of core subjects with innovative technology classes.

Lively District Secondary School works in partnership with businesses and industry to provide relevant and meaningful activities to students through job shadowing, field trips and industry recognized certifications that prepare them to become competitive in a global market. The InIT program encourages problem-solving through the design process, integrating digital technology and industry standard software and hardware. Students also have an opportunity to incorporate involvement in one of four provincially recognized SHSM programs in Mining, Information and Communications Technology, Environmental Studies, or Sports and Fitness. In order to meet the requirements for an InIT certificate, college-bound students will be required to complete six technology courses and maintain a minimum 70 per cent average. University-bound students will be required to complete four technology courses and maintain a minimum 80 per cent average.

## Science Technology Education Program

The Science Technology Education Program (STEP) enjoys a rich tradition at Lockerby Composite School for both English and French Immersion students. STEP focuses on developing 21st century competencies enabling students to grow and thrive in a safe, supportive and enriching space. In Grades 9 and 10, students study Science, Technological Design, Mathematics, and Social Science courses for the entire school year. Combining these courses allows students to participate in STEP Integration Days each week. Integration Days offer unique learning experiences. Students work collaboratively in order to broaden their technological and scientific investigation skills, engage in the engineering design process, and create, invent, design and construct prototypes. Integration Days enhance what's taught in the classroom as experiential learning, field trips and mentorships through community partnerships provide a truly enriching educational experience. In Grades 11 and 12, students choose a specialization based on courses of interest to further their learning in their desired post-secondary pathway and future career. Students select from four unique disciplines that rely on the connection between science and technology to support our ever changing world. STEP specializations focus on health sciences, engineering, computer science and sustainable development.

## N'Swakamok Native Alternative School

The N'Swakamok Anishnawbek Kinomaadwin School is located in the N'Swakamok Native Friendship Centre. Indigenous learners who are 17 years of age and older earn credits towards their diploma. Course material is presented through an Indigenous lens, where students work via e-Learning, Co-operative Education, Prior Learning Assessment & Recognition (PLAR) and hands-on courses. They receive individualized support within a friendly community where students have access to various programs and services. Holistic, cultural and land-based activities meet the needs of Indigenous learners. The Friendship Centre provides the facility, the Coordinator and a clerical support worker, and Rainbow District School Board provides two educators.

# Barrydowne College

## Re-engagement secondary school

*For students who want to return to secondary school to achieve an Ontario Secondary School Diploma*

1400 Barrydowne Road, Main Office, Room 1455  
Sudbury, Ontario P3A 3V8 | Tel: 705.566.2302

## Ages 18 to 21 Years

Barrydowne College is a re-engagement school in partnership with Cambrian College. This secondary school within a college supports students ages 18 to 21 who would benefit from a small class learning environment and who have not been successful in a regular secondary school. The setting, with small class sizes, individualized instruction and a flexible timetable, allows for a focus on programming designed to meet student needs. The school offers a wide variety of courses including elective credits such as Art, Food and Nutrition, First Nations, Métis and Inuit Studies as well as the Arts and Culture SHSM. Students earn credits, build soft skills and develop links to community college programs including Dual Credits. Students have the potential to earn paid Co-operative Education credits. Also, Prior Learning Assessment and Recognition (PLAR) and Mature Student Evaluation (MSE), formal evaluation and credit-granting processes for mature students are available. All of these learning opportunities are offered on a continuous in-take basis from September to June.

**To learn more, please call  
Principal Laurie-Ann Lielkalns at 705.566.2302  
or visit [barrydowne.rainbowschools.ca](http://barrydowne.rainbowschools.ca) to register.**

## Adult Day School

The Adult Day School, located at Sudbury Secondary School, offers a variety of free high school credit courses for adult learners who want to complete their Ontario Secondary School Diploma (OSSD), including e-Learning and self-study with teacher support.

If you are a mature student who is 21 years of age or older, we can open doors to your future by preparing you for apprenticeship, college, university or the workplace.

We offer several programs to help you achieve your OSSD, such as:

- ◆ Credit courses blending individualized, teacher-led and e-Learning formats of instruction
- ◆ Prior Learning Assessment and Recognition (PLAR) and Mature Student Evaluation (MSE), formal evaluation and credit-granting processes for mature students
- ◆ Adult Co-operative Education program that grants credits in conjunction with on-the-job work experience
- ◆ Dual Credit Program in partnership with Cambrian College

These learning opportunities are offered on a continuous in-take basis from September to June. Students can design their own flexible timetable and can attend classroom or Co-operative Education during a variety of times throughout the day.

To register, visit Sudbury Secondary School – Adult Day School Office at the Davidson Street entrance or call 705.675.5481.

# Anytime, Anywhere Access

Google Workspace for Education is provided to students with access to grade-appropriate applications.

With anytime, anywhere access to applications and documents, Workspace for Education offers exceptional learning opportunities to students, including real-time collaboration and feedback in document creation and editing, extensive document storage space, an enhanced tool set for forms and surveys, video-conferencing with teacher controlled breakout rooms, Google Classroom, and an ability to create hand-out and hand-in folders for each class.

## Gmail

All students have an email account in the Rainbow Schools (RS) rscloud.ca domain. This email account is for communication between teachers and students and between students.

## Google Calendar

The online calendar can be used to help students track homework due dates and events.

## Google Classroom

Teachers have access to a classroom management tool.

## Google Drive

Students on rscloud.ca have lots of storage capacity for documents, classroom assignments, photos, music, even movies. Google Drive works on Macs, PCs, Chromebooks, Android phones and tablets, iPads and iPhones. All student work can be accessed from any computing platform and any location with Internet access.

Collaboration is a major strength of the Google Drive platform. Students control their own documents, and decide what they share and with whom. A teacher can share a single assignment with a group of students for simultaneous class editing, or give each student a copy of the same assignment for individual work.

## Google Docs

The online word processor program allows real-time multi-user collaboration on documents.

## Google Forms/Surveys

The online form/survey tool can be used for a variety of tasks, including quizzes and assessments.

## Google Meet

The video conferencing feature connects teachers and students online. It allows for the delivery of live synchronous learning and asynchronous learning.

## Google Sheets

The online spreadsheet program allows real-time multi-user collaboration on spreadsheets.

## Google Slides

The online presentation program allows real-time multi-user collaboration on presentations.

## Google Sites

Google Workspace has easy to use tools for creating student websites.

## Getting started

Google Workspace is best accessed through the Google Chrome browser (rather than Safari, Firefox or Internet Explorer). Signing in to Chrome provides access to the Read&Write extension which has been licensed for all Grade 3 to 12 students.

To learn more, talk to your child's teacher.

## Digital Monitoring Tips for Parents/Guardians:

1. Keep all devices in common family areas.
2. Continue to monitor student work in all environments, including Google Workspace.
3. Ask students to share their Google Workspace password so you can help them with student work.
4. Consider limiting student use of technological devices.
5. Consider removing access to technological devices if students are not forthcoming in sharing passwords and online activity.

## Visit [rainbowschools.ca](https://rainbowschools.ca)

Rainbow District School Board's website gives students, parents/guardians, staff and the public access to information about Rainbow Schools from any location, at any time.

The website is designed for ease of reading and navigation across a wide range of devices, from computer displays to tablets to mobile phones, on a variety of platforms.

The website also features a search engine and menu that will make it easier to find what you are looking for. There is a link to the Board's Facebook page from the website.

Google Translate is available on Board and school websites.

# 21<sup>st</sup> Century Teaching and Learning

## Students challenged to imagine and create

### Rainbow Schools are inspiring the next generation of engineers and designers.

Students are learning to code, producing video games, programming robots, and building objects with 3D printers and state-of-the-art software in innovative maker spaces and high-tech labs.

By developing a series of sequenced steps or algorithms to accomplish a task, students engage in computational thinking, creating rather than consuming technology.

In the process, students acquire essential skills and global competencies - critical thinking and problem solving; innovation, creativity and entrepreneurship; self-directed learning; collaboration; communication and citizenship.

Rainbow Schools are proud to offer incubators for ideas in modern learning environments that immerse students in the world of technology to imagine and create.

Coding is now embedded in both the science and math curriculums for Grades 1 to 9. Coding encourages students to get involved in the STEAM sector - Science, Technology, Engineering, Arts and Mathematics – and prepares them for the workforce of tomorrow.

## Good Digital Citizens

Students in Rainbow Schools are being encouraged to be good digital citizens, with a focus on four areas – critical thinking and information literacy, creation and credit, health and protection, and presence and communication.

Posters were developed to promote digital citizenship in elementary and secondary classrooms.

Rainbow District School Board has a Digital Citizenship administrative procedure, as well as an Acceptable Use of Information and Communications Technologies administrative procedure for students, staff, parents/guardians, trustees and the community.

These administrative procedures have been developed to support the responsible, professional and appropriate use of information and communication technologies as it pertains to meeting the vision, mission, values and priorities of Rainbow District School Board in the delivery of curriculum in a safe and caring online environment. To learn more, visit [rainbowschools.ca](http://rainbowschools.ca).

The administrative procedures have been updated to include Artificial Intelligence (AI).

# Maintaining safe schools

In our ongoing efforts to maintain a safe learning environment for our students, all schools have controlled access.

*Please press the buzzer on the main door and school staff will be pleased to assist you.*

## Video surveillance

Rainbow District School Board uses video security surveillance in its facilities to:

- ◆ enhance the safety of students, staff and community members,
- ◆ protect Board and school property against theft and vandalism, and
- ◆ aid in the identification of intruders and of persons breaking the law.

Video security surveillance equipment is used in secondary schools and in some elementary schools and may be used on school buses.

*Personal information is being collected under the authority of the Education Act and used in accordance with the Municipal Freedom of Information and Protection of Privacy Act (MFIPPA). For more information, please contact the Principal.*

## Important message about the use of the Internet and electronic devices

The Internet and electronic devices have changed our world, offering unparalleled resources and associated challenges. As the technology has expanded, so have the implications related to the safety and privacy of students and staff.

Rainbow Schools remind students and parents/guardians that cell phones, digital cameras, personal digital and other electronic devices can be disruptive and must not be activated in class or during examinations and/or assessments without the permission of school staff.

Electronic devices must not be used in a manner that violates the privacy or dignity of others. This includes the use of cell phones with cameras (and similar devices) in washrooms, change rooms and any other areas where privacy prevails; taking photographs of a person or persons on school property and/or at school events without the permission of the person or persons being photographed; and posting photographs on the Internet and/or electronically transmitting photographs of a person or persons taken on school property and/or at school events without the permission of the person or persons in the photograph.

Using the Internet and electronic devices with care will ensure that the safety and privacy of students and staff remain first and foremost.

## Safety first and foremost

**Lockdown:** In order to ensure the ongoing safety and security of students and staff, Rainbow Schools practise lockdown procedures much like fire drills. Lockdown is the term used when there is a major incident or threat of school violence within the school, or in relation to the school. Doors are locked, blinds are closed, and lights are turned off. Everyone moves to the location in the room where it is most difficult to be seen from the classroom door window. Students outside of the building at the time of the lockdown are escorted to a predetermined gathering point at the school.

**Hold and secure:** Hold and secure is the term used when it is desirable to secure the school due to an ongoing situation outside and not related to the school. In this situation, the school continues to function normally, with the exterior doors being locked until such time as the situation near the school is resolved.

**Shelter in place:** Shelter in place is the term used for an environmental or weather related situation where it is necessary to keep all occupants within the school to protect them from an external situation. Examples may include chemical spills, blackouts, explosions, or extreme weather conditions.

*The above terms are consistent for schools across Ontario.*

**Internal hold and secure:** Internal hold and secure is a term specific to Rainbow District School Board. Rainbow Schools may implement an internal hold and secure when something is occurring inside the school and minimal movement is required. Students remain in classrooms. Teaching and learning continues.

## Support during critical incidents

When there is a critical incident affecting a school, such as the death of a student, a team may go to the school to provide support. The team is made up of Rainbow District School Board's Social Workers under the guidance of the Mental Health Lead. Additional resources may be called in, as required. Information may also be provided to parents/guardians on how to help their children after a crisis.

## Temporary Classroom Relocation

In limited situations, it may be necessary to temporarily relocate a classroom in order to support a student in need. This decision is guided by the dignity of the student and the safety of the class. Should a relocation occur, students will return to their classroom once the student in need has been supported.

## Fair Notice to Students and Parents

### Community Violence Threat Risk Assessment Protocol

- ◆ Rainbow District School Board is committed to providing safe learning environments for all students, staff, school visitors and community members. As such, we are an Assessment of Risk to Others (ARTO) Violence Threat Risk Assessment (VTRA) protocol partner, along with many other community organizations.
- ◆ When a student's behaviour poses a serious risk to the safety of others, the ARTO/VTRA protocol may be activated. The purpose of the protocol is to assess risk and create a plan to mitigate risk to others and to the student.
- ◆ During times of imminent risk, the protocol will guide school personnel, along with protocol partners, to respond quickly to a threat and put measures in place to protect students, staff and the community. When an ARTO/ VTRA is activated, parents/guardians will be notified. The partners will share information and recommendations. Support and intervention plans will be developed.
- ◆ The parents/guardians of the student have an important role to play in the process of gathering information and establishing a plan for the student, which will enable the team to evaluate and minimize risk.
- ◆ If an imminent concern for safety exists and parents/guardians cannot be reached or if they choose not to provide consent to share information, the threat assessment process will proceed.
- ◆ In sharing personal information, each individual's right to privacy will be balanced with the need to ensure the safety of all. Student and staff safety is our first priority.
- ◆ If you have any questions about the ARTO/ VTRA protocol, please contact the Principal of your child's school.

