Parents/guardians

can enroll their children in the English Program or the French Immersion Program.

The English Program is exclusively in English and includes a Core French component, which begins in Grade 4. Students learn basic French through songs, games, drama and interactive activities for a specified period of time daily.

The English Program includes Core French starting in Grade 4.

French Immersion immerses children in the French language, including cultural experiences, when they begin school. English language instruction is introduced in Grade 3 and gradually builds to an equal balance of French and English instruction by Grade 5. This ensures that students gain effective bilingual skills. This program is designed for English speaking parents/guardians so they may support their children to become bilingual.

French Immersion provides a balance of English and French instruction.

Register early to reserve your spot for Kindergarten Orientation in May 2027.
