## **ENGLISH PROGRAM**

The English Program includes a Core French component beginning in Grade 4. Students are introduced to the French language through songs, games, drama and interactive activities for a specified period of time daily.

## **FRENCH IMMERSION**

French Immersion provides children with an enriching experience that immerses them in the French language and French culture from their first day of school.

English language instruction is introduced in Grade 3 and gradually builds to a balance of French and English instruction by Grade 5. This ensures that students gain effective bilingual skills.

This program is designed for English and French speaking parents/guardians so they can support their child to become bilingual.