## Embrace Diversity

# Free to Be Me Conference

The Free to Be Me Conference is an annual event which brings together students who identify as 2SLGBTQI+ and their allies. The conference allows students to select from a range of age-appropriate workshops as well as provides an opportunity to build new friendships with students from other schools.

Students address issues and brainstorm solutions to increase a sense of safety and belonging in their school communities.

Students choose workshops that are relevant and meet their needs.

The goal of the conference is to give students tools they can bring back to their schools to support their communities.

## Embrace Diversity

# Free to Be Me Conference

**Friday, March 28, 2025**  
for Grades 7-8

**Friday, May 9, 2025**  
for Grades 9-12

## Equity and Inclusive Education

### Culturally Responsive and Relevant Pedagogy

School leaders and classroom teachers continue to develop fluency in delivering academic content through Culturally Responsive and Relevant Pedagogy (CRRP). CRRP is a framework for building positive schools and classroom environments, improving student responsibility and success, encouraging parent-school relationships, and building strong community connections. This framework recognizes that all students learn in ways that are connected to their background, language, family structure, and social or cultural identity. Culturally relevant and responsive teachers meet students where they are and understand who they are. CRRP helps students to strengthen their sense of identity and develop a positive self-image. It also affirms the worth of all students. CRRP helps create inclusive environments that recognize and celebrate all identities, lived experiences and cultures.

### Equity Workshops

Rainbow District School Board is committed to ensuring that all students and staff work in learning environments that are safe, welcoming and inclusive, the building blocks for student achievement and well-being.

For the 2024-2025 school year, the Board has partnered with Future North to deliver workshops for students in Grade 9. The workshops will focus on equity, diversity and inclusive education.

A youth-led organization, Future North engages young people in building better communities. Students will learn the importance of respectful, inclusive practices to further nurture a positive school culture.

Future North works collaboratively with young people to improve, transform and create systems that honour their lived experiences and address their needs.

# Indigenous Education

## Indigenous Support Workers

- ◆ Promote a welcoming environment for students and their families
- ◆ Support student transitions
- ◆ Work collaboratively with students, families and schools to support well-being and achievement

## First Nations, Métis and Inuit Studies

- ◆ Art: Expressions of First Nations, Métis and Inuit Cultures, Grade 9 (Art Focus)
- ◆ History: First Nations, Métis and Inuit in Canada, Grade 10 (History and Contemporary Issues)
- ◆ English: Understanding Contemporary First Nations, Métis and Inuit Voices, Grade 11
- ◆ Worldviews and Aspirations of First Nations, Métis, Inuit communities in Canada (NBV)
- ◆ Did you know that the Grade 9 First Nations, Métis and Inuit Studies course is considered an art credit and can fulfill this requirement in Grade 9?

*Ask the school guidance staff when these courses are offered.*

## Native Language (Ojibwe) Courses

- ◆ Available in many elementary schools
- ◆ Available at the introductory (Grade 9), intermediate (Grade 10) and senior (Grade 11) levels
- ◆ Did you know that a Grade 9 Native Language course fulfills the requirements of the compulsory second language credit in Grade 9?

*If you are interested in a Native Language class, talk to the guidance staff.*

## Indigenous Spaces

- ◆ Designed for Indigenous students and their families
- ◆ Students can come together and engage in cultural activities and academic support
- ◆ Meet with an Indigenous Support Worker, hold meetings or possibly have a quiet place to work
- ◆ Each dedicated space within the school is unique in process and practice

## Truth and Reconciliation

In April 2017, Rainbow District School Board passed a motion acknowledging the work of the Truth and Reconciliation Commission and committed to key recommendations as they relate to education. Under the guidance of the First Nations Advisory Committee and through broad community consultations led by Nbisiing Consulting, the Truth and Reconciliation: Commitment to Action plan was developed. The plan guides our work in Indigenous Education, related to the four identified priority areas including, Indigenous knowledge, Anishinaabemowin, Indigenous culture, and race relations and healing.

## Seven Grandfather Awards

All secondary schools will continue to offer the Seven Grandfather Awards. Using criteria created by staff, students and Elders, schools will select award recipients representing each of the Seven Grandfather Teachings: Bravery, Honesty, Humility, Love, Respect, Truth and Wisdom. These awards were originally created at the Mishko-Ode-Wendame School. The awards were created in partnership with Shkagamik-Kwe Health Centre and Rainbow District School Board and they are one way to acknowledge and celebrate Indigenous students throughout our schools.

## Treaty Recognition Week

Ontario passed new legislation in 2016 to recognize the importance of treaties and raise awareness about the treaty relationships between Indigenous and non-Indigenous people. Rainbow District School Board is committed to working to honour the treaty relationship and build understanding of our roles and responsibilities as treaty partners.

## First Nations Advisory Committee

FNAC includes representatives from the following:

- ◆ Atikameksheng Anishnawbek
- ◆ Aundeck Omni Kaning First Nation
- ◆ Dokis First Nation
- ◆ Kenjgewin Teg
- ◆ M'Chigeeng First Nation
- ◆ N'Swakamok Native Friendship Centre
- ◆ Rainbow District School Board
- ◆ Sagamok Anishnawbek
- ◆ Sheguiandah First Nation
- ◆ Sheshegwaning First Nation
- ◆ Wahnapiatae First Nation
- ◆ Whitefish River First Nation
- ◆ Zhiibaahaasing First Nation

## FNAC Meetings

Meetings of the First Nations Advisory Committee are open to the public.

September 19, 2024      February 20, 2025  
November 21, 2024      May 15, 2025

Meetings of FNAC will be held at the Rainbow District School Board Centre for Education, 408 Wembley Drive in Sudbury.

Please confirm meeting dates, times and locations by calling 705.674.3171, ext. 8224. Toll free 1.888.421.2661.

## National Day for Truth and Reconciliation

— ORANGE SHIRT DAY —

**Monday, September 30, 2024**

To honour the children who never returned home and Survivors of residential schools

## Anishinaabewin Toolkit

Rainbow District School Board has developed a resource for families who have children studying Anishinaabewin and would like to support their language learning at home.

This resource includes vocabulary audio files in Ojibwe and English.

Visit [rainbowschools.ca](http://rainbowschools.ca).

# Special Education Programs and Services

**Rainbow District School Board** is committed to ensuring that every student with an exceptionality is provided with the most inclusive environment, enabling the student to fulfill his/her potential.

The Board provides special education programs and services based on the following philosophy:

- ◆ All students with an exceptionality have a right to quality education.
- ◆ The education of children with exceptionalities is a responsibility shared by the school, the student, parents/guardians and Rainbow District School Board.
- ◆ All students with an exceptionality are an integral part of society, entitled to respect and dignity.
- ◆ All students with an exceptionality should have quality educational opportunities regardless of class, economic status, gender, ethnic origin or religion.
- ◆ The majority of students with an exceptionality can best be served within an inclusive education program.
- ◆ The array of needs of students with an exceptionality can best be served by a continuum of support.
- ◆ Programming is of utmost importance in any assessment or diagnostic procedure undertaken on behalf of students with an exceptionality.
- ◆ Communication and interaction amongst special education and regular education personnel must be ongoing and goal-directed in support of students with an exceptionality.
- ◆ All students with an exceptionality share in the responsibility for learning and in the planning of their program, based upon maturity and capability.

## Assistive Technology

Read&Write for Google Chrome was purchased for all students from Grade 3 to Grade 12. All students can benefit from assistive technology to help support their reading and writing.

Read&Write is an easy-to-use browser extension for Google Chrome and is directly compatible with Google Docs, Google Slides and web pages as well as PDF and ePub files stored in Google Drive. Read&Write for iPad is also available.

For more information, contact your school.

## Overview of Programming

Rainbow District School Board believes that integration should be the norm wherever possible. For some students, an alternative setting may be necessary when their needs cannot be served in an integrated setting.

## Special Education Services

In accordance with the Education Act, special education services means facilities and resources, including support personnel and equipment necessary for developing and implementing a special education program.

Rainbow District School Board provides a range of specialized services to support teachers, parents/guardians and students with an exceptionality through consultations, system screening activities, assessments and direct instructional support.

Rainbow District School Board provides individual psychoeducational assessments and educational programming through

Individual Education Plans (IEPs) and special education placements through Admission, Review and Demission Committees (ARDs). The Board also provides leadership in system-wide assessment and consultation activities at the Kindergarten, Grade 4 and Grade 7 levels, as well as transition planning at the time of school entry and leaving.

**The Principal of Special Education Programs and Services, Consultants/Co-ordinators, Psychological Services staff, Speech and Language Services staff and Applied Behaviour Analysis Services staff act as a resource to parents/guardians, teachers, principals, and superintendents in designated schools/areas in matters pertaining to the learning and behavioural needs of students and in the design and implementation of programs and services for students with exceptional needs.**

The Speech and Language Pathologists provide individual assessments for students with complex language needs. They also offer consultative support to Centre for Education staff, special education resource teachers, classroom teachers and local area teams. They provide leadership in system-wide endeavours.

Educational Assistant support in regular classes or intensive support programs may be provided in relation to developmental, corrective or care needs. The work of the Educational Assistant is planned and directed by a certified Special Education Resource Teacher.

Special Education Resource Teachers facilitate the identification of and programming for students with an exceptionality. They provide instruction to students with an exceptionality and consult with classroom teachers, central special education staff, parents/guardians and community agencies to plan and implement special education programs and services. Special Education Resource Teachers work hand-in-hand with the classroom teacher to support the learning of students with an exceptionality within the regular classroom environment.

Rainbow District School Board's Special Education Plan complies with the Canadian Charter of Rights and Freedoms, the Ontario Human Rights Code, the Education Act and regulations made under the Act.

# Frequently Asked Questions

## For Parents/Guardians of Students with Exceptionalities

### What is an Individual Education Plan?

An Individual Education Plan (IEP) is developed for each student who has been identified as exceptional by an Identification, Placement and Review Committee (IPRC) within 30 school days of the student's placement. The IEP is reviewed and updated bi-annually at the beginning of each term/semester.

An IEP is a written plan. It is a working document that describes the strengths, needs and the specific educational expectations of a student with special education needs. It outlines the special education program and services required to meet that student's needs, and how the program and services will be delivered. It also indicates how a student's progress will be monitored.

### When is the IEP developed?

The IEP is developed within 30 school days of placement. It is updated in September/October of each school year and reviewed in each subsequent term/semester.

### Should parents/guardians provide input for the IEP?

The input of parents/guardians is required in order to develop the best IEP possible. Please contact your school to participate in your child's IEP. For information about the IEP, please see the Ministry of Education document *The Individual Education Plan (IEP) – A Resource Guide* available online at <http://www.edu.gov.on.ca/eng/general/elemsec/speced/guide/resource/index.html>. You can also access information about Special Education on the Board's website at [rainbowschools.ca](http://rainbowschools.ca) or by contacting the Centre for Education.

### What is SEAC?

The Special Education Advisory Committee (SEAC) advises Rainbow District School Board on matters related to special education. The majority of SEAC members are volunteer representatives from parent and community associations. Two Board trustees also sit on the committee. Members of the public are welcome to attend SEAC meetings usually held on the first Wednesday of the month throughout the school year.

### I think my child has a special need or learning disability that the school hasn't identified. What should I do?

First, you should meet with your child's classroom teacher or the school principal. Every school also has a special education consultant/co-ordinator. In addition, school officials can provide you with the names of parent support groups such as the Learning Disabilities Association of Ontario.

### What is an IPRC?

The Identification, Placement and Review Committee (IPRC) meets and decides if a student should be identified as an exceptional pupil, and, if so, the placement that will best meet the student's needs. Once identified as an exceptional pupil, an IPRC review meeting takes place annually. Additional IPRCs can be scheduled upon the request of the school or the parent/guardian after the placement has been in effect for a period of three months.

### When do annual IPRC review meetings take place?

Invitations to annual IPRC meetings are usually extended in early fall or spring.

### What is the Transitioned Aged Youth Protocol?

The Transitioned Aged Youth Protocol (TAY) has been developed to ensure an integrated, consistent and transparent plan is in place for each student with a developmental disability. Beginning at age 14, community agencies connected with these students will be invited to participate in the IPRC process to develop a co-ordinated transition plan, supporting students as they transition from services in the child sector to the adult sector.

### Where can I find out more about special education or my child's exceptionality?

Your school can provide you with the *Guide to Special Education for Parents/Guardians*, a booklet produced by Rainbow District School Board.

The following websites will also be of interest:

- ♦ [www.rainbowschools.ca](http://www.rainbowschools.ca)
- ♦ [www.edu.gov.on.ca](http://www.edu.gov.on.ca)

## Special Education Advisory Committee

SEAC includes representatives from the following:

- ♦ Down Syndrome Association of Sudbury
- ♦ Fetal Alcohol Syndrome Disorder
- ♦ Learning Disabilities Association of Sudbury
- ♦ March of Dimes Canada
- ♦ Northern Ontario Assessment and Resource Centre
- ♦ Ontario Autism Coalition

SEAC also includes First Nations members, trustees and members at large in Sudbury, Espanola and Manitoulin.

## Schedule of SEAC Meetings

Meetings of the Special Education Advisory Committee (SEAC) are open to the public. SEAC meetings are usually held the first Wednesday of the month during the school year.

September 11, 2024	February 5, 2025
October 2, 2024	March 5, 2025
November 6, 2024	April 2, 2025
December 4, 2024	May 7, 2025
January 8, 2025	June 4, 2025

Please confirm meeting dates and locations by calling 705.674.3171, ext. 7235.

# French Immersion and Core French

**Parents can enroll their children** in the English Program or the French Immersion Program. The English Program includes a Core French component. French Immersion provides a balance of English and French instruction.

## Core French

In Rainbow Schools, Core French is offered daily beginning in Grade 4. Through the study of French, students will communicate and interact purposefully and with confidence while developing the necessary skills to be intercultural citizens of Canada and the world. The Core French program emphasizes the development of oral proficiency while focusing on authentic learning related to real-life experiences and interests. The value of learning French, one of Canada's two official languages, is reinforced through cultural experiences. The Core French program offers students the opportunity to develop a functional use of the French language that can be expanded through further study at the secondary school level.

## French Immersion

In French Immersion, students learn to communicate and interact effectively in an inclusive classroom environment and through the study and integration of other subjects. This enriches their vocabulary, develops their problem solving skills, and increases their opportunities to speak French in meaningful contexts. French Immersion provides students with an understanding of intercultural awareness by exploring diverse cultures and develops skills in accessing and understanding information about various French speaking communities. Students also develop strong fundamental skills in listening, speaking, reading and writing. French Immersion is designed for English-speaking parents/guardians in such a way that they can support their children.

## Elementary Schools

- ◆ In Kindergarten, the teachers speak French all of the time. Students are immersed in a supportive French milieu and are encouraged to respond in French as much as possible with the goal of 100 per cent of the time.
- ◆ In Grades 1 and 2, 100 per cent of the classroom instruction is in French.
- ◆ In Grades 3 and 4, French Language Arts, Mathematics, Social Studies, Health and Physical Education, Arts (visual art, drama, music), Science and Technology are taught in French and English Language Arts is taught in English.
- ◆ In Grades 5 to 8, French Language Arts, Social Studies (History, Geography), Arts (Visual Arts, Drama, Music) and Health and Physical Education are taught in French, while English Language Arts, Science (except Grades 5 and 6, which are in French) and Mathematics are taught in English.
- ◆ Upon graduation from Grade 8, students receive an Elementary French Immersion Certificate. French Immersion students are encouraged to continue to study in the French Immersion Program at the secondary school level in order to graduate with bilingual qualifications.

## Secondary Schools

The French Immersion Program at the secondary school level provides students with the skills they need to communicate in a second language and thereby enhance their ability to perform effectively and meet with success in a rapidly changing global economy.

Learning a second language enhances career choices, develops thinking and communication skills, and provides a greater appreciation of diversity.

Students in Rainbow Schools may obtain a French Immersion Certificate upon graduation by completing a minimum of ten courses taught in French. These include four Immersion French courses, plus six other courses from a wide variety of choices – Health and Physical Education, Canadian Geography, Canadian History, Civics, Career Studies, Dramatic Arts, Business Studies, Social Sciences and the Humanities, Canadian and World Studies, Music, Visual Arts, Science, Technological Education and Co-operative Education.

### French Immersion is offered at the following Rainbow Secondary Schools:

- ◆ Confederation Secondary School
- ◆ Lasalle Secondary School
- ◆ Lockerby Composite School
- ◆ Lo-Ellen Park Secondary School
- ◆ Sudbury Secondary School

## Click on...

**The French as a Second Language (FSL) Homework Toolbox/Trousse pour les devoirs website**

**Visit [fsl.rainbowschools.ca](https://fsl.rainbowschools.ca)**

This site supports parents who have children in a French Immersion program and provides assistance to French Immersion students who require an accessible user-friendly reference tool to help with homework.

## Helpful tips include:

A total of 33 videos, including 14 math videos covering concepts predominantly from the junior/intermediate level and 19 literacy videos focusing on the secondary level.

More than 1,900 audio clips to hear French vocabulary and pronunciation.

This website, produced by Rainbow District School Board, was based on the 2010 needs assessment conducted by Canadian Parents for French and was made possible through the financial support of the Ontario Ministry of Education and the Government of Canada through the Department of Canadian Heritage.

## DESTINATIONTARIO DEL F

The DELF (Diplôme d'études en langue française) is an official international diploma that recognizes the French language proficiency of candidates for whom French is a second language. Students in Rainbow schools may challenge the DELF in the spring of their Grade 12 year. It is based on the Common European Framework of Reference (CEFR), which defines language proficiency along six global levels: A1, A2, B1, B2, C1, and C2. At each CEFR level, proficiency is measured across four competencies: listening, speaking, reading and writing. The diplomas are valid for life.

The DELF represents international recognition of your child's French-language skills in a way that supports future learning, careers and other life aspirations.

For more information, please contact your secondary school and visit the DELF parent portal at <https://destinationdelf.ca/parent-portal/>

# Values in Rainbow Schools

Rainbow District School Board adopted these values, presented in English, Ojibwe and French, during consultations for Strategic Directions 2022-2027. **The Seven Grandfather Teachings** - *Humility, Bravery, Honesty, Wisdom, Truth, Respect and Love* - are braided together with Resilience, Equity and Community. These values provide the foundation for ongoing character development.

Humility ■ *Dbaadendiziwin* ■ l'humilité  
Bravery ■ *Aakwa'ode'ewin* ■ le courage  
Honesty ■ *Gwekwaadziwin* ■ l'honnêteté  
Wisdom ■ *Nbwaakaawin* ■ la sagesse  
Truth ■ *Debwewin* ■ la vérité  
Respect ■ *Mnaadendimowin* ■ le respect  
Love ■ *Zaagidwin* ■ l'amour  
Resilience ■ *Gshki-eziwin* ■ la résilience  
Equity ■ *Bezhgonong* ■ l'équité  
Community ■ *Kwiinwin* ■ la communauté

*Seven Grandfather Teachings*  
*Niizhwaaswi G'chi Mishoomsinaanik Kinoomadwinan*  
*Sept enseignements des Grands-pères*

# Student Success

## Engaging students in new and innovative ways

### Student Success Teams

Each secondary school has a dedicated team that provides extra attention and support to students when needed. The Student Success Team works with school staff, students, parents/guardians and the community to ensure more students in Rainbow Schools earn the credits they need to graduate.

### Co-operative Education

All students can benefit from Co-operative Education.

Through Co-operative Education, students develop a reflective habit of mind to derive meaning from their experiences, the ability to apply their learning to influence decisions and actions in various aspects of their lives, and the skills, knowledge and habits of mind required to become competent and confident education and career/life planners. To learn more, contact the guidance office or Co-operative Education teacher at your school.

### Ontario Youth Apprenticeship Program (OYAP)

This Co-operative Education Program gives senior students an opportunity to begin a career in a skilled trade while attending high school.

The program is designed to introduce students to a career path that will lead to skilled trades, provide students with the opportunity to develop trade-related competencies and accumulate hours toward a skilled trade as a registered or non-registered apprentice and encourage an early start toward a well paid and satisfying career.

OYAP supports Student Success, particularly through program pathways, the Specialist High Skills Majors and the School College Work Initiative. Students with special needs also have an opportunity to select OYAP as an option.

Students may have the opportunity to register, with the support of the OYAP placement employer, in any of the 144 skilled trades. Some of these trades include hairstylist, cook, welder, general carpenter, auto service technician, heavy duty equipment technician or industrial millwright.

Registered OYAP apprentices in General Carpentry or Commercial Vehicle and Heavy Duty Equipment may supplement their Co-op experience placements with college delivered level one courses as part of their apprenticeship program. Applications for these limited seats are accepted through the Guidance Department at your school.

**NEW** Starting in 2025, Grade 10 students will have the opportunity for an accelerated OYAP pathway called FAST: Focused Apprenticeship Skills Training. More details will be shared during course selection time.

### Dual Credit Offerings

Students can earn credits that can be applied towards both their secondary school diploma and their post-secondary diploma, degree or apprenticeship certification. Rainbow District School Board is offering a number of Dual Credit Programs in partnership with Cambrian College.

#### Fall 2024

- ♦ Applied Technology I
- ♦ Carpentry – Tools, Materials, and Safety (Kenjgewin Teg and Manitoulin Secondary School)
- ♦ Community Corrections
- ♦ Digital Photography
- ♦ Early Childhood Education
- ♦ Electrical for Trades and Tech
- ♦ Fundamentals of Drawing
- ♦ Indigenous Perspectives on Care (Kenjgewin Teg and Manitoulin Secondary School)
- ♦ Millwright Machining
- ♦ Navigating Technology for Education
- ♦ Personal Finance
- ♦ Positive Psychology

#### Winter 2025

- ♦ Business Professionalism
- ♦ Commercial Vehicle & Heavy Duty Equipment – Level 1 Apprenticeship
- ♦ Cross-Cultural Understanding
- ♦ Early Childhood Education (Kenjgewin Teg and Manitoulin Secondary School)
- ♦ General Carpenter – Level 1 Apprenticeship
- ♦ Indigenous Peoples Today (Espanola High School)
- ♦ Introduction to Business Management
- ♦ Introduction to Health Sciences Careers
- ♦ Introduction to Mining
- ♦ Multimedia
- ♦ Psychology of Evil
- ♦ Welding Metal Trades Practice
- ♦ Welding Metal Trades Practice (Kenjgewin Teg and Manitoulin Secondary School)

### Program Pathways Information Evenings

Information evenings for parents/guardians and students will be scheduled in late November to focus on senior program opportunities in Dual Credits, Specialist High Skills Major (SHSM) Programs and the Ontario Youth Apprenticeship Program (OYAP)/Co-operative Education. These evenings will highlight recent employment trends to help students set themselves up to be successful in their transition into any post-secondary pathway. Watch for details.

### Experiential Learning

The experiential learning initiative provides meaningful experiential learning opportunities for all students. Schools receive support from the Experiential Learning Co-ordinator to promote student participation, encourage community partner involvement, and build teacher capacity that enables planning and implementation of community-connected experiential learning opportunities.

## 40 Hours of Community Involvement Required to Graduate

**Every secondary school student in Ontario must complete a minimum of 40 hours of community involvement before graduation.**

Grade 8 students are encouraged to earn a minimum of 10 hours of community involvement during the summer before entering Grade 9. Students can earn all 40 hours if they wish.

There are many fun and exciting ways to get involved. Visit [rainbowschools.ca](http://rainbowschools.ca) and click on Programs for information about community involvement, including the process, benefits and tips on getting started.

#### Before you begin, you may wish to:

- ♦ Take the time to consider what you want to do and what you want to learn.
- ♦ Search for opportunities in your community.
- ♦ Visit your Guidance Office for more information and postings.
- ♦ Find eligible community service activities that match your personality, interests and skills.
- ♦ Make sure that your community service activities meet ministry and school guidelines.
- ♦ Send your cover letter, résumé and police background check (sometimes required) to prospective community sponsors/ community service supervisors.
- ♦ Meet with your community sponsor/ community service supervisor ahead of time to ask questions and tour the organization.

# Student Success

## Online Learning Graduation Requirement (With Opt Out Provision)

The Ministry of Education has introduced online learning as a graduation requirement.

Students are required to complete two online learning credits during their four years of high school.

### IMPORTANT:

The Ministry of Education recognizes that in-person learning is the best delivery model for the majority of students and has provided an opt out provision for online learning. Students and parents/guardians who would like to opt out of the online learning requirement will be required to complete a form in early spring.

Online learning is most often referred to as e-Learning. e-Learning courses are asynchronous, which means students must be self-directed as they work through course content online. Teachers of e-Learning courses provide support, answer questions, and assess work. They do not teach lessons. Technology is required to access e-Learning through the Virtual Learning Environment (VLE).

Given that e-Learning students work independently, they require good time management skills and the discipline to complete course content on their own. Daily participation is essential to success.

## Rainbow District School Board is part of the Ontario e-Learning Consortium which provides students with access to hundreds of courses.

In e-Learning courses, students have a variety of opportunities to engage with each other and to showcase their learning through discussions, assignments and evidence of their learning in an online app called Portfolio. Online learning is available to students in Grades 9 to 12.

### What are the benefits of online learning?

Online learning gives students:

- ♦ Access to a variety of courses
- ♦ Flexibility in scheduling work time
- ♦ Control over the pace of work on course assignments

If you have questions, please contact the school for assistance or visit [rainbowschools.ca](http://rainbowschools.ca) and click Programs then Secondary Education.

Staff will be happy to help you decide whether your child may benefit from online learning.

## De-streaming Grade 9

Students starting secondary school no longer select Academic or Applied pathways in their first year of study.

All Grade 9 courses are now offered in one stream for all Grade 9 students, including compulsory courses (Math, Science, English, French and Geography).

De-streaming of Grade 9 gives students more time to choose a pathway of study, which broadens their options and opens doors for their future.

Research has shown that students benefit from learning in groups of students of varied abilities and interests. This creates a dynamic classroom community where students are challenged to think critically and solve problems, building on prior knowledge.

Grade 9 de-streamed courses and codes:

- ♦ Math (MTH1W)
- ♦ Science (SNC1W)
- ♦ English (ENL1W)
- ♦ Exploring Canadian Geography (CGC1W)
- ♦ French as a Second Language (FSF1D, FEF1D and FIF1D)

Please note that Locally Developed Compulsory Credit courses will continue to be offered.

To learn more, contact the Guidance Office.

**NEW**

All secondary students starting in September 2024 will be required to take one broad-based technology education course in Grade 9 or Grade 10. This will expose students to the many program and career opportunities available in the trades.

# Student Success

The Specialist High Skills Major (SHSM) is a specialized, Ministry of Education approved program that allows students to focus their learning on a specific economic sector while meeting the requirements of the Ontario Secondary School Diploma (OSSD). SHSMs assist students in their transition from secondary school to apprenticeship training, college, university or the workplace.

Rainbow District School Board offers Specialist High Skills Majors (SHSM) programs in 14 sectors: Agriculture, Arts and Culture, Business, Construction, Energy, Environment, Health and Wellness, Hospitality and Tourism, Information and Communications Technology, Manufacturing, Mining, Non-Profit, Sports and Transportation.

These programs enable students to gain sector-specific skills and knowledge in engaging, career-related learning environments, and prepare in a focused way for graduation and post-secondary education, training or employment.

[SHSM.rainbowschools.ca](http://SHSM.rainbowschools.ca)

## Seven Key Benefits for Students

Pursuing a SHSM enables students to:

1. Customize their secondary school education to suit their interests and talents.
2. Develop specialized knowledge and skills that are valued by the sector and post-secondary education institutions.
3. Earn credits that are recognized by the sector and post-secondary education institutions.
4. Gain sector-specific and career-relevant certification and training.
5. Explore workplace opportunities and build a professional network while engaging in real-world problem solving during a Sector-Partnered Contextualized Experience (SPCE).
6. Identify, explore and refine their career goals and make informed decisions about their post-secondary destination.
7. Remain flexible, with the option to shift between pathways should their goals and plans change.

## Next Stop: Grade 9

**Tuesday, November 12, 2024**

7 pm to 8:30 pm • Student Life Centre • Cambrian College  
1400 Barrydowne Road • *Free parking*

All parents/guardians and students in Grades 7 and 8 are invited to an interactive information session designed to help students make key decisions in moving from elementary to secondary.

The information session will focus on the changes and choices students face while entering high school. A number of topics will be explored, including how to read timetables, course and program selection, easing into a new school environment, skills for academic success, resources and helpful tips.

This guide for students and parents/guardians is a must-read for all students moving from Grade 8 to Grade 9.

*To access the guide online, visit [rainbowschools.ca](https://rainbowschools.ca). Click on Parents section.*

# Enough for All Forever: Action on Climate Change

## The 5Rs of Sustainability

# Rainbow Board achieves 100 per cent Certification in EcoSchools Canada

**“By certifying 100% of their schools, Rainbow District School Board has established a culture of conservation and respect for the environment across their school network and can take pride in being a sustainability leader in both Canada and worldwide.”**

All Rainbow Schools are EcoSchools Canada certified. Rainbow District School Board is one of only five school boards in Canada to have achieved this distinction in the 2023-2024 school year.

“On behalf of EcoSchools Canada, I would like to congratulate the students, school staff and community members who contributed to Rainbow District School Board’s outstanding certification results this year,” said Ryan Dymont, Co-Executive Director of EcoSchools Canada.

In 2023-2024, Rainbow Schools earned 24 Platinum, 11 Gold, 2 Silver, 2 Bronze and 1 Virtual school certification. Rainbow District School Board more than doubled the number of schools that reached the highest level of certification – Platinum – over the past two years.

According to EcoSchools Canada, any level of certification is an achievement to be proud of. It indicates that a school is taking action on climate change while empowering students to make climate-conscious decisions in their daily lives, and to share these learnings with their families and communities.

Environmental Education and Sustainability is a priority embedded in Rainbow District School Board’s Strategic Directions for 2022 to 2027. The EcoSchools

commitment is the cornerstone of the Board’s Climate Change Action Plan.

Guided by five key principles - promotion of global stewardship through EcoSchools Canada Certification practices, inclusive of Indigenous perspectives, evidence-based and data driven initiatives, supporting educators with knowledge and resources, and working closely with community partners - the plan aims to raise student, educator, staff and parent/guardian awareness

of environmentally responsible practices; embed eco policies within the Board’s strategic planning, supporting sustainability; and establish environmental leadership groups to empower others to act as responsible environmental citizens.

EcoSchools provides benchmarks for environmental learning and action in Canada, instilling in students the proficiencies, perspectives and practices to help them become environmentally responsible citizens inside and outside of the classroom. Certification recognizes achievement in six key areas: ecological literacy, energy conservation, environmental stewardship, school ground greening, teamwork and leadership, and waste minimization.

Monthly environmental challenges, which include an Indigenous component, have proven to be an effective way to broaden the scope of education and environmental action. Through an Anishinaabe perspective, students have the opportunity to experience and understand profound customs and teachings to place an even greater value on the protection of our planet, our home, Mother Earth *Shkagamikwe*. Relevant Anishinaabemowin reinforces appropriate action to support the environmental focus for the month.

# Dare to Care

All Rainbow Schools offer Dare to Care from Kindergarten to Grade 9.

With modules for students, professional learning for staff, and resources for parents/guardians, Dare to Care engages the entire school community in contributing to warm and welcoming school environments where students feel a strong sense of belonging and connection.

Students learn about the importance of being kind, the difference between bullying and mean moments, how to ask for help from an adult, and standing up for yourself and others.

Prevention and intervention strategies focus on social emotional learning with an emphasis on empathy. Through the program, everyone gains a deeper understanding of bullying, and, more importantly, develops tools to create a caring community.

## Learning Modules

### Kindergarten to Grade 2

- ♦ The Importance of Being Kind and Bullying Behaviour versus Buddy Behaviour
- ♦ Bullying versus Mean Moments
- ♦ Discrimination and Intro to Racism
- ♦ Broken Heart Activity:  
The Impact of Bullying
- ♦ Tattling versus Asking For Help
- ♦ Standing Up for Yourself and Others

### Grades 3 and 4

- ♦ Positivity Meter and Types of Bullying
- ♦ Definition of Bullying: Conflict versus Bullying
- ♦ Why Bullying exists:  
Silent Majority versus Caring Majority
- ♦ Discrimination and Racism
- ♦ Cyberbullying
- ♦ The Imbalance of Power: Tug of War
- ♦ Tool Belt of Skills
- ♦ Practising the Tool Belt of Skills

### Grades 5 and 6

- ♦ Kindness Meter and Finding Your Greatness
- ♦ Types of Bullying
- ♦ Definition of Bullying:  
Conflict versus Bullying
- ♦ Why Bullying Exists:  
Silent Majority versus Caring Majority
- ♦ Discrimination and Racism
- ♦ Cyberbullying
- ♦ The Imbalance of Power: Tug of War
- ♦ Tool Belt of Skills
- ♦ Practising the Tool Belt of Skills

### Grades 7 to 9

- ♦ Positivity Meter and Types of Bullying
- ♦ I'm Tired of Hearing the Word Bullying:  
Conflict versus Bullying
- ♦ Cyberbullying and Sexual Harassment:  
A Closer Look
- ♦ Discrimination and Racism:  
Unacceptable, Full Stop!
- ♦ Everybody Has a Story
- ♦ One Person Can Make a Difference!
- ♦ Lowering Our Waterlines:  
Image versus True Self

# CHANGES to the Code of Conduct

## Cell phones/mobile devices, social media and signage

As part of its commitment to supporting the safety, security and well-being of every student in Ontario, the Ministry of Education released a strengthened Policy/Program Memorandum (PPM) 128 – Provincial Code of Conduct and School Board Codes of Conduct.

All school boards in Ontario are required to restrict cell phone/mobile device use in schools, restrict access to social media on school networks, communicate student distractions through report cards, and post signage on expectations.

Rainbow District School Board supports the new guidance from the Ministry of Education which is reflected in our updated Code of Conduct. The changes will foster positive school climates to support student achievement and well-being.

### Use of Cell Phones and Mobile Devices

All members of the school community must not use personal mobile devices during instructional time except under the following circumstances:

- for educational purposes, as directed by an educator
- for health and medical purposes
- to support special education needs

### For Students in Grades 7 to 12

For all Grade 7 to 12 students, personal mobile devices are stored in lockers or assigned personal spaces out of view and powered off or set to silent/do not disturb mode during the instructional period, except when their use is explicitly permitted by the educator under the circumstances outlined above. Mobile device use is permitted before the start of the school day, at lunch and after school.

If the educator sees a personal mobile device that is not stored out of view during the instructional period, they must require the student to store the device in their locker or assigned personal space immediately.

### For Students in Grade 6 and below

For students in Grade 6 and below, personal mobile devices are stored out of view in their personal space and powered off or set to silent/do not disturb mode throughout the full instructional day, except when their use is explicitly

permitted by the educator under the circumstances outlined above.

If an educator sees a personal mobile device that is not stored out of view, they must require the device be stored for the instructional day and the device must be placed, by the student, in their personal storage area with their other belongings.

The student is responsible for their personal mobile device, how they use it and the consequences of not following the school board's administrative procedure on personal mobile devices.

### Signage in Schools

School boards are required to have signage in schools to communicate behaviour expectations that are consistent with a safe learning and teaching environment.

In addition to the Government of Ontario signage, Rainbow District School Board has developed signage that will be posted on the main entrance of all buildings.

### Restricting Access to Social Media on School Networks

School boards are now required to restrict access to all social media platforms on school networks and school devices. Social media platforms can only be used by students at school for educational purposes, directed by an educator. Students will not be able to access social media through school networks.

### Elementary and Secondary Report Cards

Beginning in the 2024-2025 school year, report cards will include information for students and their parents about classroom distractions, where applicable, including those related to the use of

Rainbow District School Board thanks students, parents/guardians, staff, school visitors, partners and members of the public who shared their feedback on cell phone/mobile device use in schools by completing a survey.

The feedback was reviewed as part of the creation of an Administrative Procedure on Personal Mobile Devices that will apply to the entire school community.

The Administrative Procedure is a requirement under the Ministry of Education Policy/Program Memorandum (PPM) 128: The Provincial Code of Conduct and School Board Codes of Conduct.

Survey respondents were asked to consider the following factors when providing their input: the age of the student, maximizing classroom instructional time, prioritizing mental health and well-being, fostering engaging teaching and learning environments, and focusing on student success and achievement.

In addition to the survey feedback, the Administrative Procedure considered legislative requirements, government policy directives, and the Board's operational requirements as well as concerns about the inordinate amount of time spent on cell phones and social media and the growing research on their negative impact on student well-being.

Rainbow District School Board is committed to supporting teaching and learning in a safe, caring and productive environment. The procedure aligns with the Board's strategic priorities in Student Success and Achievement, Literacy and Numeracy, and Mental Health and Well-Being.

### Student Voice:

Watch the video to see what students have to say about cell phone and social media restrictions.

personal mobile devices. This will be communicated using the section of the report card reserved for comments on learning skills and work habits in the Elementary Report Cards and in the comment box reserved for course comments in the Secondary Report Card.

# Rainbow District School Board

# Code of Conduct

**To be successful at school, students need a safe and positive learning environment.**

The Code of Conduct supports student achievement and well-being, ensuring students have every opportunity to achieve their full potential as confident, caring members of society.

As part of its commitment to supporting the safety, security and well-being of every student in Ontario, the Ministry of Education released *Policy/Program Memorandum (PPM) No. 128 – Provincial Code of Conduct and School Board Codes of Conduct* on April 28, 2024.

The Rainbow District School Board Code of Conduct reflects the new guidance from the Ministry of Education which came into effect at the start of the 2024-2025 school year.

This Code of Conduct is also guided by the *Safe and Accepting Schools Act, 2012 (Bill 13)* which came into effect on September 1, 2012. This legislation strengthens equity and inclusive education principles and bullying prevention and intervention strategies.

## Related Policy

**Board Policy No. Gov-12**  
**Learning and Working Environment:**  
**Safe Schools**

## Related Administrative Procedures

*Policies and procedures are available at [rainbowschools.ca](http://rainbowschools.ca)*

With these policies and procedures, school staff will continue to work respectfully and collaboratively with students and parents/guardians, using a progressive approach to discipline with school safety first and foremost.

**A school community promotes responsibility, respect, civility and academic excellence in a safe learning and teaching environment. In addition to students and parents, a school community includes school board trustees and school board personnel.**

All students, parents/guardians and staff have the right to be safe and feel safe in their school community. With this right comes the responsibility to be law-abiding citizens and to be accountable for actions that put the safety of others or oneself at risk.

Rainbow District School Board believes that every student has the right to an education without disruption, along with the equally important responsibility not to deny this right to any other student.

Rainbow District School Board's Code of Conduct encourages positive student behaviour. A firm and fair application of this Code of Conduct shall prevail in all matters related to Rainbow District School Board, including school activities, school board business and school buses.

## Positive Attitudes

Rainbow District School Board strives to create positive attitudes towards punctuality, regular attendance, completion of classroom assignments, and interest in learning through classroom participation.

## Parental Support

Parents/guardians support Rainbow District School Board staff by encouraging students to fulfill their responsibilities towards their school, other students, and themselves. The Board recognizes that an important factor in success at school

is the regular completion of homework and regular attendance which requires the cooperation of the home.

## Guiding Principles

Rainbow District School Board's Code of Conduct is shaped by the Provincial Code of Conduct. (PPM 128)

All participants in the publicly funded school system – students, parents/guardians, volunteers, teachers and other staff members – are included in this Code of Conduct, whether they are on school property, on school buses, at school related events or activities, and in circumstances that could have an impact on the school climate and/or virtual learning environments.

All members of the school community must be treated with respect and dignity, especially persons in positions of authority. Responsible citizenship involves appropriate participation in the life of the school community. Active and engaged citizens are aware of their rights, and more importantly, they accept responsibility for protecting their rights and the rights of others. Members of the school community are expected to use non-violent means to resolve conflict. Aggressive behaviour (both physical and verbal) is not a responsible means for interacting with others.

All members of the school community must promote the safety of people in the school. The possession, use or threatened use of any object to injure another person endangers the safety of oneself and others.

Alcohol and illegal drugs are addictive and present a health hazard. Schools will work cooperatively with police as well as drug and alcohol agencies to promote prevention strategies and, when necessary, respond to school members who are in possession of, or under the influence of, alcohol or illegal drugs.

Insults, disrespect, and other hurtful acts disrupt the teaching, learning and business in a school community. Members of the school community have a responsibility to maintain an environment where conflict and differences can be addressed in a manner characterized by respect and civility.

## Roles and Responsibilities of the School Community

School members include principals, teachers, staff, students, parents and/or guardians, school councils, trustees, volunteers and visitors.

**Principals**, under the direction of the School Board, take a leadership role in the daily operation of schools. They provide this leadership by:

- demonstrating care for the school community and a commitment to academic excellence, student achievement and well-being in a safe, inclusive, and accepting learning environment;
- holding everyone under their authority accountable for their behaviour and actions;
- empowering students to be positive leaders in their school and community;
- communicating regularly and meaningfully with all members of their school community;
- modeling the standards of respect, civility and responsible citizenship.

**Teachers and school staff**, under the leadership of their principals, maintain order in the school and are expected to hold everyone to the highest standard of respectful and responsible behaviour.

As role models, teachers and school staff uphold these high standards when they:

- help students work to their full potential and develop their sense of self-worth;
- empower students to be positive leaders in their classroom, school and community;
- communicate regularly and meaningfully with parents/guardians;
- maintain consistent and fair standards of behaviour for all students;
- demonstrate respect for all students, staff, parent/guardians, volunteers and members of the school community;
- prepare students for the full responsibilities of citizenship, in particular the skill of respectful communication, both in person and online;
- model the standards of respect, civility, and responsible citizenship. This includes modeling appropriate use of personal mobile devices. Educators are not to use personal mobile devices during instructional time, unless explicitly for work-related purposes.

**Students** are to be treated with respect and dignity. In return, they must demonstrate respect for themselves, for others, and for the responsibilities of citizenship through acceptable behaviour. Respect and responsibility are demonstrated when a student:

- comes to school prepared, on time and ready to learn;
- shows respect for themselves, for others and for those in positions of authority;

- refrains from bringing anything to school that may compromise the safety of others;
- follows the established rules and takes responsibility for their own actions;
- dresses appropriately for school.

**Parents/guardians** play an important role in the education of their children, and have a responsibility to support the efforts of school staff in maintaining a safe and respectful learning environment for all students. Parents/guardians fulfill their responsibility when they:

- show an active interest in their child's homework, school work and progress;
- communicate regularly with the school;
- help their child be appropriately dressed and prepared for school;
- ensure that their child attends school regularly and on time;
- promptly report to the school their child's absence or late arrival;
- become familiar with the provincial Code of Conduct, the Board's Code of Conduct and school rules;
- encourage and assist their child in following the rules of behaviour;
- assist school staff in dealing with disciplinary issues involving their child.

**School council members** act as a valuable support mechanism to their local schools when they:

- act as a liaison group on school-related issues;
- act in an advisory capacity to principals on specified school policies.

**Police and community members** are essential partners in making our schools and communities safe. Community members need to support and respect the rules of their local schools.

# RESILIENCE

# Rainbow District School Board

# Code of Conduct

**Community agencies** deliver prevention or intervention programs that may be used by the school community. Protocols are effective ways of establishing linkages between boards and community agencies and of formalizing the relationship between them.

The police play an essential role in making our schools and communities safer. The police investigate incidents in accordance with the protocol developed with the local school board and applicable legislation. These protocols are based on a provincial model for a Local Police/School Board Protocol developed by the Ministry of the Solicitor General and the Ministry of Education.

## Standards of Behaviour

The standards of behaviour apply to students, staff, parents/guardians, volunteers, school council members, trustees and visitors engaged in any school activity.

## Respect, Civility and Responsible Citizenship

All members of the school community must:

- respect and comply with all applicable federal, provincial and municipal laws;
- comply with all Ministry of Education, school board and school policies and administrative procedures;
- demonstrate honesty and integrity in achieving academic excellence and in the appropriate use of technology;
- respect differences in people, their ideas and their opinions;
- treat one another with dignity and respect at all times, both in person and online, especially when there is disagreement;

- respect and treat others fairly, regardless of race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, sex, sexual orientation, gender identity, gender expression, age, marital status, family status or disability;
- respect the rights of others;
- show proper care and regard for school property and the property of others;
- take appropriate measures to help those in need;
- seek assistance from a member of the school staff, if necessary, to resolve conflict peacefully;
- respect all members of the school community, especially persons in positions of authority;
- respect the need of others to work in an environment that is conducive to learning and teaching;
- refrain from using abusive language or swearing at another person;
- not use personal mobile devices during instructional time except under the following circumstances:
  - for educational purposes, as directed by an educator
  - for health and medical purposes
  - to support special education needs

## Safety

All members of the school community must not:

- engage in bullying behaviours, including cyberbullying;
- commit sexual assault or sexual harassment;
- traffic weapons or illegal drugs;
- commit robbery or theft;

- be in possession of any weapon, including but not limited to firearms;
- threaten or intimidate another person;
- be in possession of alcohol, cannabis, and illegal drugs (for students, this would also include being in possession of electronic cigarette/vape, tobacco and nicotine products);
- use, or be under the influence of alcohol, cannabis, tobacco, electronic cigarettes/vape, illegal drugs and related products;
- provide others with alcohol, illegal drugs, tobacco, electronic cigarettes/vape, cannabis and related products;
- inflict or encourage others to inflict bodily harm on another person;
- engage in hate propaganda and other forms of behaviour motivated by hate or bias;
- commit an act of vandalism that causes damage to school property, to property located on the premises of the school or to the property of a member of the school community;
- record, take or share non-consensual recordings or photos of members of the school community.

## Bullying is defined as aggressive and typically repeated behaviour by a pupil where:

The behaviour is intended by the pupil to have the effect of, or the pupil ought to know that the behaviour would be likely to have the effect of:

- causing harm, fear or distress to another individual, including physical, psychological, social or academic harm, harm to the individual's reputation or harm to the individual's property, or

# COMMUNITY

- creating a negative environment at a school for another individual, and
- the behaviour occurs in a context where there is a real or perceived power imbalance between the pupil and the individual based on factors such as size, strength, age, intelligence, peer group power, economic status, social status, religion, ethnic origin, sexual orientation, family circumstances, gender, gender identity, gender expression, race, disability or the receipt of special education.

### **Bullying includes the use of any physical, verbal, electronic, written or other means.**

Cyber-bullying is defined as bullying by electronic means including:

- a) creating a web page or blog in which the creator assumes the identity of another person;
- b) impersonating another person as the author of content or messages posted on the Internet; and
- c) communicating material electronically to more than one individual or posting material on a website that may be accessed by one or more individuals.

*Education Act, Subsection 1(1)*

### **Enforcement Relating to Alcohol, Tobacco, Electronic Cigarettes/Vape, Recreational Cannabis and Related Products and Illegal Drugs**

The Smoke-Free Ontario Act, 2017 prohibits smoking (tobacco and cannabis) and the use of electronic cigarettes (vaping) at schools, on school grounds, and all public areas within 20 metres of these grounds.

Anyone smoking or vaping on school property is guilty of an offence and if convicted may result in a fine under the Smoke-Free Ontario Act, 2017.

The Smoke-Free Ontario Act, 2017 also prohibits the sale and supply of tobacco or e-cigarettes to anyone under 19 years of age. Anyone who sells or supplies tobacco or an e-cigarette to a student under 19 years of age is guilty of an offence and if convicted may result in a fine under the Smoke-Free Ontario Act, 2017.

At minimum, in the case of these substances being found in the possession of students, parents/guardians must be notified, and the student must surrender the item(s) to the educator or administrator. As per PPM 145, it is expected that students involved in these incidents would receive support to learn from inappropriate behaviours and make choices that support continuing their learning.

### **Enforcement of Restrictions to Student Personal Mobile Device Use**

Personal mobile device refers to any personal electronic device that can be used to communicate or to access the Internet, such as a cellphone, tablet, laptop or smartwatch.

All members of the school community must not use personal mobile devices during instructional time except under the following circumstances:

- for educational purposes, as directed by an educator
- for health and medical purposes
- to support special education needs

For all Grade 7 to 12 students, personal mobile devices are stored in lockers or assigned personal spaces

out of view and powered off or set to silent/do not disturb mode during the instructional period, except when their use is explicitly permitted by the educator under the circumstances outlined above. Mobile device use is permitted before the start of the school day, at lunch and after school.

- If the educator sees a personal mobile device that is not stored out of view during the instructional period, they must require the student to store the device in their locker or assigned personal space immediately.

For students in Grade 6 and below, personal mobile devices are stored out of view in their personal space and powered off or set to silent/do not disturb mode throughout the full instructional day, except when their use is explicitly permitted by the educator under the circumstances outlined above.

The student is responsible for their personal mobile device, how they use it and the consequences of not following the school board's administrative procedure on personal mobile devices.

If the student does not store their personal mobile device when required, they must be sent to the Principal's office. Principals have discretion under PPM 145, Progressive discipline and promoting positive student behaviour, to consider a range of responses to address this behaviour, including suspension.

### **Restricted Access to Social Media**

Social media platforms can only be used by students at school for educational purposes, directed by an educator.

# HONESTY

# Rainbow District School Board

# Code of Conduct

## Suspension

The purpose of a suspension is to caution students and deter them from continuing with or repeating unacceptable behaviours; prevent other students from being exposed to or involved in dangerous and damaging activities; discipline students who have transgressed the rules of the school; and to warn parents or guardians of serious discipline problems with their children. The primary purpose underlying the implementation of a suspension is to result in a change in behaviour for the student.

## Activities Leading to Possible Suspension

A student may be suspended for a minimum of one (1) school day and a maximum of twenty (20) school days.

Suspension shall be considered when a principal's investigation of an incident, which should include consultation with the pupil's parent/guardian and pupil or the adult pupil, determines that the pupil has engaged in any of the following activities while at school, at a school-related activity or in other circumstances where engaging in the activity will have an impact on the school climate:

- a) uttering a threat to inflict serious bodily harm on another person;
- b) possessing alcohol, cannabis, illegal drugs or restricted drugs;
- c) consumption of cannabis on school property;
- d) being under the influence of alcohol, drugs and/or cannabis;

- e) sharing cannabis on school property;
- f) swearing at a teacher or at another person in a position of authority;
- g) committing an act of vandalism that causes damage to school property;
- h) bullying;
- i) use of profane or improper language;
- j) smoking/vaping on school board property;
- k) academic dishonesty;
- l) inappropriate use of technology;
- m) any act considered by the principal to be injurious to the physical or mental well-being of any member of the school community; and
- n) any act considered by the principal to be contrary to the Board Code of Conduct.

## Suspension Reviews

The parent/guardian or the adult pupil may request a review of a decision to suspend where a suspension has been issued.

A written request setting out the reasons for a review must be made within three (3) days of receipt of notice of the suspension. The time for requesting the review may be extended at the discretion of the Superintendent of the school where circumstances precluded a request within the requisite time frame.

The review shall take place upon receipt by the Superintendent of the school of a request for a review.

## Suspension Appeals

Where a suspension review has occurred, the pupil's parent/guardian or the adult pupil may appeal the suspension imposed by the principal. In accordance with the Board's administrative procedures, the appeal must be made in writing and delivered to the Director of Education within ten (10) days of the commencement of the suspension.

## Expulsion

Expulsion shall be considered when a principal's investigation of an incident, which should include consultation with the pupil's parent/guardian and pupil or the adult pupil, determines that the pupil has committed one or more of the infractions outlined below on school property, and/or during a school-related activity or event, and/or in circumstances where the infraction has an impact on the school climate.

The infractions for which a principal shall suspend a pupil and may consider recommending to the Board that a pupil be expelled from the pupil's school or from all schools of the Board include:

- a) possessing a weapon, including possessing a firearm;
- b) using a weapon or object to cause or to threaten bodily harm to another person;
- c) committing physical assault on another person that causes bodily harm requiring treatment by a medical practitioner;
- d) committing sexual assault;
- e) trafficking in weapons, cannabis and/or in illegal drugs and/or possessing weapons, cannabis and/or illegal drugs for the purpose of trafficking;
- f) committing robbery;
- g) giving alcohol and/or cannabis to a minor;

# EQUITY

- h) bullying, if:
  - the student has previously been suspended for engaging in bullying, and
  - the student's continuing presence in the school creates an unacceptable risk to the safety of another person;
- i) any activity that is a suspension infraction under subsection 306 (1) of the Education Act that is motivated by bias, prejudice or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, gender identity, gender expression, or any other similar factor;
- j) an act, including opposition to authority, considered by the principal to be significantly injurious to the school climate and/or to the physical or mental well-being of others;
- k) a pattern of behaviour that is so inappropriate that the student's continued presence is injurious to the effective learning and/or working environment of others;
- l) activities engaged in by the student on or off school property that have caused extensive damage to the property of the board or to goods that are or were on board property;
- m) a pattern of behaviour that demonstrates that the student has not prospered by the instruction available to him/her/them and that the student is persistently resistant to making changes in behaviour which would enable him/her/them to succeed; or
- n) any act considered by the principal to be a serious violation of the Board Code of Conduct.

## Expulsion Appeals

A pupil's parent/guardian or adult pupil may appeal a Board's decision to expel a pupil to the Child & Family Services Review Board in accordance with the procedures set out by the Ministry of Education.

Rainbow District School Board is committed to the promotion of respect, responsibility and civility in its elementary and secondary schools.

### MITIGATING AND OTHER FACTORS

In considering whether to suspend a student for engaging in an activity described above, the principal will take into account mitigating and other factors.

Prior to suspending a student, the following mitigating factors shall be taken into account:

1. The pupil does not have the ability to control his/her/their behaviour.
2. The pupil does not have the ability to understand the foreseeable consequences of his/her/their behaviour.
3. The pupil's continuing presence in the school does not create an unacceptable risk to the safety of any person.

### OTHER FACTORS

The following other factors shall be taken into account if they would mitigate the seriousness of the activity for which the pupil may be or is being suspended or expelled:

1. The pupil's history.
2. Whether a progressive discipline approach has been used with the pupil.
3. Whether the activity for which the pupil may be or is being suspended or expelled was related to any harassment of the pupil because of his/her/their race, ethnic origin, religion, disability, gender or sexual orientation or to any other harassment.
4. How the suspension or expulsion would affect the pupil's ongoing education.
5. The age of the pupil.
6. In the case of a pupil for whom an Individual Education Plan has been developed,
  - (i) whether the behaviour was a manifestation of a disability identified in the pupil's Individual Education Plan,
  - (ii) whether the appropriate individualized accommodation has been provided, and
  - (iii) whether the suspension or expulsion is likely to result in an aggravation or worsening of the pupil's behaviour or conduct.

In circumstances where one or more of the factors above mitigate the decision to apply a suspension as a form of discipline for the pupil, the principal may consider whether alternative discipline and/or other intervention is appropriate in the circumstances.

# RESPECT

**Restart: Sudbury, Restart: Espanola, and Restart: Manitoulin** are programs for students who have been suspended or expelled. Students are supported in both academic and non-academic areas. *For more information, talk to your school principal.*

# The revitalization of Rainbow Schools continues

## Jean Hanson Public School

An adaptive play structure is being installed in the upper field at Jean Hanson Public School. The lower field will feature sensory walls and climbing equipment. Outdoor play is an integral part of the programming at Jean Hanson Public School, enabling students to develop confidence, independence and social skills.

The new play space will foster communication, self-regulation and physical development, having a positive impact on mental health and well-being. It will also allow students to interact and have fun in a safe and inclusive space.

## Valley View Public School

Once complete, students at Valley View Public School will explore play in its many forms in a revitalized outdoor space behind the school.

The space will incorporate sensory elements with a balancing zone, trail with panels, and a water area. Music panels and drawing/crafting stations will inspire students to be creative. A gazebo and garden area will provide the perfect place to gather for reflection and mindfulness. Students will also engage in physical activity at the geodome climber, basketball court, gaga ball pits and soccer field.

## Manitoulin Secondary School

Auto shop upgrades have been completed at Manitoulin Secondary School, including a new drainage system and car hoist. A new plasma cutter has also been installed in the welding shop, giving students more opportunities to explore the trades.

## Assiginack Public School and Central Manitoulin Public School

Lockers have been replaced at Assiginack Public School and Central Manitoulin Public School. Washrooms have also been upgraded at both schools, including the addition of energy efficient fixtures as the Board continues to focus on sustainability.

## Charles C. McLean Public School

The ventilation system has been replaced at Charles C. McLean Public School. New propane boilers have also been installed. The basketball net has been relocated closer to the playground area.

## Lockerby Composite School

All mathematics classes at Lockerby Composite School have been relocated to the second floor in new classrooms. The remote learning room has been extended and converted into a modern science lab, and there is a dedicated space for Lockerby Robotics in the room next door.

A technology shop has been expanded for 21st Century learning. A 3D printer, fabrication space, and design-build area has been added to the traditional equipment. Another room in the area has been converted into a STEP Integration Room and Maker Space with more modern technology for the refreshed Science Technology Education Program.

The library has also been updated to make the space that much more welcoming for students.

In addition, renovations are currently underway to accommodate the MacLeod Child Care Program for infants to preschoolers at Lockerby Composite School.

The move will enable Jubilee Heritage Family Resources to offer more child care in the community, which is great news for families.

The child care centre will be located on the back northeast side of the school, with a separate entrance and parking. The School Age Child Care Program at MacLeod Public School will be expanded to respond to the growing need for before and after school programming.

## Parking lot improvements

The flow of traffic at Lasalle Elementary School, Lasalle Secondary School, Princess Anne Public School and Redwood Acres Public School is being enhanced with the completion of parking lot improvements. The outdoor work contributes to the creation of warm and welcoming spaces for students and staff.

## A word about accessibility

To learn more about the accessibility of school facilities, click here: <https://www.rainbowschools.ca/about-us/our-values/accessibility/>  
Please contact the school's main office if you require assistance.

## Drinking Water Reports available online

The Government of Ontario has introduced more stringent requirements for flushing and testing of drinking water taps in schools to reduce children's exposure to lead in drinking water. New amendments to Ontario Regulation 243/07 that took effect July 1, 2017 now require lead testing for all fixtures used to provide drinking water and/or prepare food or drink for children under 18. To access the legislation, a fact sheet for parents/guardians, and drinking water reports for Rainbow Schools, visit <https://www.rainbowschools.ca/parents/drinking-water-reports>

# Learning Together Resources for Home

Parental involvement improves student achievement.

With this in mind, we are sharing resources that parents/guardians can use to support their children at home.

These resources relate directly to what your child is learning at school.

Together, we prepare students to become lifelong learners, achieving their full potential as confident, caring members of society.

## Parental Involvement

# Improves Student Achievement

## Students benefit. Schools flourish.

**As a child's first teacher,** parents/guardians are important partners in the learning process. Your involvement in your child's education gives you the opportunity to strengthen that partnership and to be part of a team dedicated to building collaborative learning environments for young people.

When strong links are developed between home and school, students benefit and schools flourish. By supporting classroom lessons and reinforcing positive behaviour, you will be making significant contributions to your child's success inside and outside of the classroom.

All of us in Rainbow Schools are committed to working in partnership with parents/guardians. We encourage you to take an active interest in your child's education. The helpful hints and handy tips in this publication are designed to inform and inspire you to expand your roles as teachers, nurturers and mentors at home, at school and in the community.

## Volunteers Welcome

Volunteers are an essential part of Rainbow school communities. Across the Board, volunteers participate in a wide range of activities that support student success and enhance the quality of Rainbow Schools.

Good schools become that much better with the active participation of parents/guardians in special events, including school fairs, information nights and music, drama and sports activities.

*Contact your child's school for more information about how you can become a volunteer.*

[rainbowschools.ca](http://rainbowschools.ca)

## Board-wide events

- ♦ Take Our Kids to Work Day (Grade 9): November 6, 2024
- ♦ Technological Skills Competition: February 26, 2025 (*tentative*)
- ♦ RDSB Science Fair: March 4, 2025
- ♦ Sudbury Regional Science Fair: April 5 and 6, 2025
- ♦ Math, Science and Technology Olympics: April 16, 2025
- ♦ Earth Day: April 22, 2025
- ♦ Joan Mantle Music Trust Community Concert: April 26, 2025
- ♦ Music Monday: May 5, 2025
- ♦ Education Week: May 5 to 9, 2025
- ♦ EcoSummit: May 8, 2025
- ♦ Elementary Entrepreneur Fair: TBA
- ♦ Sharing Dance Day: June 6, 2025
- ♦ Mock Trial Competition: TBA

## Triple P: Positive Parenting Program

Sudbury / Espanola / Manitoulin

Triple P aims to help you:

- ♦ Raise happy, confident kids
- ♦ Manage misbehaviour so everyone in the family enjoys life more
- ♦ Set rules and routines that everyone respects and follows
- ♦ Encourage behaviour you like
- ♦ Take care of yourself as a parent
- ♦ Feel confident you're doing the right thing

## Parenting Support Programs

All families are different. For this reason, a range of community supports are available.

Choose anything from single visit consultations to public seminars, group courses to private sessions.

Visit [parenting4me.com](http://parenting4me.com) to select a local provider or to register for online services.

# Improves Student Achievement

## Support 100% Attendance

Some types of absences are unavoidable, but taking students out of school unnecessarily is disruptive for learning and reduces chances for success.

Chronic absenteeism is an outcome of frequently missing on school days either by arriving late, departing early or being absent from school days. You can promote strong attendance patterns by reinforcing with your child the importance of being at school every day and on time.

Students need to be present to learn.

## Encourage personal best

Help your child by encouraging them to do the best in school and at home. Remember, personal best does not mean perfect, and learning is not the same as high grades. Children, like adults, need the freedom to make mistakes and to learn from them.

## Make learning a priority

Your attitude towards school attendance, education and involvement in the school makes a strong and lasting impression on your child. Show your child, by example, that learning is a priority.

## Schedule study time

Set up an area for homework away from noise and distractions. Post a family calendar that schedules school project deadlines, after-school activities, mid-term dates, exam periods and report card dates.

## Show interest in school work

- ♦ Talk about school each day.
- ♦ Ask to see class work.
- ♦ Have your child read aloud to you.
- ♦ Show appreciation for good efforts.
- ♦ Read to and with your child from a variety of material.
- ♦ Encourage your child to discuss new ideas and opinions.

## Make direct contact with the school

Try to make early and positive contact with your child's teacher. Visit the school or phone your child's teacher with any questions or concerns.

## Offer suggestions for success

Help your child use the following strategies to improve performance in school:

- ♦ Read the assignment when it is given.
- ♦ Keep a list of new vocabulary.
- ♦ Review notes before a test.
- ♦ Proofread assignments to catch errors before completing a final draft.

## Help set goals

At the beginning of each term, help your child identify three or four goals. Put the goals where they can be frequently seen. (The refrigerator is always an excellent spot.) Make sure the goals are specific.

## Get involved

Attend school activities such as information nights, parent/teacher interviews and School Council meetings. When your children see you involved, they will also see education as a high priority. Encourage your child to join school clubs, teams or activities.

**When YOU value education, your CHILD values education.**

**All students will receive a card calendar for 2024-2025.**

*Please keep it in a handy place so you can reference it throughout the school year.*

## FREE Math Tutoring

Students in Grades 4 to 12 can take advantage of FREE online help with math.

## Math is fun and interactive.

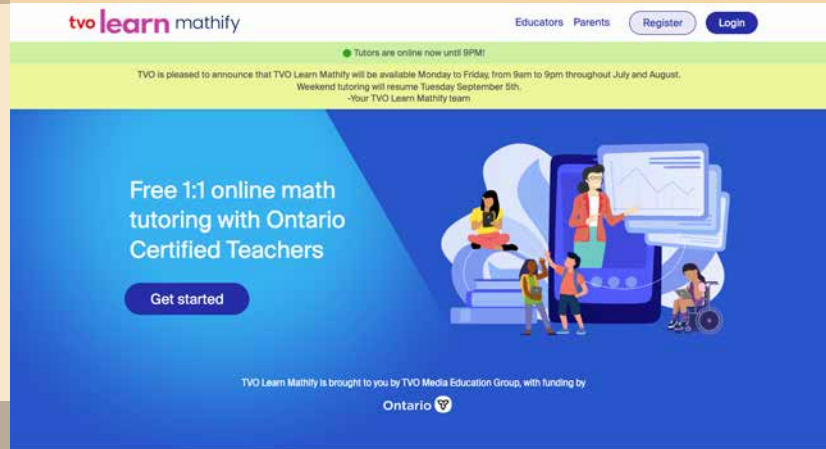

To support your child at home, it's important to understand why and how.

The Math at Home Tip Sheets and math games will show parents/guardians how to make math fun and engaging.

To access the tip sheets and the games, click on the Parents section at [rainbowschools.ca](http://rainbowschools.ca).

*Math at Home is a Rainbow District School Board Parent Involvement Committee project funded by the Ministry of Education Parent Engagement Office.*

### What is TVO Learn Mathify?

TVO Learn Mathify provides FREE online math help for Ontario students in Grades 4-12. Access our math tutoring website from any digital device, whenever you need the help.

Students use TVO Learn Mathify to:

Get homework help for math

Prepare for math tests

Ask clarity on math concepts

Visually sketch math problems

TVO's Mathify is the new revitalized Homework Help program.

This online platform continues to offer free online math tutoring from Ontario certified teachers.

Tutors are available:

- ◆ Monday to Friday from 9 am to 9 pm
- ◆ Sundays from 3 pm to 9 pm

The website features an interactive whiteboard, full two-way audio chat rooms, is accessible through a phone, tablet or computer, has image upload capabilities and much more.

Funded by the Ontario government and administered by TVO's Independent Learning Centre, Mathify can be accessed at [tvomathify.com](http://tvomathify.com).

# School Councils and the Parent Involvement Committee

Sign up for  
School Council  
by completing  
this form.

**In Rainbow Schools**, we believe that education is a shared responsibility between the home, the school and the community. Supportive parents, caring educators and active community members are partners in education working together for the benefit of children.

We welcome and encourage the participation of our partners in education in our schools and on our parent organizations, including School Councils and the Board-wide Parent Involvement Committee (PIC).

Access a directory of resources  
for parents at [rainbowschools.ca](http://rainbowschools.ca)

## What are School Councils?

School Councils are an important part of Rainbow Schools. Elected annually, they provide a forum through which members can contribute to improving student achievement and school performance.

Working in an advisory capacity, School Councils provide input and make recommendations to the school Principal and the Board on a wide range of topics. Examples of areas that may require consultation with School Councils include school budgets, school renovation plans,

provincial test results, student Code of Conduct and parental involvement.

If you are a parent/guardian interested in joining the School Council at your child's school, please complete a Self-Nomination Form and return it to the school Principal. If you know someone else who may be interested in joining the School Council, please complete the Candidate Nomination Form. Board staff and students interested in becoming involved in School Councils should contact the Principal of their school.

## What is the Parent Involvement Committee?

The Parent Involvement Committee (PIC) enhances the learning environment for students by engaging parents in Rainbow Schools.

The Parent Involvement Committee provides a regular opportunity for School Council members to network, share ideas, offer input and enjoy informative presentations on a number of education related topics throughout the school year. PIC makes parental engagement a priority by providing support on a system-wide basis and promoting dialogue between School Councils, the Board and members of the community.

## What role can you play?

Participating on School Council is a rewarding experience for those who value the opportunity to improve student success and enhance school communities.

By becoming involved, you will:

- ♦ Be an important partner in education
- ♦ Be a good role model
- ♦ Be a valued member of the school and school board community
- ♦ Contribute to the shared goal of ensuring continued excellence in education and the effective operation of schools
- ♦ Have the opportunity to provide your input on school related topics
- ♦ Have greater influence in education at the school, Board and provincial levels
- ♦ Make a difference in the education of your child and other children in your community

## The ABCs of parental partnerships

At home, at work or at school, there are many ways parents/guardians can contribute to their child's education.

### A At Home

- ♦ Work in collaboration with the school
- ♦ Read to and with your child
- ♦ Tutor your child and/or other students
- ♦ Refer to *A Guide for Students and Parents/Guardians* and [rainbowschools.ca](http://rainbowschools.ca) throughout the school year
- ♦ Involve your child in daily activities such as banking and cooking

### B At Work

- ♦ Display your child's work
- ♦ Support job shadowing
- ♦ Hire a summer student
- ♦ Offer Co-op or OYAP placement opportunities
- ♦ Organize workplace tours and visits

### C At School

- ♦ Volunteer to help out with school events
- ♦ Take part in fundraising activities
- ♦ Attend parent-teacher interviews
- ♦ Support the school's special presentations and programs for parents/guardians
- ♦ Attend information nights, school fairs, school concerts and sports activities
- ♦ Showcase your trade or profession at career fairs
- ♦ Coach a sports team
- ♦ Join a School Council
- ♦ Attend a Parent Involvement Committee (PIC) meeting

**Visit [rainbowschools.ca](http://rainbowschools.ca) and click on Parents for resources and helpful hints.**

***If you have any questions about homework, please talk to your school's Principal. To learn more, visit [rainbowschools.ca](http://rainbowschools.ca).***

# Parent Involvement Committee

**The Parent Involvement Committee (PIC)** provides a forum for School Council members in Rainbow Schools to network, share ideas and provide input.

Each School Council will appoint a parent member to attend a minimum of one Parent Involvement Committee meeting during the school year.

If you are a School Council member interested in joining the Parent Involvement Committee, please talk to the Principal of your child's school.

# Mark your calendar.

Plan to join us.

## Schedule of Meetings

2024-2025 School Year

**Tuesday, October 15, 2024**

**Annual General Meeting (in-person) - 6 pm**

Sudbury Secondary School, 154 College Street

Welcome from the Director of Education - 7 pm to 7:30 pm

Explore what's new at carousels - 7:30 pm to 8:30 pm

### Welcome from the Director of Education

Since becoming Director of Education for Rainbow District School Board in 2021, Bruce Bourget has led the renewal and implementation of Strategic Directions. Strategic Directions outlines the Board's vision, mission, values and priorities, and provides the compass that guides teaching and learning in Rainbow Schools.

All parents/guardians are invited to join us to get an inside look at what's happening in education today. Following

the Director's remarks, parents/guardians will be able to attend two carousels to learn more about the Board's priorities - Student Success and Achievement, Truth and Reconciliation, Literacy and Numeracy, Mental Health and Well-Being, Environmental Education and Sustainability, and Equity and Inclusive Education.

Please consider this your invitation to get involved in your child's education. "Together, we prepare students to become lifelong learners, achieving their full potential as confident, caring members of society." When the home and the school work in partnership, students thrive and schools flourish.

# Nut-controlled Schools

## TIPS for Packing

### Nut-controlled lunches and snacks

**READ all ingredient lists very carefully.** Although some food product labels note *may contain traces of peanuts*, this information is not consistently provided by all manufacturers.

**RE-CHECK the list each time you buy a product to make sure that the ingredients have not changed.** If you have questions about the product, contact the manufacturer directly. If you cannot contact the manufacturer, do not purchase the product.

**AVOID any products that do not carry a complete list of ingredients (e.g. on-site bakery and bulk food products).** As well, there is a much greater risk for cross-contamination with bulk food products. Safe foods become unsafe through contact with nuts or nut products. Keep this in mind when buying foods from bulk bins.

**PREPARE FOOD SAFELY.** Wash hands thoroughly and make sure that all cutting boards, food preparation utensils, counter tops and containers are clean and sanitized. Peanut residue can easily be passed on to other foods during preparation (e.g. don't dip the knife used to spread peanut butter in the jelly jar).

**TEACH children to wash their hands and faces well with soap and water before and after eating meals, both at home and at school.** Remind them not to share their lunch and snack foods, utensils or food containers with classmates.

**WORK with your school community to create a nut-controlled environment.**

**PLEASE DO NOT send peanut butter substitutes to school.** It is difficult to tell the difference between a substitute and real peanut butter. We cannot rely on labelling. Let's err on the side of safety.

## Asthma-Friendly Schools

### Many children have asthma.

Some asthma attacks can be life threatening. Rainbow District School Board staff receive asthma education and training on recognizing triggers and symptoms.

**Please contact your school Principal as soon as possible.**

If you are a parent/guardian of a child with asthma, we need your co-operation in providing the school with current medical information and in developing a plan with your child's Principal to protect your child.

**Please also contact the Sudbury Student Services Consortium at 705.521.1234 and inform your child's bus driver of your child's condition.**

Students under 16 years of age who have parental permission are permitted to carry their own asthma medication with them at school.

Students 16 years of age and older do not require parental permission.

## Plan of Care

Students with anaphylaxis, asthma, diabetes and epilepsy will have a personalized Plan of Care. The school Principal, parents/guardians, the student and relevant medical professionals will develop the Plan of Care collaboratively at the beginning of the school year. The Plan of Care will outline the student's medical condition, provide a detailed plan of care, and list the appropriate personnel with whom the plan is to be shared.

## Anaphylaxis Alert!

### Communities Working Together To Protect Our Children

Many children have allergies. Some allergic reactions can be life threatening. This medical condition is called anaphylaxis. Some children, for example, are severely allergic to nut products, including peanut butter or other severe allergens that may also lead to anaphylaxis. Even a tiny bit can be fatal within minutes.

Rainbow District School Board promotes co-operation towards nut-controlled schools.

### However, we cannot guarantee a nut-free environment.

We caution parents/guardians of an anaphylactic child that traces of nut products can be hidden. Students can fail to recognize they have nut products in their lunches, and/or students may not admit that they have nut products.

### Please contact your school Principal as soon as possible.

If you are a parent/guardian of a child with a life-threatening allergy, we need your co-operation in providing the school with current medical information and in developing a plan with your child's Principal to protect your child from danger.

**Please also contact the Sudbury Student Services Consortium at 705.521.1234 and inform your child's bus driver of your child's condition.**

## Avoiding Nuts in Schools

We encourage all parents/guardians to send foods to school without nuts or nut products.

- ♦ [www.allergyasthma.on.ca](http://www.allergyasthma.on.ca)
- ♦ [www.foodallergy.org](http://www.foodallergy.org)
- ♦ [www.anaphylaxis.org.uk/education/](http://www.anaphylaxis.org.uk/education/)

Parents may be asked to avoid packing lunches with other foods that could result in a severe allergic reaction for another student.

# Rainbow Schools

## About our logo

### The symbol

The apple is a long-standing emblem of the relationship between teacher and learner. The rainbow carved out of the apple and the series of pathways in the form of rainbows reflect the essence of Rainbow Schools - leaders in learning inspiring success for all students.

Students enter Rainbow Schools in Kindergarten and journey forward towards their destination of choice - independent living, work, apprenticeship, college and/or university. The pathways continue into infinity, a symbol of lifelong learning and learning for life.

The three lines that form the stem of the apple represent the Board's vast geographic coverage area (Sudbury • Espanola • Manitoulin), the levels of learning (Elementary • Secondary • Adult Education), and the programs offered (English • Core French • French Immersion).

The parallel lines illustrate equity and diversity in public education - the foundation for a democratic, prosperous, humane, just and respectful society.

### The colour

The logo is two variations of blue. The symbol, a vibrant and versatile sky blue, provides a perfect canvas for the stylized rainbows. The word mark, a traditional and timeless navy blue, offers maximum legibility for Rainbow Schools.

The colours of the rainbow come to life through the integration of four additional colours - red and yellow (primary colours) and purple and green (secondary colours.)

### The slogan

The slogan captures the Rainbow District School Board's vision and mission.

**Vision:** *We are leaders in learning, inspiring success for all students by reaching minds and touching hearts.*

**Mission:** *Together, we prepare students to become lifelong learners, achieving their full potential as confident, caring members of society.*

## Mental Health and Well-being

**Mental health and well-being are fundamental to student success, making them one of the six strategic priorities for Rainbow Schools.**

During childhood, mental health involves achieving developmental and emotional milestones, acquiring healthy social skills, and being able to experience and move through the full range of human emotions. It is essential to acknowledge that

some children and youth may encounter challenges with their emotions, thoughts, and/or behaviours. Early recognition of warning signs can result in early intervention, when necessary.

Rainbow Schools serve as optimal environments to promote student and educator mental health literacy, facilitate mental health awareness initiatives, and reduce stigma. Our dedicated team of mental health professionals within the Rainbow District School Board specializes in early identification, prevention, assessment, and intervention services. They have the expertise to deliver therapeutic interventions for students struggling with mild to moderate mental health challenges. Every school in the Rainbow District School Board is connected to a member of the Mental Health Team.

For students with significant mental health needs, our Mental Health Team and school staff work closely with families and community partners to ensure they receive additional support and care. Collaboration among all stakeholders is crucial in nurturing mental health and well-being. Parents, guardians, caregivers, and family members have a vital role to play in promoting mental health and noticing early warning signs if their child is struggling. By actively supporting their children, they contribute to their growth as learners and as mentally healthy and resilient adults.

Rainbow Schools are committed to providing a nurturing, inclusive and supportive environment for all students. Together, we can foster a community where mental health is prioritized and each student is empowered to thrive.

Visit <https://www.rainbowschools.ca/schools/mental-health-well/mental-health-resources/>.

**Access evidence-based information and resources relevant to your role at School Mental Health Ontario at [smho-smso.ca](https://smho-smso.ca).**

## Student Accident Insurance

Rainbow District School Board does not provide accident insurance coverage for student injuries that occur on school premises or during school activities.

### Accidents can and do happen.

Some injuries result in medical, dental or other expenses that are not covered by provincial health care or employer group plans. As a parent or guardian, you become responsible for these expenses.

Rainbow District School Board has an Accident and Life Insurance Program available for students. Participation in this program is voluntary and the costs are to be paid by the parent or guardian.

For your convenience, Rainbow District School Board has arranged a Student Accident Insurance Policy exclusively through Old Republic Insurance Company of Canada (Old Republic Canada). This program offers a variety of plans and benefits at affordable prices. Benefits include: dental expenses (resulting from an accident), total and permanent disability, paralysis/loss of use, special disability benefits and death benefits.

If your child participates in co-curricular activities or activities outside the school day, there is a plan tailored to your needs. All rates are one-time annual premiums.

The insurance agreement is between you and Old Republic Insurance Company of Canada (Old Republic Canada). If you wish to subscribe, apply directly online at [www.insuremykids.com](https://www.insuremykids.com).

**Any questions should be directed to:**  
**Old Republic Insurance Company of Canada**  
(Old Republic Canada)  
**Toll free at 1.800.463.KIDS (5437)**

**Learn more about Student Accident Insurance on our website [HERE](https://www.rainbowschools.ca).**

**Rainbow District School Board** brings learning to life in 29 elementary school buildings and 9 secondary school buildings. Approximately 14,383 students are enrolled in Rainbow Schools.

Rainbow District School Board covers a geographic area of 14,757 square kilometres in Sudbury, Espanola and Manitoulin.

Rainbow District School Board's approved budget for the 2024-2025 school year is \$249.3 million.

**myBlueprint** provides students in Grades 7 to 12 with a simple step-by-step approach to career and life planning. Students can build customized high school course plans, identify post-secondary options and explore valuable information about apprenticeships, college programs, university programs and workplace opportunities across Canada. With direct access from home, parents/guardians can also get more involved in their child's education.

## Getting Started Guide for Parents/Guardians

### EXISTING USER?

1. Visit [www.myBlueprint.ca/login](http://www.myBlueprint.ca/login)
2. Click on **School Account**. Log in and select Rainbow District School Board from the drop down menu.
3. Click **Log In with School Account** and select your rscloud email account.

**Forgot your password?** Click on "Forgot Password?"

### CREATE YOUR PARENT ACCOUNT

1. Visit [www.myBlueprint.ca/rainbow](http://www.myBlueprint.ca/rainbow)
2. Click the **Sign Up** tab in the top middle
3. Select your child's (**future**) high school from the list and click **Create Account**
4. Select your account type: Family/Advisor
5. Select **Student's grade range**, then **Continue**
6. Fill out the sign up pages, then **Continue**
7. You can add your child's Rainbow District School Board email address to link to their account.
8. Click **Continue**

#### Don't know your child's email address?

Follow the "Link with your Child" instructions below.

### LINK WITH YOUR CHILD (Optional)

If you did not link to your child's account at sign up, follow these steps:

1. Log in to your account
2. Click **Add Student**
3. Enter their Rainbow District School Board email address and click **Add Student**
4. Once matches are found, it will send a request for approval.

### EXPLORE STUDENT FEATURES

From your Dashboard, click Go to Student View to access a demo student account to explore the features of myBlueprint.

- ♦ **Post-secondary** – compare detailed information on apprenticeships, college programs, university programs and workplace sectors across Canada
- ♦ **Who Am I** – complete six unique assessments for self-exploration and discovery (including Learning Styles, Myers-Briggs Personality, Holland Interests, Knowledge, Motivations, and Compatibility) and be matched with suited occupations
- ♦ **Goals** – add interactive SMART goals and action plans
- ♦ **High School** – visually plan courses, track progress toward graduation, and instantly identify post-secondary eligibility for opportunities in every pathway
- ♦ **Occupations** – compare comprehensive information on occupations
- ♦ **Résumé and Cover Letters** – record experiences, build a résumé, write a cover letter
- ♦ **Money** – build a budget to track income and expenses
- ♦ **Job Search** – find real-world job postings that relate to occupations of interest
- ♦ **Portfolios** – create multiple portfolios (e.g. personal or career portfolios) and share them with parents, teachers or future employers

## SchoolCash Online

For safety and efficiency, Rainbow Schools encourages parents to pay for school fees and items through SchoolCash Online to reduce the amount of cash and cheques coming into schools.

Through SchoolCash Online, parents can pay for field trips, yearbooks, school clothing, activity and athletic fees, and more.

**It takes less than 5 minutes to register.**

SchoolCash Online helps parents and community members pay school-related fees safely, quickly and easily. In addition to convenience for yourself, you will help increase efficiency and security at your school by making payments directly into your school's bank account. This allows teachers and office staff to focus on helping students, and not counting cash. In addition, you are immediately informed about school activities.

**SchoolCash Online is as easy as 1, 2, 3:**

1. Receive email notifications of new fees or items available for purchase, including field trips, yearbooks, spirit wear, athletic fees, and more.
2. Pay for school fees anytime, anywhere, with a simple click.
3. Keep track of all school items and activity fees, and manage all students in your household from one location.

We encourage all parents/guardians to register now, so you'll be ready to make online payments from home.

Registering for SchoolCash Online is safe, simple and secure.

## Rainbow District School Board is inviting students from around the world to live in Sudbury and learn in Rainbow Schools.

Students will enjoy the excitement of an urban environment with the comfort and safety of small-town living.

Students may apply to earn credits over the course of one or more semesters, or participate in a short-term culture and language immersion program.

International students, from Grades 7 to 12, will have a broad selection of courses to choose from, including the International Baccalaureate Program and Advanced Placement Program.

Support with learning English will enable students to build a foundation for success in their overall studies.

Learning alongside students from around the world enriches students in Rainbow Schools, as they develop global competencies and/or intercultural understanding.

## Why study with Rainbow International?

- ♦ Rigorous academics with extensive university/college preparation
- ♦ Direct access to post-secondary university/college education
- ♦ Comprehensive industry and university/college Co-operative Education opportunities
- ♦ Supportive English Language Learning programs
- ♦ Low ratio of international students to Canadians
- ♦ Modern approach to 21<sup>st</sup> century education
- ♦ High quality educators
- ♦ Purposeful educational activities that tackle relevant global challenges
- ♦ Leadership challenges that promote volunteerism and diversity

Rainbow Schools are exciting places to be, where diversity is valued and celebrated, and learning is relevant and fun.

To learn more about the program, please email [info@rainbowschools.ca](mailto:info@rainbowschools.ca).

## Welcome Centre

Rainbow District School Board has launched a Welcome Centre for newcomers.

The Welcome Centre is located at the Davidson Street Entrance of Sudbury Secondary School near the Adult Day School.

All newcomers looking to register their children in Rainbow Schools can make an appointment to receive support with the registration process.

The Welcome Centre is open Monday to Friday from 9 am to 1 pm.

As more and more newcomers make Greater Sudbury their home, we want them to feel safe, valued and supported.

The Welcome Centre provides a convenient space for newcomers to meet a friendly face to ensure they experience a successful transition.

The family's journey to Canada, student academic history, and proficiency in English will be reviewed as part of the registration process.

Rainbow District School Board is proud to partner with Sudbury YMCA to support families who are new to Greater Sudbury.

Part of this partnership includes access to the YMCA's Settlement Workers in School program (SWIS).

Settlement Workers provide services to newcomer families to help them integrate into their new community and new school.

These services include hosting information sessions or attending school meetings to help newcomers navigate the education system, supporting school registrations by assisting with student educational requirements and education terminology, attending parent-teacher interviews, and introducing newcomers to support systems within the school and the community.

To learn more, please call the Welcome Centre at 705-675-0218, email [welcomecentre@rainbowschools.ca](mailto:welcomecentre@rainbowschools.ca) or visit <https://international.rainbowschools.ca/>, where newcomers can access information in multiple languages through Google Translate.

## World Class Education

International students have access to the Rainbow District School Board's specialized programs, including:

- ♦ the International Baccalaureate Program (IB)
- ♦ the Arts Education Program
- ♦ the Science Technology Education Program (STEP)
- ♦ the Innovative Integrated Technology Program (InIT)

International students may also participate in Specialist High Skills Majors and Dual Credits.

## Globalized Classrooms

Rainbow District School Board nurtures global citizens through a comprehensive 21<sup>st</sup> century education.

Welcoming students from around the globe into classrooms enriches Rainbow Schools as students learn through diversity in experience and perspective.

Rainbow District School Board's commitment to international education directly aligns with the goal of developing in all students the global competencies of character, citizenship, communication, collaboration and creativity.

# Attention Parents/Guardians

## Important Dates

Please ensure your child is at school to write these important provincial assessments administered by the Education Quality and Accountability Office.

### Assessments

Primary EQAO Assessment	May 7, 2025 to June 11, 2025
Junior EQAO Assessment (reading, writing and math)	May 7, 2025 to June 11, 2025
Grade 9 math EQAO Assessment	<b>Semester 1</b> January 8 to 31, 2025
	<b>Semester 2</b> May 28 to June 25, 2025

### Literacy Test

Ontario Secondary School Literacy Test	<b>Fall 2023</b> November 5 to December 3, 2024
	<b>Spring 2024</b> March 18 to April 15, 2025

*Successful completion of the OSSLT is a graduation requirement in secondary schools.*

## Secondary School Information Nights

Information nights in Rainbow Secondary Schools will give students and their parents/guardians an opportunity to ask questions and explore options. All Grade 8 students and their parents/guardians are invited to participate in these evening sessions, regardless of which elementary school students currently attend.

Lively District Secondary School .....	November 27, 2024
Confederation Secondary School .....	December 5, 2024
Lasalle Secondary School .....	December 5, 2024
Sudbury Secondary School .....	December 11, 2024
Chelmsford Valley District Composite School .....	January 15, 2025
Lo-Ellen Park Secondary School .....	January 15, 2025
Lockerby Composite School .....	January 16, 2025
Manitoulin Secondary School .....	February 12, 2025
Espanola High School .....	February 13, 2025

*Please contact schools for start times.*

## Inclement Weather

In the event of inclement weather, listen to the radio for cancellation of buses and classes, visit [www.businfo.ca](http://www.businfo.ca), or follow @bus\_info1 on X (formerly Twitter).

In the interest of the safety and well-being of staff and students, classes will be cancelled when weather conditions warrant such action.

To find out if schools are closed or buses are operating, please listen to the radio. Every attempt will be made to announce class cancellations on the various radio stations by 7 am.

When transportation is cancelled, Rainbow District School Board staff are expected to report to work.

**For school bus cancellations and school closures, visit [rainbowschools.ca](http://rainbowschools.ca) and click on Transportation.**

*If you would like inclement weather notices emailed to you, please contact the Sudbury Student Services Consortium at [transport@businfo.ca](mailto:transport@businfo.ca).*

## Parents/guardians of elementary students

Please notify your child's school of all absences, including when your child will be absent because transportation has been cancelled. *This is very important for our safe arrival program.*

In extreme conditions, there may not be anyone present to receive students upon their arrival. It's important for parents/guardians to note that students will only be admitted to school when accompanied by a teacher or other person authorized by the Principal.

So please listen to the radio in the event of inclement weather. If classes are cancelled, please do not bring your child to school.

If schools are open but buses are cancelled and you drop your child off, please remember that you must pick your child up at the end of the day.

## First Semester

### Secondary School

September 3, 2024 to January 30, 2025

## Second Semester

### Secondary School

January 31, 2025 to June 27, 2025

## Examination Days

### Secondary School

January 24 to 30, 2025

June 23 to 27, 2025

### Please Note:

Parents/guardians are asked to note examination dates and avoid scheduling vacations during this period.

## Professional Activity Days

August 30, 2024	January 31, 2025
September 27, 2024	March 31, 2025
November 1, 2024	June 6, 2025
November 29, 2024	<b>Learn more about PA Days.</b>

## Board Meetings

Board meetings are open to the public. Meetings are held at the Centre for Education, 408 Wembley Drive in Sudbury, on Tuesdays beginning at approximately 5 pm.

**Regular Board meetings in the Ernie Checkers Boardroom are livestreamed and archived.**

Please confirm location and start time by calling 705.674.3171, ext. 7236 or visit our website [rainbowschools.ca](http://rainbowschools.ca).

### Schedule of Meetings

August 27, 2024	January 21, 2025
September 24, 2024	February 18, 2025
October 22, 2024	March 25, 2025
November 19, 2024	April 22, 2025
December 10, 2024	May 20, 2025
	June 24, 2025

**Strategic Planning Committee meetings are livestreamed. Visit [rainbowschools.ca](http://rainbowschools.ca) for a schedule of meetings.**

## Transportation

The Sudbury Student Services Consortium oversees the transportation of close to 20,000 students on 400 school purpose vehicles daily for the four area school boards in the Sudbury, Espanola, Massey and Manitoulin Districts.

For more information about transportation, including student eligibility, the new mTransport app to ensure student safety, and bus cancellation procedures, please call the Sudbury Student Services Consortium at 705.521.1234 or toll free at 1.877.225.1196 (from 7 am to 5 pm, Monday through Friday), email [transport@businfo.ca](mailto:transport@businfo.ca) or visit [businfo.ca](http://businfo.ca). For bus cancellations, visit [businfo.ca/en/](http://businfo.ca/en/). Follow @bus\_info1 on X (formerly Twitter) for inclement weather days.
